

THE JOURNAL.

CLARFIELD, PA., MARCH 4, 1857.

MORE WINTER.—Last Friday night several inches of snow fell in this region.

LOOK OUT!—Some thieving rogues have recently been leaving their marks about our town on several occasions.

FIRE IN CURWENSVILLE.—On last Thursday night, about 11 o'clock, a house belonging to Wm. Irvin, Esq., occupied by Rev. L. L. Still, was destroyed by fire.

Tax on the Timber Business.—It is almost impossible for any one to form a correct estimate of what the timber business in any season will amount to, as it is dependent upon so many contingencies.

Resolved.—That experience has demonstrated that square timber rafting is a losing business, and a clear waste of the productions of the country.

The above is one of the resolutions passed by the log men at Lock Haven on the 21st ult. Here is an acknowledgment in effect that the logging and square timber business come in contact with each other—just what has always been contended by those opposed to log floating.

Child stealing, the New York papers say, is practised to a great extent in that city. Probably, on an average, two children in a week are abducted from their homes while playing on the sidewalk, and are detained until the afflicted parents offer a reward for them, when the kidnappers bring their little victims to light and receive the money.

A WARNING TO CALIFORNIA.—A number of young men who had annulled a wedding party, in Chester county, with the outlandish noise of a calithumpian band, consisting of "horse-hiddle," &c., were tried in the Chester county court, week before last, for riot—were convicted and fined each \$25 and costs, and received a very wholesome lecture from Judge Haines. We are rather inclined to say, it served them right.

BLACK SHEEP AMONG THE SAINTS.—Brigham Young, High Priest and first President of the Mormon Council of Latter Day Saints, at Great Salt Lake City, and hold-over Governor of Utah Territory, thus endorses the bad character of some of his followers—

"We can pick oldsters in Israel right here, who can beat the world at gambling, who can handle the cards, and shuffle them, with the smartest rogue a God's footstool. I can produce elders here who can shave their smartest shavers, and take their money from them. We can beat the world at any game."

This is an honest confession at least, but there are "elders in Israel" the world over who are almost if not quite as bad as Brother Brigham Young's followers.

In the eloquent language of Mrs. Somebody, "We are all poor critters."

True.—Profane swearing is abominable. Vulgar language is disgusting. Loud laughing is impolite. Inquisitiveness is offensive. Tatling is mean. Telling lies is contemptible. Slandering is devilish. Ignorance is disgraceful, and laziness is shameful. Avoid all the above vices, and aim to be useful. This is the road in which to become respectable. Walk in it. Never be ashamed of honest labor. Pride is a curse—a fearful vice. Never act the part of a hypocrite. Keep good company. Speak the truth at all times. Never be discouraged, but persevere, and mountains will become mole hills.

The number of passengers carried by the Railroads of the United States at year, was 47,000,000.

CLIPPINGS AND SCRIBBLINGS.

March came in "like a lion"—we hope it will go out "like a lamb."

That bright little monthly, The School-fellow, for February is on our table.

Very acceptable—the turnips which our friend Jacob Irwin brought us a few days ago.

Good for Colds, Coughs, Asthma, &c.—Robins' Expectorate and Compound Syrup of Wild Cherry. See advertisement.

A resolution has passed the House at Harrisburg, in favor of appropriating \$10,000 for the erection of a gubernatorial mansion—a building much needed.

The wheat crop of this State in 1855 was 18,250,000 bushels, being greater than any other State in the Union. The whole crop of the country was 118,538,000 bushels.

Becoming fashionable—corruption in legislative bodies. They have got a little affair of the kind on hand at Harrisburg, of which our correspondent "Cujus" gives an account—See his letter.

Aaron Irely was found guilty at the late term of the Clinton County Court, of stealing a horse from Geo. Custard in last October, and sentenced to two and a half years' imprisonment in the Penitentiary, pay a fine of \$100 and costs of prosecution.

A grocery kept by a man named Cross, in Wesleyville, Erie county, was entered on Saturday last a week, by a number of men and women of that village, and his liquor emptied, bottles broke, and every vestige of intoxicating drinks entirely destroyed.

Impracticable.—Dr. Hall recommends, by way of prevention against taking cold, that persons going out of heated rooms into the open air should 'keep their mouths shut.' The caution may be very wise and judicious, but what are the ladies to do?

Absent-minded—the man who went into a house for the purpose of talking seriously with its inmates on the subject of their habitual intoxication, and instead of taking the master by the hand, took hold of the brandy decanter, and did not discover his mistake until admonished not to drink the whole.

The Ohio Farmer estimates the profit on sheep in that State, the last year, at \$6,000,000, and the whole amount of capital invested at \$60,000,000. The number of sheep is estimated at 5,000,000, and the wool clip last year reached 10,196,000 lbs.—one-fifth of the entire wool clip of the Union.

Nicaragua.—The New York Courier and Enquirer publishes a letter dated San Juan, Feb. 12, which it declares to be from a reliable source, to the effect that the troops of Lockridge and the woman-hunter, Titus, have been defeated at Serapiqui, and that the end of Walker's career is at hand.

