MASS MEETINGS.

The Friends of Freedom, the Constitution and the Union, who earnestly desire to defeat Buchanan, will hold meetings at the following times and places: At S. BAUDER'S, in Covington township, on Tuesday afternoon, Oct. 28th. At GLEN HOPE, Becaria township, on Wednesday afternoon, Oct. 29th. At NEW WASHINGTON, Barnside Tp., on Thursday afternoon, Oct. 30th. At CHERRY TREE, Indiana county, on Friday afternoon, October 31st. At CAMPBELL'S School House, in Bell township, on Saturday, Nov. 1st. Speakers will be in attendance to address the people.

CLIPPINGS AND SCRIBBLINGS.

AUSTRALIA.—Files of papers from Australia to the 30th June speak of new and extensive discoveries of gold. Crime was decreasing. COSTA RICA.—There was much feeling against President Mora in Costa Rica on account of the results of the late Nicaraguan invasion. The people, however, yet remain firmly inimical to Walker.

OREGON.—News from Oregon is to the effect that new Indian difficulties have arisen there. A supply train on its way to Walla Walla had been attacked and completely routed, the men escaping with their lives.

SEIZURE.—Messrs. Geo. Fessenden and J. M. Waterhouse, Night Custom-house Inspectors at Portland, discovered and seized, on board a vessel recently from Cuba, about 50,400 cigars and 8 cases of gin.

Tobacco.—At Louisville, Ky., all grades of tobacco rule higher prices than ever known in that market. A hoghead of choice Virginia leaf, was lately sold at \$15 per 100 lbs. Its net weight was 1,500 pounds, making the cost of the hoghead \$225.

FAST TOWN.—Chicago is a funny place. It is original in more things than one. Recently a man committed suicide there by drowning. The body could not be found, but the coroner, not to be cheated out of his fees, held an inquest on his hat and jacket, found on the bank of the lake. Verdict, "found empty."

CHURCH BELL.—A letter from Widdien, Turkey, of Aug. 27th, says, "we have this morning heard a sound which the people of Bulgaria have not heard for ages, the sound of a bell calling the Christians to church to thank God that the Sultan has been pleased to restore to us our liberty of worship. Widdien is the first Bulgarian town that has received a bell."

INCENSE.—Dr. J. L. Bledelu, of N. O. has succeeded in training the larger species of mosquitoes known in New Orleans as "gallinipper," to perform all the objects hitherto only accomplished by the leech or the copper. A dozen of these insects are equal to six leeches, and placed on the desired spot will at once commence to suck blood in the same way, and with far less trouble, than the older institution.

Nicaragua.—From Nicaragua comes news of great dissatisfaction among Walker's troops. Forty officers of his army having expressed a determination to serve no longer were, on their refusal to change their minds on that point, shot. Large amounts of property have been confiscated to the Walker Government. A letter to the Panama Star of Sept. 21 says that in a skirmish at Chontales, Walker's forces were defeated.

LOST.—The schooner Forward, Captain Sawyer, bound for the Arctic ocean, was lost in the ice in latitude 69 deg. 50 min. W. The captain and crew were six days in their boats when they arrived at St. P. n's, where they landed. The crew were taken off by the whaler W. C. Nye, bound for Honolulu, and captain Sawyer came to English Bay, and thence to San Francisco in the ship Lucas, from Russian America.

LARGEST.—The largest stock train, loaded almost exclusively with cattle, was despatched eastward over the Cent-r-I Railroad on Saturday evening, says the Rochester American. It consisted of one hundred and eighteen cars. Seventy-eight of these came down the Buffalo road, and forty over the Niagara Falls road.—Each car contained fifteen head of cattle.—The receipts of the Company for this train will be \$8260.

LIFE-PRESERVING SEAT.—The "Graduating Life-Preserving Seat," recently brought forward, is one of the most simple and effective contrivances of the kind yet devised. It is nothing more than an ordinary school-house stool, constructed of half-inch deal. One of the feet allows the stool to open laterally by a hinge to enclose and clasp the swimmer, and both feet of the stool are strengthened internally by a broad triangular foot of oak, of which also the seat of the stool is constructed internally.

KILLED.—The Cumberland (Md.) Cirilian says: "The Golden Eagle, which has lately committed numerous depredations upon farmers living near Lou's mountain, in carrying off their sheep and lambs, and in one instance a good sized calf, was killed on the 10th Oct., near Finestone, by Mr. Piper. This bird was eagerly sought for several weeks, and all attempts to shoot him were fruitless, until the time mentioned. The Golden Eagle is a very rare bird in this section of country. This fellow is a noble specimen, measuring nine feet from tip to tip of wings; his talons, when spread, are more than 6 inches long, and 5 inches wide.

PANAMA.—Panama news says that Pierre Soule visited that city a few days ago. He was en route from Nicaragua to New Orleans. A letter from Panama says that the majority of the people would at this moment, rejoice to see themselves annexed to the United States if it were possible, and many, even of the most influential, talk publicly of their desire to see the Isthmus in the hands of Americans. They see they have neither the means nor brains to govern themselves, and that, under the exist-

ing state of things, their property never can improve in value; whereas, on the other hand, if the Americans had the place their possessions at once become available.

The Savannah papers are still at issue with regard to the Florida election. Both parties claim the victory.

MARRIED.—On the 16th inst., by the Rev. S. M. Cooper, Mr. DAVID W. REAM, to Miss HARRIET CALDWELL, both of this county.

DIED.—In Curwensville, on Friday morning, Oct. 17, 1856, WILLIAM IRVIN PATTON, eldest son of Gen. John Patton, aged 8 years.

