AFFAIRS AT HOME.

THE CROPS .- Passing, a few days since, through a portion of the western part of this county, we paid some attention to the appearance of the crops, which indicates that the season is very backward. The wheat is short and thin, yet what there is of it may turn out pretty well. The 1ye does not present a vigorons growth, the stalk being light, and the head small. We, however, observed a few fields that looked well. The corn is very short, but looks hardy and vigorous, and if the weather continues favorable, may yet mature and produce a good return. The oats and grass crops, as a general thing, look well.

CONGRESSIONAL CONFEREES .- The Americaus and Republicans of Clarion held a County Convention on the 19th, at which A. Myers, Samuel Young and P. M'Gough were appointed Congressional Conferees to meet at such time and place as may be fixed upon in connexion with the other delegates. The Banner says it has been suggested that the conferees meet at Brookville on the 1st of August. Some immediate action should be taken to have Clearfield represented in the conference.

FOURTH OF JULY .- The Ladies of Cherry Tree are preparing a Dinner for the benefit of the new Presbyterian church erecting in that place. They will spare no pains or expense to make it as attractive as possible. We hope that many will take this opportunity of visiting Cherry Tree, as they cannot find a more pleasant retreat for observing the ordinary annual festival of our Country's Independence. Single tickets, Fifty cents.

"THAT'S So."-H. D. Patton has received at his store room in Curwensville, one of the largest and choicest stocks of Seasonable Goods in the county. He has a very large variety of articles, all designed to accommodate the wants of his customers, which he will sell at ed to his advertisement in another portion of

APPLICATION FOR A BANK CHARTER. - By a reference to an advertisement in to-day's Journal it will be seen that application will be made to the next Legislature for a charter for a bank in this place, to be called "The Clearfield Bank," with a capital of \$100,000, with the privilege of increasing it to \$200,000.

CHANGED .- The time for holding the next term of Court in this county, we understand, has been changed from the third Monday in September to the third Monday in August. Some change has also been made in the time for holding the other terms, of which notice will doubtlessly be given in good season.

A FEW DATS SINCE, the relative merits of raw and cooked oysters were being discussed, when a sprig from the Emerald Isle was asked if they ever eat raw ones in Ireland, to which he replied that "Divil the bit wud they know what a raw oyster was unless it was cooked !"

WENT OVER .- This morning, as Dr. Hartswick was returning from a professional visit to the country, his horse, shying at a woman with a basket, ran over an embankment several feet high, and turned entirely over. The Doctor escaped with a few slight bruises.

Corious Snowers have fallen in this section of country within the last week, imparting vigor and facilitating the growth of vegetation of all kinds.

LUMBERMAN'S MEETING.

There will be a meeting of Lumbermen held at the Court House in Clearfield Borough, on the 4th of July, for the purpose of adopting measures to prevent the floating of loose logs in the Susanehanna river. All interested are requested to attend. (jun25

MARRIED: On the 24th June, at the residence of John L. Cuttle, Esq., in the Borough of Clearfield, by the Rev. Dr. McLeod, of St. Andrew's Church, BENJAMIN J. BERRY, M. D., of Centre

county, to MARY ANN CUTTLE, of this borough. BFIf there is any couple within the circle of our acquaintance that we can heartily wish an unbounded degree of earthly felicity, it is this one, and we trust their future may be as bright and pleasant as the morning of life. We received some excellent cake with the notice, for which we tender our thanks.

ESCAPE OF PRISONERS IN MEXICO .- John A. Cullen, of Virginia, and E. J. Wilson, of Kentucky, two of the passengers of the barque Archibald Gracie, seized some six months ago at La Paz, Mexico, as a filibuster, have arrived at New Orleans. All on board the barque were thrown into prison, and have ever since been confined. Recently, however, six of them made their escape, and the two referred to allege that, after travelling a dreary journey on foot of some 1500 miles through Mexico, they reached Vera Cruz, and there embarked for New Orleans. They describe their treatment and that of their comrades in prison as heartless and inhuman, and complain bitterly of the indifference of our government to theirfate.

