FUN, FACT & FANCY.

It is stated "by authority" that a new fashion is about to be introduced by the ladies of Buffalo-no less in fact than an immense calash which is to be attached to the waists of the dear creatures, to be raised and lowered at pleasure, like the top of a buggy. Buffalo papers frantically ask "what next?"?

"Tough, madam tough did you say ?" said the irascible boarder to the landlady, as he was trying to carve what was ostensibly a chicken -"Yes'm; and were I to give my opinion on the fowl, I should say it was old enough to have scratched up the seeds of original sin when they were first planted.

The St. Paul Daily Times needs to be looked to. It tells of an Irishman in that city who was engaged at a drain, and had his pick-axe raised in the air just as the town clock struck 12, when, determined to do no more work, he let go the pick and left it hanging there.

As this is the se of conventions and fast youths, it is understood that the boys intend to hold a conv. tion to revise the ten comdren."

Mrs. Mulloney writes from Cork to her sister in this country, that her cousin Bridget died in June last. "She ate Indy meal," she says, till she got the "Cornelia Morgus," which carried her off in less time than you'd snuff out a candle.

An Irishman, in great fright and haste, rushed into Dr. Abernethy's office, and exclaimed "Be dad, the boy Tim has swallowed a rat !" "Theo, bedad," said the doctor, "tell the boy Tim to swallow a cat !"

An elderly Pennsylvania woman with a daughter, looking at the marble statute of Girard in the college building, the other day, startled the bystanders by saying, "La, Sally, how white he was !"

A round LADY who was recommended to exercise for the benefit of her health, replied, "I will jump at an offer of marriage, and run my own risk, if that kind of exercise will do you. Sensible lady, that.

HALLOA!-NEW WAGON MANUFACTORY The undersigned would respectfully an-nounce to his friends and the public generally the 16th of April, 1841. Its Weekly edition was commenced in September of the same y:ar; its Semi-Weekly in May, 1845. It was the first daily in America to issue a double or eight-page sheet at a low price, and it has kept at least even with the foremost of its rivals in the rapid expansion of Newspaper enterprise, which the great extension of Railroads, and the establishment of the Telegraph system have crowded into these last sixteen eventful years. No larger journal is afforded at so low a price in any quarter of the world; none in America, no matter at what price issued, pays in America, no matter at what price issued, pays an equal amount, weekly or monthly, for intellec-tual labor. It employs correspondents regularly in the leading capitals of Europe, and at the most important points on this continent, with a liberal staff of writers and reporters at home, regarding full early and accurate information of the staff of grant and accurate information of the staff of the staff of writers and reporters at home, regarding

full, early and accurate information as the first object of a Newspaper, and the timely and thorough elucidation thereof as the chief end of its Editorials. In that spirit, "The Tribune" has been and will be conducted, extending and perfecting its correspondence so fast as the increase of its pa-tronage will justify the expense Should the cur-rent attempt to connect the Old with the NewWorld rent attempt to connect the Old with the New World by the magnetic wire prove successful, we shall ve-ry soon, at a heavy cost to ourselves and, we trust, a corresponding advantage to our readers publish each morning a synopsis of the preceeding day's occurrences throughout Europe, Northern Africa and Western Asia, with regular reports of the mar-kets, the monetary aspects and harvest prospects of hither Europe. With a good atlas beside him and his daily paper on his fireside table, the A-merican farmer or artisan within a day's ride of and his daily paper on his arcside table, the A-merican farmer or artisan within a day's ride of the city may then study each evening the doings of the civilized world throughout the day preced-ing; and it seems hardly possible that any who can read, but especially one who has children to educate, will longer deny himself the pleasure and profit of a deily intranal. The secure is four and profit of a daily journal. The same is true mea-surably of those who live further inland; though,

