AN OBNAMENT .- The new brick dwelling of Jonathan Boynton, Esq., on Second street, will be a splendid house, and an ornament to that part of the town. The new brick dwelling of Judge Moore, also adds much to the appearance of the street.

LIVING IS HIGH in Clearfield just now. Flour is retailing at \$9 a barrel ; butter at 20 cts. per pound ; beef, by the quarter, at from 41 to 6 cts. per pound; buckwheat flour \$3 50 per hundred lbs.; corn, from 62 to 75 cents per bushel; wheat and rye, we can't say what the price is.

HELPING HIMSELF .- Some rogue or other recently took the trunk of our young townsman, Clarence L. Barrett, whilst on his way to Wisconsin, off the hack at Johnstown, on the Pennsylvania Railroad, and rifled it of the contents. This seems to be a "free" country, in every particular.

"Some PUMPKINS."-Abraham Reams, of Lawrence, whilst presenting us, the other day, with a couple fine pumpkins, for which we tender him our thanks, informed us that one vine in his lot produced no less than ten-six of which weighed not less than 22 pounds apiece. "Some pumpkins" that !

CALIFORNIA .- San Francisco dates to Oct. 12, have received. Trade was active, and mining prospects good. Senator Weller had been prostrated by a severe fit of sickness .-The news otherwise is unimportant.

SLEIGHING .- Snow has fallen to a considerable depth north of Lake Simcoe, Canada. At Barrie and Orilla they had sleighing for two or three days in the beginning of last week. At London, Canada West, also, there was a heavy fall of snow.

OREGON .- The Indian troubles in Oregon threaten to become more serious. Gov. Stevens, who had advanced to the Walla-Walla country to negotiate a peace, had been obliged to return. The entire country east and north of Dog River was in possession of the

Indians. A SWEET MAN .- Mr. M. Quinby of St. Johnscipally produced by himself, and the remain-

der by a few neighbors who have followed his example. At 121 cts per lb. he would realize the handsome sum of \$2,500.

NICARAGUA .- The steamship Tennessee, with New Orleans. The previous accounts of the battles of Granada and Masaya are fully conmy excellent. The Transit route was in fine

condition. M. E. CONFERENCE .- The Methodist Episco-

pal Church recently held their annual Conference in Lawrence, Kansas. Clergymen and laymen from the various districts in the territories in Kansas and Nebraska were present. The meetings were held in a large pavillion tent, well attended throughout the day and

"SALT RIVER."-Some of our Republican friends object to going "up Salt River" on any craft, with General Cass as pilot. Although he is well acquainted with all "obstructions to the navigation," having explored that region some eight years ago, they fear the effect of any "noise and confusion" upon the old gen- apparently. EUROPE .- At latest dates the Neapolitan] question remained unchanged. From Spain there is nothing of interest. From France the news is more interesting. Signs of trouble are niking their appearance in Paris, and a number of arrests have been made. Menacing placards are stuck up daily in different parts of the city, all assuming a revolutionary color. Whether well founded or not, the opinton is very general that not only does there exist a serious difficulty between France and

England, but also that the latter has become reconciled with Austria, and that the latter is now on more than friendly terms with Russia, and it is even supposed that thus allied, England with Austria, and France with Russia, open difficulties will ensue ere long. TheFrench government journals assert definitely and ex. plicitly that the Porte has demanded in due ferm that the Austrians shall evacuate the Principalities, and the British the Black Sea, but they by a secret mutual understanding refused to leave.

GENERAL CASS, the "original proprietor and projector" of the doctrine of squatter sovereighty, or non-intervention, has at last been beaten and shelved in his own State, Michigan. The Presidential canvass of 1848 settled his national hopes, and the victory of the Republicans now prevents his return to the Senate. There are many persons who will re-

SOUTHERN PROGRAMME FOR THE BUCHANAN ADMINISTRATION .- The following extract from a letter addressed to the New Orleans Delta, marks out distinctly what the South expects of the Buchanan Administration :

"My dear sir, it is idle and child's play to deny that the masses at the North are opposed to the institution of Slavery. I have purposely mixed with all kinds and classes of the sovereign people, this summer, at the North, with this main object in view, and I am more than convinced of the fact. The under current of

public opinion is most decidedly against us, and that too among good and honest people. first man at the North-and there are many at the South who think with them-who does not oppose the extension of Slavery. Now, sir, I consider the extension of Slavery the heart, core, vitality and existence of this Union-

by about. The whole Republican State ticket is, however, elected by 12,000 majority.

The electoral vote stands now :- Buchanan 170, Fremont 114, Fillmore 8-California to hear from yet. Buchanan will not come within 200,000 of

having a majority of the popular vote, and it s probable that he fall short 300,000. What a Victory !

WINTER ABOUT .- During the last few days. small quantities of snow fell in this section of country, and the atmosphere has become quite cold.

MARRIED-On the 12th Nov., by the Rev. J. W. Elliott, ABRAHAM DAVIS, Esq., of Indiana county, to Mrs. HANNAH McGAUGHEY, of Clearfield county On the 16th by M. A. Frank, Esq., Mr. PAR.

SMART !- A postmaster at one of the new offices in this county, it is said, directs letter packages, no matter to what place they are to be forwarded in the direction indicated, with no other superscription than the word "westerly !" We should like to know where a package, so directed, would stop ? It is little wonder that lettes are so often miscarried, when such competent men have charge of some of the post offices.

