THE JOURNAL.

AFFAIRS AT HOME.

THE CROPS.—Passing, a few days since, through a portion of the western part of this county, we paid some attention to the appearance of the crops, which indicates that the season is very backward. The wheat is short and thin, yet what there is of it may turn out pretty well. The rye does not present a vigorous growth, the stalk being light, and the head small. We, however, observed a few fields that looked well. The corn is very short, but looks hardy and vigorous, and if the weather continues favorable, may yet mature and produce a good return. The oats and grass crops, as a general thing, look well.

CONGRESSIONAL CONFERENCE.—The Americans and Republicans of Clarion held a County Convention on the 19th, at which A. Myers, Samuel Young and P. M'Gough were appointed Congressional Conferees to meet at such time and place as may be fixed upon in connexion with the other delegates. The conferees meet at Brookville on the 1st of August. Some immediate action should be taken to have Clearfield represented in the conference.

FOURTH OF JULY.—The Ladies of Cherry Tree are preparing a Dinner for the benefit of the new Presbyterian church erecting in that place. They will spare no pains or expense to make it as attractive as possible. We hope that many will take this opportunity of visiting Cherry Tree, as they cannot find a more pleasant retreat for observing the ordinary annual festival of our Country's Independence. Single tickets, Fifty cents.

"HAT'S SO."—H. D. Patton has received at his store room in Clarionville, one of the largest and choicest stocks of Seasonable Goods in the county. He has a very large variety of articles, all designed to accommodate the wants of his customers, which he will sell at prices to suit the times. Attention is directed to his advertisement in another portion of this paper.

APPLICATION FOR A BANK CHARTER.—By a reference to an advertisement in to-day's Journal it will be seen that application will be made to the next Legislature for a charter for a bank in this place, to be called "The Clearfield Bank," with a capital of \$100,000, with the privilege of increasing it to \$200,000.

CHANGED.—The time for holding the next term of Court in this county, we understand, has been changed from the third Monday in September to the third Monday in August. Some change has also been made in the time for holding the other terms, of which notice will doubtless be given in good season.

A FEW DAYS SINCE, the relative merits of raw and cooked oysters were being discussed, when a sprig from the Emerald Isle was asked if they ever eat raw oysters in Ireland, to which he replied that "Divil the bit wid they know what a raw oyster was unless it was cooked!"

WENT OVER.—This morning, as Dr. Hartwick was returning from a professional visit to the country, his horse, shying at a woman with a basket, ran over an embankment several feet high, and turned entirely over. The Doctor escaped with a few slight bruises.

CORNUS SHOWERS have fallen in this section of country within the last week, imparting vigor and facilitating the growth of vegetation of all kinds.

LUMBERMAN'S MEETING. There will be a meeting of Lumbermen held at the Court House in Clearfield Borough, on the 4th of July, for the purpose of adopting measures to prevent the floating of loose logs in the Susquehanna river. All interested are requested to attend. (June 25)

MARRIED: On the 24th June, at the residence of John L. Cuttle, Esq., in the Borough of Clearfield, by the Rev. Dr. McLeod, of St. Andrew's Church, BENJAMIN J. BERRY, M. D., of Centre county, to MARY ANN CUTTLE, of this borough. If there is any couple within the circle of our acquaintance that we can heartily wish an unbounded degree of earthly felicity, it is this one, and we trust their future may be as bright and pleasant as the morning of life. We received some excellent cake with the notice, for which we tender our thanks.

ESCAPE OF PRISONERS IN MEXICO.—John A. Cullen, of Virginia, and E. J. Wilson, of Kentucky, two of the passengers of the barque Archibald Gracie, seized some six months ago at La Paz, Mexico, as a filibuster, have arrived at New Orleans. All on board the barque were thrown into prison, and have ever since been confined. Recently, however, six of them made their escape, and the two referred to allege that, after travelling a dreary journey on foot of some 1500 miles through Mexico, they reached Vera Cruz, and there embarked for New Orleans. They describe their treatment and that of their comrades in prison as heartless and inhuman, and complain bitterly of the indifference of our government to their fate.

ARRIVAL OF MR. FILLMORE.—The steamer Atlantic arrived at Sandy Hook on the night of the 22d, having on board ex-President Fillmore. In a letter published in the N. Y. Express, received by an earlier arrival, Mr. Fillmore says, as he has been placed in nomination without his desire, he will remain there, unless his withdrawal is desired by his friends who placed him before the public as a candidate.

POSSIBLE.—The New York Day Book, a Buchanan paper says: "The time is close at hand when such statesmen as Sumner and Hale will have justice, full justice done them, when, in short, an Abolitionist will be lynched as readily in New York and Boston as in Charleston or New Orleans."

CLIPPINGS AND SCRIBBLINGS.

Our respected friend "Sagacity," is in ecstasies over the recent nominations for President and indulges frequently in shouts for Millard Fremont!

ANOTHER FIRE occurred at Brookville, Jefferson county, on the 16th, by which the steam saw mill and the water mill of L. H. Litch & Co., were destroyed, involving a loss of about \$10,000.

WHILE the Cincinnati convention was in session, some locofocos at Lebanon made bets on the final result, one of which was a day's wages. The Buchanan man having won, the Pierceite tendered him "ten cents," alleging that that was Buchanan wages.

