

THE JOURNAL.

CLEARFIELD, PA., JUNE 8, 1857.

CLIPPINGS AND SCRIBBLINGS.

The Pittsburg Daily Gazette, one of the best papers in the State, has come out in new and beautiful dress.

Better be smitten with a young lady than the rheumatism. Depends much on circumstances, however.

Don't cry before you are out of the woods," is politely rendered, "Do not jubilate prior to emerging from the forest."

Rev. Mr. Roberts and 200 Welsh emigrants have arrived at Potland, in the Circassian, on their way to settle in eastern Tennessee.

"How many deaths?" asked the hospital physician. "Nine." "Why, I ordered medicine for ten." "Yes, but one would not take it."

"Fine affair—the 'May Party' last Thursday. Notwithstanding the shower of rain, it passed off pleasantly. The refreshments were excellent.

About three hundred arizans are now employed at the government armory at Harper's Ferry, in the manufacture of the rifle musket and the rifle.

"Sonny, does your father take a paper?" Yes, sir, two of them. One of them belongs to Mr. Smith, and the other to Mr. Thompson. I hook them off the stoop."

It is stated that ball-stones, by actual measurement nine inches in circumference, fell two weeks since in Illinois county, Mississippi. The general size was about that of a hen's egg.

Literary.—Dr. Kane's heirs have been paid \$57,000 for the sale of the lamented explorer's work, the Arctic Expedition; and Prof. Longfellow, it is said, netted \$13,000 by the sale of his Hiawatha.

The Governor has advertised the Main Line for sale on the 26th June. The Locos are trying to get the Supreme Court to issue an injunction against the sale. The buzzards are not yet satisfied.

"Greene County Republican" is the title of a new paper printed at Wayneburg, Greene county. It is Republican in politics, is spirited and interesting, and gives Locofocoism some hard thrusts.

Mr. Secretary Stanton has been examining the Border Ruffian Laws of Kansas, and has said, "that some of them are damnable." He is more candid than his daughter's brethren in Pennsylvania.

Gov. Walker goes to Kansas, backed up by a large amount of West. capital, pledged to operate with him in a giant land speculation. So we may expect to hear of Indian Reserve being bought out.

Hester Simons, in Troy, has been fined \$75 for disintering the corpse of the husband of a widow lady with whom she had a quarrel, and upon whom she thus vented her spite.—That's the latest invention of feminine cruelty.

The iron horse now pursues his way, without stop or important deviation from a direct line, from Bangor, Maine, to Jefferson City, Missouri, a distance of little over seven hundred miles, half as far as to London in three days!

The Limerick Reporter writes in a tone of alarm at the continuance of the population drain. The people, it is said, are literally flying in thousands from the Irish shores. If emigration proceed at this pace, the Limerick journal fears there will not be hands to till the soil.

Judge McElrath, of Decaturville, Tennessee, publishes a note in the Nashville Union in which he says: "The jail of this county was entered this morning by some unknown scoundrel and three prisoners taken out of prison." This is certainly a new phase in the crime of burglary.

Found Guilty.—In the case of the State against Sam Greo, (free negro), who was tried at the April term of the Circuit Court of Dorchester county, Md., for having in his possession abolition pamphlets, among which was "Uncle Tom's Cabin," the court has adjudged him guilty and sentenced him to the penitentiary for the term of ten years!

The Pittsburg and Steubenville Railroad has been leased by the Pennsylvania Railroad Company for the term of twenty years. When the bridges necessary to be built on this road will be completed, Philadelphia will have a shorter and more direct route to Cincinnati and the chief points in the West than any other of the Eastern cities.

Ladies' Veils—A Caution.—Curtis, a celebrated writer on sight, says that the wearing of veils permanently weakens many naturally good eyes, on account of the endeavors of the eye to adjust itself to the ceaseless vibrations of that too common article of dress. Ladies then should beware of hiding their pretty faces with veils.

New Jersey Pearls.—The pearl-hunting mania has extended to Newark, and the brooks in that vicinity are overrun with explorers.—Several pearls have been found during the past few days, ranging in value from \$5 to \$50.—Pearls of considerable value have also been found in Elizabethtown, Trenton, and at various points in Monmouth county.—N. Y. Trib.

Not to be Trusted at Large.—Queer things happen sometimes, even in Lunatic Asylums—a rough fellow passing the Worcester establishment, noticed at the window an old acquaintance, and bawled out to him, "hello, old fellow, what are you in for?" "Voting for Fillmore," was the prompt reply. The enquirer smiled—he had probably done it himself.

"Side-door" Sanderson and Flanigan, of the Philadelphia Daily News, have prosecuted Fletcher of the Daily Sun, of that city, and Dunham, of the Lock Haven Watchman, a libel, the latter charging them with treachery to the American party, and alleging that the News was controlled by Locofoco money.—They will have a "time" of it before they get through with Fletcher and Dunham.

TWO RIVERMEN.—THE COLUMBIA RIVER COMPANY has erected a Pier in the River, opposite Columbia, about 400 feet in length, 200 feet wide, and 20 feet high, and has the Columbia Bridge, for the lighting and securing of Rafts, Arks, &c. and of capacity sufficient to hold securely, and at any stage of water, any number of rafts likely to stop here at any one season. The depth of water immediately around and at a great distance in every direction from this Pier, at a low stage, is seven feet; so that there is not the slightest danger of becoming fast ground at any time. The running in the usual course of the river, is so rapid that the Pier can be reached by rafts without the slightest difficulty. A second Pier is about being erected a short distance below the present one, and is expected to be so far completed as to be ready for use during this Spring's business.

One or more competent persons will be employed by the company, to receive and take charge of the Arks, Rafts, &c. and to secure the feet in their care. The charge for fastening to the Piers, the present season, will be One Dollar for any time not exceeding one week; and Fifty Cents for each additional day or portion of a week.

This, the company feel assured, will be the very best and most advantageous landing on the river. No property landing here need be molested, or get ashore, on account of a sudden rise of water, but can remain here secure, whilst the owner may be trying to sell in the various markets to which he has access; and he can land his property at any stage of water, and with his property, if he can do better in another market, either by river, canal, or railroad—for Baltimore, Philadelphia, or any of the various markets elsewhere—having his own time in which to do so. J. W. WAGGONER, Superintendent, Columbia, April 29, 1857.
