LOCAL NEWS .- We would be obliged if any of our friends in different sections of the county would furnish us with occurrences that would be of interest to our readers. Ministers and Justices would also confer a favor by sending marriage or death notices.

FIRE IN THE WOODS .- We understand that fires have broken out in the woods in different sections of the country, and are destroying timber, &c. On last Sunday, a fire broke out on the hill East of town, but we believe no other particular damage was done than to burn several cords of wood for Gen. A. M. RAFTING .- During last week, nearly, if not quite all, the timber, lumber and spar rafts from Cherry-tree, Chest creek, &c., passed this point on their way to market. We suppose that a great portion of the rafts in Clearfield creek, and other tributaries of the West Branch, also passed down, and in a short time we may expect to see some money affoat in Clearfield, and times easier than they have been for some months.

THE HIGHEST WATERFALL in the world is in the Sandwich Islands, and is stated to be between four and five thousand feet high .-The stream on which the fall occurs, runs among the peaks of the highest mountains in the islands. It falls sheer from a precipice so high that the water actually never reaches the bottom. The resistance of the air changes it great is the distance, and ascends to the clouds again.
