PULASEI HOUSE, SAVANAR, GA., Jan. 6, 1856.
HONOMED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you.
A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism.
Notwithstanding I had the best of physicians, the disease grew waves and worse, until, by the advice of your excellent agent in Baltimove. Dr. Mackenzie, I tried your Pills.
Their effects were slow, but sure. By permovering in the use of them I am now entirely well.

SENATE CRAMMER, BATON ROUGE, LA., 5 Dec., 1855. DR. AVAR: I have been entirely cured by your Fills of Rheumatic Gout — a painful discuss that had afflicted me for years. For Dropsy, Plethora, or kindred Com-plaints, requiring an active purge, they are an excel-ion remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual. Fits, Suppression, Paralysis, Inflamma-tion, and even Deafness, and Partial Blind-meas, have been cured by the alterative action of these Fills.

Most of the pills in market contain Mercury, which, ab-though a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that fre-quently follow its incantious use. These contain no mer-cury or mineral substance whatever.

for farming, in a rapidly improving place, into which an extensive emigration is now pouring.— The property is located in Elk County, Pennsylvania, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. It BO also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable in instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for \$300, payabin \$6 Don entitling to locate the same for \$300, payabla \$6 per month or 12) acres payable \$4 per month.— Discount for every sum of \$100 and under, paid in advance, a discount of 5 per cent. will be allowed, and for over \$100 a discount of 10 per cent. In considering the advantages of emigrating to this locality the following are presented: *First*—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this set-tlement has attained its present great prosperity. *Second*—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will

which makes 22,000 tons of coal under each acre. This will make the land of inestimable value. *Third*—The eminent state geologist Dr. Chas. T. Jackson of Boston, has made a geological sur-vey of the land, and analysed the coal, the iron ore and the limestone. This report together with maps will be furnished to inquirers. *Fourth*—Three railroads are laid out through

Fourth—Three railroads are laid out through this property. The Sunbury and Erie Railroad gives us a market for our coal to the Lakes—it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running or-der. A heavy force is now working from Erie to-wards our land in the western direction the means for the completion of which has been raised—it will soon be finished. West. There are already good Turnpike roads running through the property, various other roads have been opened to accommodate the emigration and settlement which has already taken place. There is no oppertunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a cli-mate PERFECTLY HEALTHY. and itse in prosperity and independence in a cli-mate PERFECTLY HEALTHY. No case of fever ever having been known to evi-cur in this settlement. It is not like going to the backwoods of the West, among perhaps intollerant people, where the price of land is high, and where the emigrant, after being used to the healthrest climate in the world. has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything de-eired. There is a cash market at hand. The lum-ber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will still become more valuable, as a number of iron works and manufactories will soon be started ; they are at present starting them ex-tensively at Warren. Even for those who do not wish to go there, the payments are such that they from want in the future, or to gain a competence by the rise which will take place in the value of lands By an outlay scarcely missed, a substan-tial provision can be made. Tersons should make early application, apply or write to E. Jefferies, Secretary, No. 135 Walnut street, below fifth, Philadelphia. Letters care-ully answered giving full information. Batter or tracts of land can be bought or secur-d by letter enclosing the first insignment of five dollars, when the subscriber will be furnished with books, mape, &c. Warrantee Deeds given. Persons scan also purchase from our agents. Batte from Philadelphia to Tyrone on the Penn-physinia Central Railroad, and thence by Stage to the land.
