

THE JOURNAL.

CLARFIELD, PA., FEBRUARY 25, 1857.

Rev. Mr. Satterfield will preach in the Methodist church in Curwensville, on next Sabbath morning, at 10 o'clock, A. M., at Centre church at 2 o'clock, P. M., and in the Methodist church in Clearfield, in the evening of the same day.

RAFTING.—During the last few days, a number of rafts have passed this place for the "Island," from whence they will be taken as soon as the water will permit. Yesterday the water was at too low a stage to admit of safe running. Last night some rain fell; but did not produce a rafting flood. Prospects good for more rain.

Shaw;—School Directors, Clark Brown, Lewis Carden, N. K. McMullin;—Assessor, Isaac Thompson;—Supervisors, Henry Aughinbaugh, John Orr;—Auditor, Matthew Ogden, Jr.;—Inspectors, David Brown, Wm. L. THE TEACHERS' ASSOCIATION of Penn township met, as per adjournment, at the School-house in Pennville on Saturday evening, Feb. 7th, 1857. The meeting was organized by William Martin, Sr., President, taking the chair. By request, the President stated the object of the association, and urged upon the members, and citizens generally, the necessity of energy and perseverance in the cause of education. On an invitation being given for all persons who felt an interest in the cause to express their sentiments, E. Fenton, John Russell, Henry Sykes, Charles Goff, Abraham Spencer, and others, addressed the meeting on the subject of education and school government in general, and more particularly on the orthography of our language, and the method of teaching English grammar. After the several speakers had closed, the Constitution was read by John Russell, Vice President; when twenty new members joined the association, including seven ladies. On motion, Resolved, that the proceedings of this meeting be published, and that the association adjourn to meet at Lumber City the 1st Saturday of March, at candle lighting. ELISHA FENTON, Sec.

CURWENSVILLE BORO' and PIKE TP.—There was considerable interest, in a political point of view, taken in the election held on the 20th, in these districts. A friend, in writing to us, says:—"In the borough we had little opposition, no regular ticket being formed against us, and the Democracy only voting for Inspector, with some half dozen votes for other officers. Consequently our majority is about forty, all through. In the township the Democracy went to considerable trouble to form a ticket, having prior to the election, held three conventions to make nominations, and boasted very loudly that they had every thing their own way. The result shows that we beat them for every office in the township, excepting town clerk, for which office we did not run a candidate. The vote of the township was a large one for a township election, 138 votes being polled, out of which we polled 75. The majority for our candidates in the township, was from 14 to 28 on the entire ticket. The fact is our party feel glorious over the result of this little election, and feel confident that hereafter we can hold them in Pike township, as well as the borough of Curwensville."

The following is a list of the officers elected:—Pike.—Constable, Peter S. Curry;—Supervisors, George Snel, John Hoover;—School Directors, Jesse Broomall, William Holden, Sr.;—Judge, George Leech;—Inspector, John Hancock;—Assessor, John Norris;—Auditor, Alex. Caldwell, 3 years, Wm. Rex, 2 years;—Overseers of Poor, Gilbert Scofield, Johnson Holden.

Curwensville.—Justice, Isaac B. Segner;—Supervisors, Daniel Chambers, S. Miller;—School Directors, Wm. Irvin, Esq., William McBride, John Patton;—Judge, Thomas Ross;—Inspector, J. F. Harley;—Assessor, A. V. Cooper;—Overseers of Poor, D. O. Crouch, S. B. Taylor;—Burgess, Joseph Peters;—Council, Col. Wm. Ten Eyck, Col. H. D. Patton, Daniel Hartsock, Joseph White, J. M. Williams, Jacob Deitrich.

CLIPPINGS AND SCRIBBLINGS.

In bad condition—the roads. It is difficult to travel over them.

Well attended—the concert at Curwensville on Saturday evening.

Passed off finely—the party at the Mansion House on last Thursday evening. The supper was super-excellent.

Society, like shaded silk, must be viewed in all its situations, or its colors will deceive us.

Mr. Appletion, the new editor of the Washington Union, was formerly an "abolitionist." That's the way politicians wag.

The Board of Revenue Commissioners, which convened at Harrisburg on the 11th, are still in session, actively at work.

There are said to be 8,820 females employed in the Lowell Mills, in Massachusetts. What a hoop-ing place that must be!

A bill has passed the House of Representatives, increasing the pay of jurors in Lancaster county to \$1.50 per day, and of witnesses to \$1 per day.