ARRIVAL OF MR. FILLMORE .- The steamer Atlantic arrived at Sandy Hook on the night of the 22d, having on board ex-President Fillmore. In a letter published in the N. Y. Express, received by an earlier arrival, Mr. Fillmore says, as he has been placed in nomination without his desire, he will remain there, unless his withdrawal is desired by his friends who placed him before the public as a candi-

Possible .- The New York Day Book, a Buchanan paper says : "The time is close at hand when such statesmen as Sumner and Hale will have justice, full justice done them, when, in if in New York and Boston as in Charleston has been relieved of the pins her general health or New Orleans."

CLIPPINGS AND SCRIBBLINGS.

Our respected friend "Sagacity," is in eestacies over the recent nominations for President and indulges frequently in shouts for Millard Fremont!

ANOTHER FIRE occurred at Brookville, Jefferson county, on the 16th, by which the steam saw mill and the water mill of L. H. Litch & Co., were destroyed, involving a loss of about \$10,000.

WHILE the Cincinnati convention was in session, some locofocos at Lebanon made bets on the final result, one of which was a day's wages. The Buchanan man having won, the Pierceite tendered him "ten cents," alleging that that was Buchanan wages.

A company of 35 young men, mostly mechanics, has been formed at Dayton, O., who intend to start forthwith for Kansas, via Iowa and Nebraska. The citizens have contributed about \$5,000 to pay their expenses .-They go out as actual settlers.

BRECKENRIDGE, the Locofoco candidate for Vice President, when in Congress two years ago, sent a challenge to Mr. Cutting, of New York, to fight a duel. We shall see how those locos who had such a horror of supporting the "duellist Clay," will swallow this fact.

JAMES J. STRANG, a Mormon leader, was shot at Beaver Island on the 16th, by two of his former followers. He received three balls in the body and a severe blow from a pistol on the head. Strang was lying in a very critical condition. The assassins had been arrested.

ANOTHER attempt will be made shortly, to lay a chain cable for a telegraph across the Atlantic. The cable will be 2400 miles long, and two steamers, each with 1200 miles of cable, will meet midway between Ireland and NewFoundland, unite the cables, and proceed in opposite

CENTRAL AMERICA .-- From Nicaragua we learn that General Walker had removed his headquarters to Leon. There was some sickness among the troops. It was rumored that prices to suit the times. Attention is direct- a revolution had broken out at Costa Rica during Mora's absence, which it is said was headed by an influential family named Castro.

TENANT Houses .- An Anglo-French company is putting up a large number of model tenant houses in the Champs Elysees in Paris. A peculiarity of the scheme is that the tenant. after occupying the same house for a period of ten, twenty, or thirty years, according to the worth of it, and regularly paying his annual rent, will own the house in fee.

MEXICO .- Intelligence from Mexico indicates that much alarm is felt by the government respecting the Spanish expedition, and foreshadows an application for the protection of the United States. Southern Members of Congress suggest the granting of protection on the condition of a cession to us of the Tehuantepec route, with the circumjacent territory.

Bixas of indictment have been found against the Directors of the Camden and Philadelphia Ferry Company, charging them with manslaughter in negligently equipping the steamboat New Jersey, burnt in March, thereby causing death; also with misdemeanor in neglecting the same, they being carriers of passengers. The Superintendent, Andrew B. Frazee, is also indicted in similar bills.

AN IMPOTENT THREAT .- The recusant Whig, Thomas Butler King, aPennsylvanian by birth. but a Georgian by residence, told the Buchanan ratificators in New York that the South would be with them throughout the glorious contest. He also added : "Any man who does not go with the South in this contest will be set down as desiring the dissolution of the Union." This then is a war waged for the South .-Who said "SECTIONAL PARTIES."