A COMPANY of 35 young men, mostly mechanics, has been formed at Dayton, O., who intend to start forthwith for Kansas, via Iowa and Nebraska. The citizens have contributed about \$5,000 to pay their expenses.—They go out as actual settlers.

BRUCEBRIDGE, the Locofoco candidate for Vice President, when in Congress two years ago, sent a challenge to Mr. Cutting, of New York, to fight a duel. We shall see how those locos who had such a horror of supporting the "duellist Clay," will swallow this fact.

JAMES J. STRANG, a Mormon leader, was shot at Beaver Island on the 16th, by two of his former followers. He received three balls in the body and a severe blow from a pistol on the head. Strang was lying in a very critical condition. The assassins have been arrested.

ANOTHER attempt will be made shortly to lay a chain cable for a telegraph across the Atlantic. The cable will be 2400 miles long, and two steamers, each with 1200 miles of cable, will meet midway between Ireland and Newfoundland, unite the cables, and proceed in opposite directions to land.

CENTRAL AMERICA.—From Nicaragua we learn that General Walker had removed his headquarters to Leon. There was some sickness among the troops. It was rumored that a revolution had broken out at Costa Rica during Mora's absence, which it is said was headed by an influential family named Castro.

TENANT HOUSES.—An Anglo-French company is putting up a large number of model tenant houses in the Champs Elysees in Paris. A peculiarity of the scheme is that the tenant, after occupying the same house for a period of ten, twenty, or thirty years, according to the worth of it, and regularly paying his annual rent, will own the house in fee.

MEXICO.—Intelligence from Mexico indicates that much alarm is felt by the government respecting the Spanish expedition, and foreshadows an application for the protection of the United States. Southern Members of Congress suggest the granting of protection on the condition of a cession to us of the Tehuantepec route, with the circumjacent territory.

BILLS of indictment have been found against the Directors of the Camden and Philadelphia Ferry Company, charging them with manslaughter in negligently equipping the steamboat New Jersey, burnt in March, thereby causing death; also with misdemeanor in neglecting the same, they being carriers of passengers. The Superintendent, Andrew B. Frazer, is also indicted in similar bills.

AN IMPUDENT THREAT.—The recalcitrant Whig, Thomas Butler King, a Pennsylvanian by birth, but a Georgian by residence, told the Buchanan ratifiers in New York that the South would be with them throughout the glorious contest. He also added: "Any man who does not go with the South in this contest will be set down as desiring the dissolution of the Union." This then is a war waged for the South.—Who said "SECTIONAL PARTIES."

The Hollidaysburg Standard states that Davis shot Johnston with a musket, that belonged to Capt. Walls, which he had aboard of a Canal boat, and loaded for the purpose of shooting muskrats. It was one of an old condemned lot sold by the State at Harrisburg some five or six years ago. As a singular coincidence, it is stated that Hutchison shot Edmondson with a musket out of the same lot, and within but a few feet from where Davis shot Johnston.

NEBUCHADNEZZAR.—It is stated in the London Atlas, that Colonel Rawlinson has lately discovered in a state of perfect preservation, what is believed to be the mummy of Nebuchadnezzar. The face of the rebellious monarch of Babylon, covered by one of those gold masks usually found in Assyrian tombs, is described as very handsome—the forehead high and commanding, the features marked and regular. A post mortem examination has been made and the stomach found full of grass.

A FRAUD.—A man has been arrested in New York, charged with having attempted to defraud an aged gentleman, residing on Long Island, of property valued at \$100,000. It is stated that the offender induced the old man to visit his house, and while there, he drugged him with liquor from day to day for 4 weeks, and then induced him to sign a power of attorney, by which his property was to have been sold. Before the sale took place, the old man rallied, and the accused was arrested and held to bail.

HORRID INHUMANITY OF A STEP-MOTHER.—A recent trial before the Hardin (Ky.) County Court has developed a systematic course of cruelty by a Mrs. Hubbard, toward her step daughter, a girl of thirteen years, that exceeds anything of which we have ever read. It appears that for two years past, the young girl has been subject to constant dyspepsia, and to occasional convulsions, with the most excruciating pains in her stomach. Recently she vomited up thirty-three pins of various sizes, and five needles issued from her side. This led to an investigation, in the course of which the girl stated that her mother, assisted by another woman, had at different intervals thrown her down and compelled her to swallow pins and needles. Since the girl's stomach has been relieved of the pins her general health is rapidly improving.

A HUMAN LIFE SAVED! J. A. RHODES, M.D., of Clearfield, Pa., has just returned from a visit to the West, where he has been practicing medicine to sell on commission, "no cure no pay." I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have received. W. S. CONKLIN told me: "I had taken nine bottles of Christie's Aque Balsam, and continually run down while using it until my lungs and liver were completely exhausted, and I was discharged from my mouth and bowels, so that all thought it impossible for me to live through another chill." The doctors too did all they could for me, but they did me no good. Nothing did me any good until I got Rhode's Fever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time. H. M. CONKLIN says: "I had been taking medicine of a good doctor, but it had no effect on me, and taken any quantity of quinine and specifics without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of Rhode's Fever and Ague Cure, and in a few days I was cured, permanent cure by using two-thirds of a bottle."

CONKLIN says: "I had been taking medicine of a good doctor, but it had no effect on me, and taken any quantity of quinine and specifics without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of Rhode's Fever and Ague Cure, and in a few days I was cured, permanent cure by using two-thirds of a bottle."