Sensible suggestion.—The Washington City Star strongly recommends the adoption of the cash system by the whole newspaper press of the country.

An English writer classified old maids and bachelors as "solitary mature men and women who have nothing happening to them." He ought to have his ears boxed.

A young "vidder."—A couple was married in the cars of the Memphis and Charleston railroad a few weeks since. The bride was a widow aged sixteen years.

Slightly befuddled—the individual who wanted an officer to arrest his shadow, the other night, complaining that he did not believe in being followed by such an ill-looking scoundrel.

The Grand Jury of Clinton county ignored the bill against young Smoke, who shot his father a few months ago. It is generally believed to have been an accident, as declared by the father previous to his death.

The Tartars pull a man by the ear when they want him to drink, and keep pulling until he opens his mouth, when they pour down the liquor. We know some folks whose ears would not require much pulling.

In Manchester, New Hampshire, on the 13th, two women, named Hennessy and Coughlin, got into a quarrel about a piece of cheese, during which the former threw the latter on the floor and beat her so badly that she died shortly afterwards.

It is stated that Mr. Keitt, the intimate friend of the late Preston S. Brooks, and participant in the Sumner assault, is confined to his bed with the identical disease of which Mr. Brooks died. The coincidence is somewhat singular.

The height of folly—half a dozen brothers, four uncles, and a grey-headed father trying to stop a girl from getting married to the man she loves, and loves her; just as if ladders were out of date and all the horses in the world spavined!

Gov. Pollock has offered \$500 reward for the murderer of Norcross at Altoona; Gov. Gardner of Massachusetts \$500; the citizens of Pittsburgh \$500; the friends of the deceased \$500, and the citizens of Altoona \$200, making in all \$2,200.

Gov. McRea, of Mississippi, in his recent message to the Legislature, says that he is Governor for life. It seems that the Legislature of 1854 in making changes in the constitution, have managed to make the term of governorship perpetual.

A mother and four daughters, all of whom reside at Northampton, Massachusetts, have, collectively, approached the altar of Hy-men seventeen times! The mother has had four husbands, one of her daughters four, and the others three each. They'll do.

The President of the United States, as is usual, has called an extra session of the U. S. Senate, to convene at Washington, on the 4th of March next, to receive and act upon such communications as may be made to it on that part of the new President, who will that day be inaugurated.

At Cincinnati, on the 16th Feb., the case of James Sammons, found guilty of murder in the first degree, ten years ago, for poisoning his father's family, two of whom died, was disposed of by the Supreme Court, and the prisoner ordered to be hung on the 13th of April next. A long time that, for a man to be kept in suspense.

A St. Paul, Minnesota, paper says:—A large and beautiful elk went down Third street the other day, with a cutter, and two young men as drivers. He did not exhibit a very well defined trot, though he was very manageable, but when he opened his gait, it was a caution to all fast 'crabs' on the track. Wonder if we hadn't better sell all our nags South; bucks are said to be plenty in the back country. "Them' Minnesotians—seem to be 'fast' people."

A rather rich winding up of a murder trial came off a few days ago in Detroit, Michigan. A pedlar, named Samuel Kiter, was missed by his friends. He was last seen entering the house of a Mr. Bickley. Foul play was suspected, and Mrs. Bickley, daughter, and another woman arrested, charged with murdering him. Blood was discovered on the floor and wall, human hairs with it, bones and a piece of cloth in an ash barrel, and something burning was smelt by one witness. On Saturday morning, as the counsel were about summing up the case, a little Dutchman, the veritable pedlar himself, who had stood with his hands in his pocket, a quiet spectator of any scene, stepped forth and protested against any such liberties being taken with his affairs, declaring that he had neither been slaughtered nor burnt up, and as to being dissolved into the small show of sheep bones and horse hair, which the table before him afforded, he felt indignant at the idea.

LET US REASON TOGETHER.

HOLLOWAY'S PILLS. WHY ARE WE SICK? It has been the lot of the human race to be weighed down by disease and suffering.

These famous Pills are expressly combined to operate on the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

DISPESIA AND LIVER COMPLAINTS. Nearly half the human race have taken these Pills. It has been proved in all parts of the world, that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally.

GENERAL DEBILITY. ALL HEALTH. Many of the most despot Governments have of pined their Custom Houses to the introduction of these Pills, that they may bestow the medicine of the masses.

FEMALE COMPLAINTS. No female, young or old, should be without this celebrated medicine. It corrects and regulates the monthly course at all periods, being in many cases like a charm.