The Rural New Yorker reminds farmers that the wheat fields will need their closest scrutiny during portions of both February and March. When the weather is mild and thawing, see that the surface water is provided with the means of escaping. Proper attention to this now will be bushels in the granary after harvest.

Child stealing, the New York papers say, is practised to a great extent in that city. Probably, on an average, two children in a week are abducted from their homes while playing on the sidewalk, and are detained until the afflicted parents offer a reward for them, when the kidnappers bring their little victims to light and receive the money.

We are rather inclined to say, it served them right.

Talton B. Butler, a timber cutter of Scriven county, Ga., went to Savannah, to sell timber, and was taken sick, and it was thought died. There being a boat about to leave, his remains were deposited in a coffin and sent home. On opening the coffin after its arrival, he was discovered to be still alive. Medical assistance was immediately called, and it is said that he is fast recovering. He was in the coffin nearly two days and nights.

The New York American State Council finished a session on last Wednesday at Troy. The Binghampton Platform was reaffirmed, with additional resolutions, declaring that under every political complication the question of Americanism shall take precedence, and that the American Party is unalterably opposed to the extension of Slavery into territory from which it has been excluded by the Missouri Compromise, and opposing the use of the power of the General Government to extend the institution of Slavery. All the secret machinery of the order was abolished.

The execution of Simon Green for the murder of Michael Kelley, which was to have taken place at Harrisburg on last Friday, was deferred by a respite from Gov. Pollock until Friday the 27th of March. The respite was granted in consequence of representations having been made to the Governor that important testimony had suddenly been discovered, which would give an entirely different aspect to the affair which resulted in the death of Kelley. Green is an Irishman, was working on the Lebanon Valley Railroad, near Harrisburg, where Kelley was also working, and without any known provocation, after having passed Kelley, who was making peace between two fellow laborers, returned and stabbed his victim twice with a small knife, which caused his death in a few days after. These facts were elicited on the trial.

A New Test.—The Democracy of Ohio have adopted a new test of party orthodoxy in that State. Any man who voted for or defends the expulsion of Slough from the House for striking Caldwell in the face on the floor and while that body was in session, is unfit for fellowship among the Shillshalls. The Cleveland Plaindealer boasts that "not a democrat voted for the expulsion of Slough, no not one. A crazy man by the name of Corry so voted out of pure cussedness," but he was no democrat.—He is a sore head, and sorry specimen at that."

Slough, the loco loco member of the Ohio Legislature, who was expelled from that body a short time since, has just been re-elected by three of a majority. He hails from Cincinnati.

If you want to kiss a pretty girl, why kiss her—if you can. If a pretty girl wants to kiss you, why let her—like a man.

MARRIED.—On Thursday, Feb. 26th, by Rev. W. REX, Mr. MATTHIAS M'COMBS, of Lancaster county, Pa., to Miss ELIZABETH C. REX, of Clearfield county.

DIED.—On the 26th Feb., Mr. JAMES L. EUGAL, of Goshen township, aged about 34 years. On the 27th January, whilst engaged in felling a tree, a branch struck one of his legs and broke it, from which lockjaw ensued, and finally caused his death. He was a hard-working farmer, well respected, a member of the M. E. Church, and leaves a wife and six children to mourn his death.

A MARVELLOUS REMEDY FOR A MARVELLOUS AGE!

This healing Ointment far more readily penetrates through any bone or fleshy part of the living body, curing the most dangerous inward complaints, that could not be reached by other means.

ERYSIPELAS, SALT RHEUM AND SCROFULOUS HUMORS. No remedy has ever done so much for the cure of these diseases, as this Ointment, when used as directed. It cures Salt Rheum, Scoury Sores, Scrofula or Erysipelas, can long withstand its influence. The inventor has travelled over many parts of the globe, visiting the principal hospitals, dispensing this Ointment, giving advice as to its application, and has thus been the means of restoring countless numbers to health.

SORE LEGS, SORE BREASTS, WOUNDS AND ULCERS. Some of the most scientific surgeons now rely solely on the use of this wonderful Ointment, when he has to cope with the most obstinate sores, ulcers, wounds, glandular swellings, and tumors. Professor Holloway has, by command of the Allied Governments, dispatched to the hospitals of the East, large shipments of this Ointment, to be used under the direction of the Medical Staff, in the worst cases of wounds. It will cure any ulcer, glandular swelling, stiffness or contraction of the joints, even of 20 years standing.

PILES AND HEMORRHOIDS. These and other similar distressing complaints can be effectually cured if the Ointment be well rubbed in over the parts affected, and by thorough following the printed directions around each pot.

Both the Ointment and Pills should be used in the following cases: Blisters, Mercurial Eruptions, Swelled Glands, Burns, Chapped Hands, Stiff Joints, Chills, Rheumatism, Ulcers, Salt Rheum, Scrofulous Sores, Gout, Skin Diseases, Sore Legs, Lambeago, Wounds of all kinds, Scalds, Piles, Sore Breasts, Sprains, Scalds, Sores of all kinds, Sore Throat, &c.
