CLEARFIELD, PA., JULY 1, 1857.

TYRONE & CLEARFIELD RAILROAD.

EXCURSION PARTY.

The Directors and Stockholders of the Tyrone and Clearfield Railroad, and all others who feel interested in the completion of the road, are requested to meet at Tyrone on Monday evening or early on Tuesday morning next, for the purpose of making an exenssion over that portion of the road which is now under contract. It is hoped that every one who can possibly do so, will attend.

EXAMINATION .- There will be an examination of the pupils of Clearfield Institute during Tuesday and Wednesday of next week. The public are respectfully invited to attend.

THE ANNUAL EXHIBITION of Clearfield Institute will be on Thursday Evening, July 9th. inst., in front of the Academy. A cordial invitation is extended to all.

Convention of Directors .- In pursuance of a resolution passed at the County Convention of School Directors held at Clearfield on the first Monday of May, 1857, a meeting of delegates from the various School districts of Clearfield county was held at the Town Hall, Clearfield, on Thursday June 25th, 1857. The Rev. L. L. Still was selected as President and L. J. Crans and Robert J. Wallace, appointed Secretaries.

The committee on text books submitted the following report. To the President, &c. :

The Committee appointed for the purpose of examining and selecting suitable school books to be used in the Common Schools of Clearfield county, beg leave to report; that through the kindness of several publishers in Philadelphia, New York and Boston, with whom they put themselves in correspondence immediately after their appointment they have been enabled to examine many school books of great value. The saying of Soloman "of making many books there is no end" seems as applicable to the present, as it was to his time .-From the examination which your committee have made they are satisfied that many books which are highly recommended are books long in use-now out of date-remodeled, introducing slight changes of matter but no improvements. Your committee have been desirous of recommending none but the best publications. Among the books recommended will be found some already introduced into our schools, and a few which have not yet found their way into our county. Where your committee have examined books by different anthors possessing equal merit, various considerations have induced them to prefer those named in the report, among which, style of publication, price, and the fact that the books are now in general use in our schools, have had their weight.

The Committee recommend for adoption the following:

Sargent's Smaller Standard Speller and Standard Speller.

Lynd's First book of Etymology and Class book of Etymology.

Sander's 1st, 2nd, 3d, 4th, 5th and High

School Readers, new series. Greene's Introduction to Grammar and Ele-

ments of English Grammar. Berard's History of the United States.

Trego's Geography of Pennsylvania.

Mitchell's series of School Geograpies.

Warren's Physical Geography. Davies' Arithmatics, Algebras, Calculus,

Legendre and Mensuration.

Gummere's Suveying. Comstock's Natural Philosophy and Chem-

istry.

Comstock's Elecution and Alphabetical Charts.

Webster's Dictionary, (unabridged.)

Becker's American System of Penmanship. The adoption, by the several school districts throughout the county, of similar school books, and the exclusion from the schools of all other works on the same subject, must be attended with very beneficial effects. Such a course will enable the teachers to properly classify their pupils, and effect more good in a term of four months than is now accomplished in six-will greatly facilitate the County Superintendent in imparting instruction at his regular visits to the schools, and in the end be a saving to parents in the purchase of books.

Connected with the adoption of text books -the purchase by the several boards, of a suf ficient number of books for the use of their schools which are to be pirced in the care of teachers who are to be responsible for them, seems to your committee to be a proper and important subject for discussion and action .-They would also recommend that in every school a regular record be kept and that parents be informed weekly or monthly of the attendance and progress of their children .-Your committee think no better plan could be adopted to infuse a spirit of emulation in the scholars, increase the interest of parents and render our school system more efficient.

Respectfully submitted. L. J. Crans, Elisha Fenton, R. J. Wallace, Jesse Broomall,

THE "MERRIMAC" SPECULATION .- The following article from the Telegraph, printed at Wyoming, Nebraska Territory, may prove interesting to some of our Clearfield friends :-

Swindling .- Charles S. Gilbert, is engaged in swindling by selling lots in a town called Merrimac, or rather, giving a number of them away to make the rest more valuable, charging only \$1, to pay the commissions, stating that the law requires a consideration in a deed to make it valid. This was a commendable foresight in him, and the thing looked so fair, the plan and circular to the different postmasters, requesting them to act as agents; and as an inducement, offered them a lot for every ten they sold. We hear that in some localities there were as many as 80 lots sold by one postmaster. Some of the victims even were induced to come to the Territory for the purpose of looking up and improving their lots. Now for the information of all concerned, we inform them that no such city as Merrimac exists, except in the prolific imagination of the said Gilbert; and that there is not a stake stuck, nor the fine school-house, ware-house, or steamboat landing, as he avers there is in his circular, anywhere in the vicinity of the place he designates Merrimac City to be located. It is an unmitigated humbug, and Charles S. Gilbert is an impostor. We would advise our eastern friends to keep a sharp look out for these speculators in city lots on paper; for Gilbert is not the only one who is engaged in such swindling operations.

