DR. Ross AGAINST JEFFERSON .- At the annual Meeting of the Presbyterian Church (New School) in Cleveland, the Rev. Dr. Ross, of Tennessee, took issue with Jefferson in the following language :

"Jefferson's Declaration says: 41. That all men are created equal. I de-

my it. 42. That all men have rights unalienable,

save in their concent. I deny it. .. 3. That government is instituted solely in

the consent of the governed. I deny it. 44. That government may be abolished

whenever the governed may choose to consent thereto. I deny it."

We see that the Doctor denies the story. current in the papers, that his mother was a slave. But the Cleveland Leader says that citizens of Tennessee, now in that city, declare that it is a well known fact in their native State, and there it had never been denied .-The New York Independent also asserts the truth of the story. And it is this son of a slave who is trying to get up a new Slavery-Defending Presbyterian General Assembly !!

The following conversation between two jolly sons of the Green Isle occurred a day or two since. "I say, Jimmy, did you ever see such a summer as this same?" "Faith an' I have." "When? "Last winter, be jabers."

The manner in which they weigh a hog out West, it is said, is to put the hog in scale anb some stones in the other and then guess at the weight of stones.

Bronchial affections, Coughs, Colds, Pleurisy, Bronchitis, Asthma, and all other diseases of the throat and lungs, except Consumption. This invaluable remedy is no quack nostrum, but is prepared from the recipe of a regular physician, who during a practice of twenty-five years, used it with unpar-alleled success. It is a combination of expectorant remedies, simple in their character and used by every educated physician. It is easily taken, produces no nausea or other disagreeable effects, and gives almost immediate relief. In this everchanging climate, where coughs and colds so froquently end in consumption and death, no family should be without this CERTAIN CURE.

It would be easy to follow in the wake of the venders of patent medicine, and multiply certificates got up for the occasion, of miraculous cures, but no such adventitious aid is necessary in introducing this preparation to the public. Its real value, and never failing success, in accomplishing all promised for it, cannot but give it a wide eirculation, and recommend it to all those afflicted with disenses for which it is a remedy. TO THOSE WHO WANT FARMS. EVERY MAN.

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so. The farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring.— The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10.000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. It also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable in instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for \$300, payabln \$6 per month or 12) acres payable S4 per month.— Discount for every sum of \$100 and under, paid in advance, a discount of 5 per cent. will be allowed, and for over \$100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality the following are presented:

First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great prosperity. Second-It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to population and travel the greatest in the Union.) It has five workable veines of the best Bituminous Coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of inestimable value.

Third—The eminent state geologist Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and the limestone. This report together with maps will be furnished to inquirers.

Fourth-Three railroads are laid out through this property. The Sunbury and Eric Railroad gives us a market for our coal to the Lakes—it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie tofor the completion of which has been raised—it will soon be finished. The Allegheny Valley Rail road connects us with New York, Boston and Pittsburg. The Venango Road connects us with the

There are already good Turnpike roads running through the property, various other roads have been opened to accommodate the emigration and settlement which has already taken place. There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a cli-mate PERFECTLY HEALTHY.

No case of fever ever having been known to o cur in this settlement. It is not like going to the backwoods of the West, among perhaps intollerant people, where there is no society churches, or chools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world. has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything de There is a eash market at hand. ber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will still become more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands By an outlay searcely missed, a substan-

tial provision can be made Persons should make early application, apply or write to E. Jefferies, Secretary, No. 135 Walnut street, below Fifth, Philadelphia. Letters carefully answered giving full information.
Shares or tracts of land can be bought or seem

ed by letter enclosing the first inslalment of five dollars, when the subscriber will be furnished with books, maps, &c. Warrantee Deeds given. Persons can also purchase from our agents.

Route from Philadelphia to Tyrone on the Pennsylvania Central Railroad, and thence by Stage to the land. This is a delightful season to visit St. Mary's-the best hotel accommodation is afforded. Enquire for E. C. Shultz, Esq., the Agent for the property at St. Mary's. June10-37-3m.

WASHINGTON, D. C., 7 Feb., 1886.

Sin: I have used your Pills in my general and hospital practice ever since you reade them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for detangements of that organ. Indeed, I have seldom found a case of bilious discuss so obstinate that it did not readily yield to them.

Fraternally yours,

Dysentery, Relax, and Worms. Post Office, Hartiand, Liv. Co., Mich., Nov. 16, 1855. Dr. Aven: Year Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors bills, and lost much time, without being cured entirely even them. Such a medicine as yours, which is actually good and honest, will be prized here.

Dr. Aver: Your Pills are the paragon of all that is
great in medicine. They have cured my little daughter
of ulcerous sores upon hor hands and feet that had proved
incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in
nor hair. After our child was cured, she also tried your
Pills, and they have cured her. ASA MORGRIDGE.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatique. Notwithstanding I had the best of physicians, the disease grew warse and worse, until, by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were alone between the control of the control o Their effects were slow, but sure. By persevering in the

use of them I am now entirely well. SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and yamp persons. Parents should have it in store against the insidious enemy that steak upon them unprepared. We have abundant grounds to believe the Chrant Parcuat saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.