THE Hoilidaysburg Standard states that Davis shot Johnston with a musket, that belonged to Capt. Walls, which he had aboard of a Canal boat, and loaded for the purpose of shooting muskrats. It was one of an old condemned lot sold by the State at Harrisburg some five or six years ago. As a singular coincidence, it is stated that Hutchison shot Edmonson with a musket out of the same lot, and within but a few feet from where Davis

NEBUCHADNEZZAR .- It is stated in the London Atlas, that Colonel Rawlinson has lately discovered in a state of perfect preservation, what is believed to be the mummy of Nebuchadnezzar. The face of the rebellious monarch of Babylon, covered by one of those gold masks usually found in Assyrian tombs, is described as very handsome-the forehead high and commanding, the features marked and regular. A post mortem examination has been made and the stomach found full of grass.

A FRAUD .- A man has been arrested in New York, charged with having attempted to defraud an aged gentleman, residing on Long Island, of property valued at \$100,000. It is stated that the offender induced the old man | L. G. Smith, to visit his house, and while there, he drugged him with liquor from day to day for 4 weeks, and then induced him to sign a power of attorney, by which his property was to have been sold. Before the sale took place, the old man rallied, and the accused was arrested

HORRID INHUMANITY OF A STEP-MOTHER .- A recent trial before the Hardin (Ky.,) County Court has developed a systematic course of cruelty by a Mrs. Hubbard, toward her step | Charles D. Watson, daughter, a girl of thirteen years, that exceeds anything of which we have ever read. It appears that for two years past, the young girl has been subject to constant dyspepsia, and to occasional convulsions, with the most exeruciating pains in her stomach. Recently she vomited up thirty-three pins of various sizes, and five needles issued from her side. This led to an investigation, in the course of which the girl stated that her mother, assisted by another woman, had at different intervals thrown her down and compelled her to swalshort, an Abolitionist will be lynched as read- low pins and needles. Since the girl's stomach

HUMAN LIFE SAVED! Downgrac, Mich., March 11, 1856. J. A. RHODES, Esq : Dear Sir-As I took your medicine to sell on consignment, "no cure no pay,"
I take pleasure in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all I have reecived:

W. S. Conklin told me-"I had taken nine bottles of Christie's Ague Balsa'n, and continually run down while using it until my lungs and liver were ongested to that degree that blood discharged from my mouth and bowels, so that all thought it impossible for me to live through Agother chill -The doctors too did all they could for me, but the't I must die. Nothing did me any good until I get Rhode's Pever and Ague Cure, which at once relieved me of the distress and nausea at my stomach and pain in my head and bowels, and produced a permanent cure in a short time

H. M. Conklin says: "I had been taking medieine of as good a doctor as we have in our county, and taken any quantity of quinine and specifics without any good result, from 25th August to 17th December. But seeing how nicely it operated on my brother, I got a bottle of Rhodes' Fever and Λgue Cure, which effected a permanent cure by uso-thirds of a bottle.

S M Conklin was not here but both the other brothers say his case was the same as H. M's. I sold the medicine to both the same day, and the cure was as speedy from the same small quantity, and I might so specify. Yours with resp

A. HUNTINGTON.

The above speaks for itself. Good proof as it is. it is of no better tenor than the vast number of like certificates I have already published, and the still greater amount that is continually pouring in to me. One thing more. Last year I had occasion to caution the public in these words :- "I notice one firm who have taken one of my general circulars, substituted the name of their nostrum for my eine, and then with brazen impudence end their pamphlet with the exelamation. Let the proprietor of any other medicine say as much if he dares "Yes" Now I take pleasure in saying that the caution referred to the same "Dr. Christie's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I publish about my Fever and Ague Cure, or Anti dote to Malaria except the certificates of cures, and the certificate of the celebrated Chemist, Dr. James R. Chilton, of N. Y., in favor of its perfect-ly harmless character, which is attached to every bottle. These will always serve to distinguish my medicine from imitations. JAS. A. RHODES. Proprietor, Providence, R I
