Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been

1 taxed their ntmost to produce this best, most perfect

purgative which is known to man. Innumerable proofs

are shown that these PILLS have virtues which surpass in

excellence the ordinary medicines, and that they win un-

precedentedly upon the esteem of all men. They are safe

and pleasant to take, but powerful to cure. Their per-

trating properties stimulate the vital activities of the body,

remove the obstructions of its organs, purify the blood,

and expel discase. They purge out the foul humors which

breed and grow distemper, stimulate singgish or disv-

dered organs into their natural action, and impart healthy

tone with strength to the whole system. Not only do

they cure the every-day complaints of every lody, but

also formidable and daugarous diseases that have baffled

the best of human skill. While they produce powerful

effects, they are at the same time, in diminished doecs, the

sufest and best physic that can be employed for children.

Being sugar control, they are pleasant to take; and being

purely vegetable, are free from any risk of harm. Cure-have been made which surpass belief were they not sub-
