I've often been wrothy and ready to fight, And aven this minit I owe them a spite, I'd make a shillaly of shovel or Pick, And bate out the brains of a "d-d heretic."

I wish I could cut all Americans' throats. Who say they don't want any Catholic votes, The Praist and Bill Packer would thank me for that. "An' sure,' they would say 'you're a good Dimekrat."

But there is a set, called Republicans, too. Who tell us "the Nagers are likely as you,"
They'll not take a nager, though black as your hat,
And bate out his brains, like a good Dimekrat. But both of these parties are sure to come down, For didn't I hear Billy say so in town, "If Framont's elected," says he, "I will help Brooks take the big Chist and "Republican's scalp."

We bate them last fall and we'll bate them again, For Sanderson's ready and always has been; Now Sanderson go it, we know what you're at, You're splitting them up like a good Dimekrat.

Ould Dave's non-extension will niver succade, For Nagers we hate like the Know Nothing crade, An' the Praist tells us all. Jemmy, Michel an' Pat, To vote for Bill Packer, the good Dimekrat. The Praists and Napoleon over in France Did what we'll do here when we get a good chance.

And our party in Kansas has even bate that, But Louis Napoleon's a good Dimekrat. Now go it me hearties, the Praist says you're right,

He says you can vote for Bill Packer in spite Of Naturalization or Know Nothing Law, We'll vote to the Music of "Erin go Braugh." na At a 4th of July celebration, not a hundred miles from here, the following toast was

handed in by a strong-minded lady : The husband that I mean to get, Must be well stored with riches, Good natured, willing still to let His dear wife wear the breeches.

A second one says: What a pitiful set these old bachelors are, Every body of taste must allow; Than to kiss one I would rather, by far, Give a buss to my mamma's old cow; That's so, my boy.

Here's another of the "same sort :" I might have been wedded long ago, It I'd not had such a six ep of a beaux : He was not fit for mammy or daddy.

In a remedy is no quack nostrum, but is prepared from the recipe of a regular physician, who during a practice of twenty-five years, used it with unpar-alleled success. It is a combination of expecto-rant remedies, simple in their character and used by every educated physician. It is easily taken. produces no nausea or other disagreeable effects and gives almost immediate relief. In this everchanging climate, where coughs and colds so frequently end in consumption and death, no family

should be without this CERTAIN CURE.

It would be easy to follow in the wake of the venders of patent medicine, and multiply certificates got up for the occasion, of miraculous cures, but no such adventitious aid is necessary in introducing this preparation to the public. Its real value, and never failing success, in accomplishing all promised for it, cannot but give it a wide circulation, and recommend it to all those afflicted with diseases for which it is a remedy. Call and examine the stock and judge for your-[dec17] THOMAS ROBINS. THO THOSE WHO WANT FARMS. A FARM WITHIN THE REACH OF EVERY MAN.

THE RIDGWAY FARM COMPANY has made arrangements by which all who desire to settle or purchase a home can do so. The farms consist of the best limestone soil of the most superior quality public generally, that he is now re-established in for farming, in a rapidly improving place, into the OLD SHOP, on third street, lately occupied by Jacob Shunkweiler, where he hopes by strict atnia, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. It to 18 years of age, will meet with a good situation | also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable in instalments, to be located at the time of purchasing, or a share of 25 acres entitling to locate the same for \$300, payabin \$6 per month or 12) acres payable \$4 per month.— Discount for every sum of \$100 and under, paid in advance, a discount of 5 per cent. will be allowed, and for over \$100 a discount of 10 per cent. In considering the advantages of emigrating to

this locality the following are presented: First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great prosperity. Second—It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market. (according to population and travel the greatest in the Union.) I has five workable veines of the best Bituminous Coal, amounting in the aggregate to over 22 feet which makes 22,000 tons of coal under each acre. This will make the land of inestimable value.

Third—The eminent state geologist Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron

ore and the limestone. This report together with maps will be furnished to inquirers. Fourth—Three railroads are laid out through this property. The Sunbury and Erie Railroad gives us a market for our coal to the Lakes-it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie to wards our land in the western direction, the means for the completion of which has been raised-i will soon be finished. The Allegheny Valley Rail road connects us with New York, Eoston and Pittsburg. The Venango Road connects us with the

There are already good Turnpike roads running through the property, various other roads have been opened to accommodate the emigration and settlement which has already taken place. There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a cli-mate PERFECTLY HEALTHY.

No case of fever ever having been known to oc cur in this settlement. It is not like going to the backwoods of the West, among perhaps intollerant people, where there is no society, churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthrest climate in the world. has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything de-There is a cash market at hand. The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will still become more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them ex-tensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands By an ontlay scarcely missed, a substantial provision can be made

Persons should make early application, apply or write to E. Jefferies, Secretary, No. 135 Walnut street, below Fifth, Philadelphia. Letters carefully answered giving full information.

Shares or tracts of land can be bought or secured by letter enclosing the first inslalment of five dollars, when the subscriber will be furnished with books, maps, &c. Warrantes Deeds given. Persons can also purchase from our agents.