NEW ADVERTISEMENTS .- By a reference to the administrators of Richard Curry, dec'd, offer some valuable property for sale.

W. A. Campbell will dispose of his personal property on the 11th inst.

The books of Ewen L. Miller are in the hands of W. A. Wallace, Esq., for collection. Persons indebted to the firm of Bloom &

Montgomery are requested to pay up. The card of Thomas G. Snyder, of Kylertown, will also be found among the new advertisements which appear in this paper.

FATAL ACCIDENT .- On the 22d June, Mark L. Johnson, son of Robert Johnson, of Jordan township, near Ansonville, was killed by the falling of a limb of a tree at which he was working. The limb struck him on the head and broke the skull, causing instantaneous with a hearse, when called upon.

JOSHUA S. JOHNSON. death. He was about 12 years of age.

A Good Move .- We see the "borough fathers" are taking some steps towards grading acd otherwise improving the streets. We trust they will continue at the good work until the streets are put in such condition as they should be. We should like to see them well macadamised.

But death hath come-you must go, Tho' friends should o'er you weep; It is God's will-be it so-We ne'er will disturb your sleep.

On Friday morning, the 26th June, JAMES M. Kelly, of Glen Hope, aged about 37 years. On the 27th June, Mrs. Granam, wife of Wm. Graham, of Bradford township.

GREAT HORSE RACE AT ALBANY .- A PACE for \$2000 a side, came off on Wednesday afternoon, in Albany, between the Dalton horse owned there, and the Taylor horse, owned in New York. The distance was twenty miles, in harness. The Dalton horse made a waiting race for seventeen miles, laying close to Taylor's quarters and taking it easy, and at the eighteenth mile Dalton drew ahead and maintained it for a mile, when Taylor ran past him, going in a few lengths ahead. The time for travelling the twenty miles was one hour twelve minutes and fifty four seconds. The Judges decided the race in favor of Dalton, who gets the stakes, in consequence of Taylor's horse running. The horses are matched for a fifty mile race to come off at New York.

NO THOSE WHO WANT FARMS A FARM WITHIN THE REACH OF

EVERY MAN.
THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle o purchase a home can do so. The farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring.

The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable in instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for \$300, payabln \$6 per month or 121 acres payable \$4 per month.— Discount for every sum of \$100 and under, paid in advance, a discount of 5 per cent, will be allowed, and for over \$100 a discount of 10 per cent. In considering the advantages of emigrating to this locality the following are presented:

First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great prosperity.

Second—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to population and travel the greatest in the Union.). It has five workable veines of the best Bituminous Coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre This will make the land of inestimable value. Third—The eminent state geologist Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron

ore and the limestone. This report together with maps will be furnished to inquirers. Fourth-Three railroads are laid out through this property. The Sunbury and Eric Railroad gives us a market for our coal to the Lakes-it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Eric to-wards our land in the western direction, the means for the completion of which has been raised—it will soon be finished. The Allegheny Valley Rail road connects us with New York, Boston and Pittsburg. The Venango Road connects us with the

There are already good Turnpike roads running through the property, various other roads have been opened to accommodate the emigration and settlement which has already taken place. There is no opportunity equal to it now offered to the man who wants to provide himself a home

in an easy way, and make a settlement where he can live in prosperity and independence in a cli-mate PERFECTLY HEALTHY. No case of fever ever having been known to oce

cur in this settlement. It is not like going to the backwoods of the West, among perhaps intollerant people, where there is no society churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthrest climate in the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels stores, saw mills, grist mills, and everything de-sired. There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will still become more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them ex-tensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the fature, or to gain a competence by the rise which will take place in the value of lands By an ontlay scarcely missed, a substan-

rial provision can be made

Persons should make early application, apply or
write to E. Jefferies, Secretary, No. 135 Walnut
street, below Fifth, Philadelphia. Letters carefully answered giving full information. Shares or tracts of land can be bought or secur ed by letter enclosing the first inslalment of five dollars, when the subscriber will be furnished with books, maps. &c. Warrantee Deeds given. FOR THE CURE OF Bronchial affections, Coughs, Colds, Pleurisy, Bronchitis, Asthma, and all other diseases of the throat and lungs, except Consumption. This invaluable remedy is no quack nostrum, but is prepared from the recipe of a regular physician, who during a practice of twenty-five years, used it with unpar-alleled success. It is a combination of expectorant remedies, simple in their character and used by every educated physician. It is easily taken produces no nausea or other disagreeable effects and gives almost immediate relief. In this everchanging climate, where coughs and colds so fre-

quently end in consumption and death, no family hould be without this CERTAIN CURE. It would be easy to follow in the wake of the venders of patent medicine, and multiply certificates got up for the occasion, of miraculous cures, but no such adventitious aid is necessary in introducing this preparation to the public. Its real value, and never failing success, in accomplishing all promised for it, cannot but give it a wide circulation, and recommend it to all those afflicted with diseases for which it is a remedy.