On October 3d, in Ferguson township, Clearfield county, CATHERINE, ELIZABETH, third daughter of John and Elizabeth W. Miles, aged 17 years, 9 months and 27 days.

Of dysentery, Oct. 8th, at the residence of John Miles, HANNAH MARIA R., grand daughter of John and Elizabeth W. Miles, aged 2 years and 5 months.

Bellefontaine papers please copy. PROFESSIONAL.—A. M. HILLS, would inform his friends and patrons that he will perform the week commencing Monday 10th November, at D. Johnsons in Philipsburg, to attend to all calls in the Dental line, and will consequently be absent from his office in Clearfield. Oct 20

ADDRESS.—To the American Party of Clearfield County.—FELLOW AMERICANS.—During the last week, I have received a large number of letters from members of the American party of our county, desiring my opinion as to the proper course of policy to pursue in the present critical position of political affairs. I adopt this method of replying, and as Chairman of the American Executive Committee, desire to recur briefly to the manner in which the contest has been conducted, thus far, in our county. I do not wish to be understood as reflecting, in this address, on any one, for I firmly believe that all who have been engaged in the fight have acted in sincerity, and in the manner they believed would best conduce to the defeat of the Democratic party.

It is well known that during the last three and a half years, the Democratic majority in Clearfield county was largely reduced, and it could only have been done by the inroads which the fundamental principles of Americanism made upon their organization. Such being the case, nothing could have been more idle than to expect, that mere proselytes from Democracy could be driven or led into the support of a candidate or party, endorsing no principle of Americanism, but embodying the single idea of hostility to the peculiar institution of the Southern part of our confederacy. The slavery question formed no part of record of the American party, and those who embraced our principles, whether Whigs or Democrats, held their own opinions on that subject. Consequently when Americanism was laid aside, and the other issue forced upon them, the Democratic Americans, just as might have been foreseen, returned to their old party. In the commencement of the contest I warned our friends that such would be the case;—my opinion was disregarded, and in the increased Locofoco majority in our county, we have the result. When I returned from abroad and found the line of policy that had been pursued, I endeavored to rally around me a few personal friends and true-hearted Americans into a Filmore and Douglas Club, as a rally point for our party, still hoping that the contest might be so managed as to preserve the integrity of the American movement, and still keep the Locofoco majority at four hundred. This object, however, was thwarted by the nomination of a County ticket. When the Union County Convention assembled, I sent them a resolution, declaring it inexpedient to nominate a County ticket, which was voted down. I predicted then, that the Locofoco majority in the county would be over six hundred, and I abandoned the contest, spending my time in other parts of the State and country. The reason of such a prediction is obvious. We were in a hopeless minority, and the nomination of a ticket was, at best, simply setting up men to have them knocked down again. By drawing party lines and placing a ticket in the field, we made it necessary for the candidates of the opposition to exert themselves, lest they should run behind their ticket, which no man running for an office, however paltry, likes to do if he can prevent it. The natural consequence of the exertions of these candidates and their friends, was, of course, to increase the majority on the ticket, as well as on the county ticket. If no ticket had been nominated, and two or three good men, of Democratic antecedents, had run independently, against some of the Locofoco nominees, who doubt but that a portion of their ticket would have been defeated, and that such a result would

have had a bad effect upon them in the general election?

With an increased majority against us in the county, brought about by these palpable mistakes, what line of policy shall we pursue with regard to the pending great struggle in November? I can only reply to this question, fellow Americans, by urging you to throw aside all other issues, return to first principles, plant yourselves firmly on the American Platform, and rally to the support of our National American candidates. In MILLARD FILMORE, we have a standard bearer worthy our great cause, and who can alone lead us to victory. The Fremont bubble has exploded. The result of our State election, demonstrates beyond a doubt, that "he has no chance." You can hope for nothing but defeat by following his standard. Such is not the case with MILLARD FILMORE. The action of our State Central Committee, in throwing off the shackles of "fusion," has been hailed everywhere with enthusiasm, by the American party, and thousands are now rallying under our flag who have hitherto been acting against us, or refusing to act at all, because they supposed us allied to Republicanism. It is impossible for me, here, to enter into the discussion of Mr. Filmore's "chances";—that will be done in another and more effectual manner. I know you prefer him to any other candidate, and I only call on you to rally to his support, to be true to your principles, and to take up again the glorious battle cry, of "NONE BUT AMERICANS TO RULE THEIR NATIVE LAND!" Let it be said, that amid declining morals, faded patriotism, and waning reputation, there remain enough true-born sons of the soil, to carry aloft the glorious standard of their country's greatness and honor—to unfurl the stars and stripes to the breeze, once more, pure and unblemished as when we received them from the hands of the immortal WASHINGTON!

AYER'S Cathartic Pills, (SUGAR COATED.) CLEANSE THE BLOOD AND CURE THE SICK. Invalids, Fathers, Mothers, Children, Philanthropists, read their Effects, and Judge of their Virtues. FOR THE CURE OF Headache, Sick Headache, Full Stomach, Indigestion, Constipation, Bilious Disorders and Liver Complaints. DEPARTMENT OF THE INTERIOR, U. S. GEOLOGICAL SURVEY, Washington, D. C., Feb. 1856. Sir: I have used your Cathartic Pills in my practice ever since your valuable medicine was first introduced into the world, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver, and their powerful purgative effect, by expelling large quantities of worms (found) from the bowels, are of great service in the treatment of all the diseases of the bowels, and in the cure of all the diseases of the blood. I have seldom found a case of bilious disease, or any other disease, that did not yield to the use of your Pills. F. W. HAYDEN, Physician of the Marine Hospital, New York.
