AFFAIRS AT HOME.

HEAVY Loss .- Mr. Christian Pottartl, of this place, lost last week \$2,200 in the following manner :- On Tuesday he drew from the Middictown Bank the amount named, in currency, among which were \$650 on the Harrisburg Bank. On the same day he came to Harrisburg and got gold for the \$650 at the bank .-The next, Wednesday, morning at 3 o'clock, he took the cars coming west. Before he left the hotel, finding his money a little bulky, he wrapped the whole of it together, put it in the side-pocket of his overcoat, rolled the coat up and placed it, wrapped up in a couple of shirts, in his carpet sack. This he did in his room, where no one could see him. He went to the station when the cars came in, at the time designated above, and whilst putting a band-box and another package in the baggage car and getting checks for the same, he set his carpetsick down. At the moment when he was doing this, the whistle blew, and hastily picking up what he supposed to be his carpet-sack, entered the car. When day dawned, he for the first time discovered that, instead of having his own carpet-sack, containing the \$2,200, he had another. By this time the cars were somewhere in the neighborhood of Lewistown. He immediately went through the cars to see if he could discover his property in the possession of some one else. He continued his journey to Altoona, where, not having been able to find it, he made his loss known, and took measures to have it hunted up. Whether Mr. Pottarff, in the hurry, accidentally picked up the wrong carpet-sack, or whether some sharper was aware of him having the money in his, and in the few seconds during which he had set it down, took it up and replaced it with another, as is frequently done, cannot yet be decided. Mr. Pottarff's greatest hope of recovering his money rests upon the probability of his having himself taken the wrong sack. The loss is a heavy one, and every one who is acquainted with Mr. P. will undoubtedly regret it sincerely. Mr. Pottarff offers a reward of \$200 for the recovery of the money.

I. O. O. F .- At a regular meeting of Cherry Tree Lodge, No. 417, I. O. O. F., held May 9th, 1856, the following preamble and resolutions were offered, and accepted by the Lodge. WHEREAS, an All-Wise and Inscrutable Providence has suddenly removed, from his sphere

of usefulness, on earth, our well beloved brother, NATHANIEL HUGHES of Cherry Tree Lodge, No. 417, L.O. O. F:

Resolved, That in N. Hughes, while living, we recognized a brother of nobleness-a phiathropist-an Odd Fellow, practicing the principles of F. L. and T.

Resolved. That, while our sister, the wife of the deceased, mourns the loss of a kind and afbest of fathers, our Lodge laments the loss of an excellent member, and the community a most valuable citizen.

Resolved. That we extend to the afflicted family of the deceased our hearty commiseration and warmest sympathy-that, from a long and intimate acquaintance with him, we feel in-tified in the belief, that he has gone "where the wicked cease to trouble, and the weary are at

Resolved, That, in respect for the deceased. our Hall be clothed in the habiliments of mourning, for thirty days.

Resolved, That a copy of these resolutions

be given to the widow of our deceased brother that they be recorded on the minutes of our Lodge, and copies furnished the "Democrat & Sentinel," and "Raftsman's Journal," for pub-P. G. Gid. Kinports, P. G. R. H. McCormick, ()

THE COLD .- During a portion of last week, we were treated to a spell of cold weather, and on Friday the air was filled with snow. Fires were suddenly kindled up, and heavy clothing immediately brought into requisition. Men, women and children, whenever seen out-doors, were shivering and shaking as if they were afflicted with the ague. The fruit, it is feared, is all destroyed, though we hope it may not be. Vegetables and garden productions generally are frozen. On Friday, the mercury in the thermometer was at the middle of the day not higher than 44 deg. above zero. And this at the end of "the merry month of May." --What a great "kedentry!" this is!

AMBROTYPES .- By an advertisement in today's Journal, it will be seen that Mr. W. T. Purviance is at present engaged in taking ambrotype likenesses. There is one quality about these likenesses that is preferable to the daguerreotypes-and that is, they cannot be easily destroyed. A visit to Mr. P's rooms will well repay any one who may be desirous of having fikenesses taken. We would state that Mr. Purviance is a good artist, and will undoubtedly render satisfaction.

COMMENCED .- We have learned that the engineers of the Tyrone and Clearfield Railroad have commenced locating that portion of the toad, near Philipsburg, where the heaviest work will be, preparatory to letting. We understand also that quite a number of shares of stock have been taken by merchants in Philadelphia, and that others will follow their example as soon as an opportunity for doing so presents itself. "The work goes bravely on."

MAYING AT CURWENSVILLE .- We understand that the schools of Miss Lamburn and Mr. Rote in Curwensville, together with a number of the citizens of the place, had a fine pic-nic party on last Saturday. They assembled in the grove to the south of the town, where some hours were pleasantly spent by all who participated. Everything passed off satisfactorily and agreeably.

EVERYBODY'S INTEREST .- We invite attention to the advertisement in this paper, headed "A money making trade for one dollar."-The book contains many valuable recipes, which it might be well enough for everybody to have.

A FARM in Penn township, and a two story BACON!—On hand and for sale, a lot of first rate Hams, Shoulders and Sides, at the sign frame house in Lawrence, are offered for sale by L. J. Crans, Esq., as will be seen by reference to advertisments in to-day's Journal.

A HUMAN LIFE SAVED! Dowagiac, Mieb., March 11, 1856. J. A. RHODES, Esq : Dear Sir-As I took your medicine to sell on consignment, "no cure no pay,"

I take pleasure in stating its effects as reported to
me by three brothers who live in this place, and their testimony is a fair specimen of all I have received

W. S. Conklin told me-"I had taken nine bottles of Christie's Ague Balsan, and continually run down while using it until my lungs and liver were Congested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill. The doctors too did all they could for me, but tho't sonable prices. Their stock is extensive, embrac-ing EVERY VARIETY and STYLE of LADIES' Rhode's Fever and Ague Cure, which at once re-and GENTLEMEN'S WEAR, to which they would lieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time.

H. M. Conklin says: "I had been taking mediine of as good a doctor as we have in our county, and taken any quantity of quinine and specifies without any good result, from 25th August to 17th December. But seeing how nicely it operated on variety of Boats and Shoes at as reasonable pri-ces as they can be procured elsewhere. Their gue Cure, which effected a permanent cure by using two-thirds of a bottle.

8. M. Conklin was not here, but both the other brothers say his case was the same as H. M's, I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify. Yours with respect,
A. HUNTINGTON.
The above speaks for itself. Good proof as it is

is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me. One thing more. Last year I had occasion to caution the public in these words :- "Inoticeone firm cho have taken one of my general circulars, subtituted the name of their nostrum for my medirine, and then with brazen impudence end their pamphlet with the exclamation. Let the proprietor of any other medicine say as much if he dares we Now I take pleasure in saying that the caution referred to the same-"Dr.Christie's Ague Balsam'

that is mentioned in the above certificate. There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Antilote to Malaria, except the certificates of cures, and the certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its perfectly harmless character, which is attached to every bottle. These will always serve to distinguish my medicine from imitations. JAS. A. RHODES, Proprietor, Proxidence, R I