Rion .- It is said that the Locofocos of one of the up-river townships, who had been entrusted with the straight-out tickets, are talking of indicting some Fillmore men for pocketing, as they allege, these tickets. The unprecedented interest and wonderful love displayed by the Locofocos for the straight ticket, by taking care of and giving them out, satisfied the true Americans of the real state of affieirs, and determined them, if not before decided in the matter, to vote the Union Electoral ticket, notwithstanding the efforts of a busy, bun-gling fellow who rode from his own to another district to create a diversion, but who was told that his advice was not wanted there. He left suddenly with "a flea in his ear."

Mysrenious .- On Saturday, whilst Mr. Ellis Askey was hunting on the head waters of Montgomery, in Pike township, this county, he found a small tin-box and a wooden leg, in a dense thicket, 4 miles from any habitation. On Monday Mr. Askey and others proceeded to the place, where they found all the bones of a man, except the skull. In a Testament found in the box, were written a couple names, which were made out to be, R. V. Rightbone, and R. B. Charles, England-besides these, on a pair of spectacles, was engraved Robt. Wright .--The bones are supposed to be the remains of a travelling tinker, an Englishman, who had a wooden leg, and was going through the country, about five months ago, and it is supposed that he either lost his way, and becoming entangled in the thicket where the bones were found, was unable to extricate himself and perished from fatigue and starvation, or that he was destroyed by some wild animal.

CHINA .- By way of California we have received news from Hong-Kong to the 20th of August. The rebels had taken the city of Keu-Yung; also Kintan, now Chang-tow .---There were large bodies of the rebels near Soocnow, and the early capture of that city was inevitable. The rebels were also making demonstrations upon Pekin. KANSAS.-St.Louis, Nov.13.-Advices from the Free State prisoners on trial for murder had been acquitted, but were immediately rearrested on the charge of robbing the Franklin Post-office. The Free State men are taking measures to contest the seat of Whitfield in Congress on the ground of an illegal election. Large quantities of clothing and provi-

sions had arrived at Lawrence and were being distributed among the destitute.

SUSPENSION OF RELATIONS BETWEEN GREAT vessel which arrived at Aspinwall on Thursday, from Carthagena, the Panama Star has received the important information that Mr. Griffith, II. B. M.'s Charge d' Affaires at Bogota, having failed to arrange with the New Granadian Government the old standing Mackintock's claim, has broken off negotiations with the local affairs, and attend more to our own intergovernment and given notice that the Admiral of the British West India Squadron has been ordered to enforce the payment of the claim.

REMARGABLE VERDICT .- On a recent trial for murder in Watson county, Missouri, a lad who was instigated to fire the gun which caused the death of the victim, by his father, was acquitted, and the father and an adult accomplice convicted of murder in the second degree, and sentenced to ten years' imprisonment in the penitentiary. The rationale of this verdict is that these parties being of matured years, induced the boy to commit the murder, but that a greater punishment than that of murder in the second degree could not go against them.

AFFAIRS IN CUBA .- Eighty-six Peruvian lamas arrived recently at Havana, having been imported for the Cuban authorities by Mr. Rohen, a French naturalist. A considerable reward had been offered to the first person who should succeed in introducing these useful animals into the Island, where they are designed as beasts of burthen. An order has been issued in Havana prohibiting the reception of American coin in official proceedings, and declaring that, in future, it shall not be a legal tender. The reason assigned in the order is that the circulation of foreign coin is a sign of foreign sovereignty !

A Goon ONE .- Stephen A. Douglas, in his speeches, says much about amalgamation .-et had occurred at Canton. > We give place to the following, as a favor to a young friend, who seems to have a desire to be seen in print, without giving our approbation to anything it may contain :

> MR EDITOR:-Dear Sir : Now that the election ests. The roads throughout our county are exceedingly bad, in consequence of having been more highly favored than some of our citizens-with a "drop from above." The crops in this section of country, look reasonably well, and Providence appears to be highly favoring our land, considering the late Loco Foco victory. Winter is fast approaching, and

Young America is living in high hopes of a fine snow, so that the merry jingle of bells, and the sweet voice of our "fairer sex" may echo, and re-echo o'er hill and dale. We almost imagine ourselves snugly ensconced in our town's sleighing sled-under a Buffa'o robe-a good pair of 'matches'-and above all, sitting right between two of the sweetest little dears imaginable.

Our town is flourishing like a "green bay tree, planted by the river side," and things generally are moving forward. Young Amer-

ica is leaving old Fogyism in the distance, and all the boys from nine to twenty, think they are not sound if they hav'nt a cigar in their mouth-a "fifty two" in their pocketand a "brick in their hat"-that something ales everybody. But lo! minors "can't come in"-for it would seem the law takes cognizance of the age of individuals, and prohibits restaurant keepers from selling to those who have not yet arrived at legal manhood-at least somebody has so expounded the statute to our shop keepers, besides impressing it upon their minds that it is their duty to pay strict attention to the age of their customers. Just imagine a seene. Customer-"I'll take a glass of ale, if you please." Shop keeper gives him a scrutinizing look and inquires-"How old are you?" Customer not being old enough "slopes." Rich! ain't it? But then individuals have an undoubted right to be philanthropists, and if they are not actuated by selfish or malignant motives, their acts are commendable and worthy of imitation. The conversation of the day now is, about going to the west. Several of our citizens have but recently returned, and are very much pleased with the fair gardens of Agricultural wealth with which they met in that country .-Hundreds are going from different parts of the State-quite a number are going from this place-none, I trust, being in the interesting situation of the old fellow who, when he tho' his days were numbered, expressed his willing-

ness to go, and was told by a plain, matter-offact friend that "he was glad to hear it, as his neighbors were all willing, too;" though all Yours, rules have their exceptions. A YOUNG AMERICAN.