surably of those who live further inland, though, where mails are infrequent, a Semi-Weekly, or e-ven a Weekly, may seem sufficient. The Tribune deals with questions of Political Economy, Public Policy, Ethics, Material Progress and whatever may affect the Intellectual, Moral, Social and Physical well being of mankind, dogmatic Theology alone excepted. Its leading idea is the honoring of honest useful Work in whatever sphere or capacity, and the consequent elevation of the Laboring class in knowledge, virtue and general esteem. It is necessarily hostile to Slavery under all its aspects, to Intemperance in whatever form or degree with its accessories, to War save in the defense of Country and Liberty against actual invasion, and to every form of Gambling. Desiring to see Production extended and encour-aged, while wild Speculation and useless Traffic are curtailed, it favors the policy of sustaining and diversifying Home Industry by a discriminating Tariff-a policy which tends to increase the price of Grain to the farmer while diminishing that of Bread to the artisan, by reducing the distance across which their respective products are exchang-ed and, of course, reducing the cost of their trans-for. Regarding Fillibusterism in all its phases, and every form and device of National covetousness, with unqualified abhorrence as the bane of Republics and in their triumph the grave of Equal Republies and in their triumph the grave of Equal Human Rights, we seek by every means to woo Ibiladelphia Adverligemenls. and win the attention of our countrymen from pro-jects of aggrandizement abroad to enterprises of developement and beneficence at home, foremost among which we rank a Railroad through the heart of our territory to connect the waters of the Atlantic with those of the Pacific. Believing that the goods of this life are not yet fairly distributed, and that no one ready to work should ever famish in unwilling idleness, it lends an open car to eve-ry suggestion of Social improvement which does not countervail the dictates of eternal Morality nor war upon that natural right of every one to whatsoever he has fairly produced or honestly acquired, whose denial must sink mankind into the chaos and night of barbarism and universal squalor. With a profound consciousness that idlers, drunkards, libertines and profligates can never be

which an extensive emigration is now pouring.-The property is located in Elk County, Pennsylva-nia, in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west fever is unknown. also has an abundance of the best quality of Coal and Iron. The price to buy it out is from \$3 to \$20 per acre, payable in instalments. to be located time of purchasing, or a share of 25 acres at the entitling to locate the same for \$300, payabin \$6 per month or 12 acres payable S4 per month.-Discount for every sum of \$100 and under, paid in advance, a discount of 5 per cent. will be allowed. and for over \$100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality the following are presented : First-The soil is a rich limestone, capable of

raising the heaviest crops, owing to which this settlement has attained its present great prosperity. Second-It is the centre of the great North West Coal Basin, and is destined soon to become one of the greatest business places in the State. It will supply the great Lake market, (according to popu-lation and travel the greatest in the Union.) It has five workable veines of the best Bituminous Coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acro. This will make the land of inestimable value.

Third-The eminent state geologist Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and the limestone. This report together with maps will be furnished to inquirers. Fourth-Three railroads are laid out through

this property. The Sunbury and Erie Railroad gives us a market for our coal to the Lakes-it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which has been raised-it will soon be finished. The Allegheny Valley Rail road connects us with New York, Boston and Pittsburg. The Venango Road connects us with the West

There are already good Turnpike roads running through the property, various other roads have been opened to accommodate the emigration and settlement which has already taken place.

There is no opportunity caul to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a cli-mate PERFECTLY HEALTHY.

Recognizing in the most degraded specimen of Humanity a divine spark which should be reverently cherished, not ruthlessly trodden out, we have charity for all forms of evil but those which seek personal advantage through the de-basement of our fellow-beings. The champion of no class or caste, the devotec of no sect, we would fain be the interpreter to each other of men's better impulses and aspirations, the harbinger of general concord between Labor and Capital, and among those whom circumstances or misapprehensions have thrown into unnatural antagonism. A cotemporary once observed that he never knew a hard, grasping, niggardly employer who did not hate 'The Tribune', nor a generous, large-souled, kindly one, willing to live and let live, who did not like it. We ask no higher praise, no warmer

attestation The circulation of The Tribune is at this time as follows : Daily, 32,000 copies; Weekly, 176,800 copies; Semi-Weekly, 16,000 copies; California and European, 6,000 copies; Total, 230,800 copies. That of the Semi-Weekly and Weekly we believe to be exceeded by no other newspaper published in the world; that of the Daily falls behind that some of our cotemporaries. Had our hostility Human Slavery and the Liquor Traffic been

nore guarded and politic, our Daily issues would now be some thousands heavier and our Advertis-ing far more lucrative; but of our patronage generally we have no reason, no wish, to complai Of late, a concerted effort has been made to diminish our rural circulation through the influence of the Postmasters, some of whom embark in i eagerly, others under political restraint, while a large number, we are happy, for the sake Human Nature, to state, refuse to be dragooned into it at all. Still, we have been made to feel the heavy hand of Power, and have doubtless lost thousands of subscribers in consequence. Pretexts to which no individual in his private capacity would have stooped have been relied on to justify the stoppage of our papers within reach of their subscribers and rightful owners, and their retention in the Post-Office till their value was destroyed. Postmasters have been schooled by rival journals-several of them living on their self-proclaimed ability to serve as an antidote to The Tribune-as to their

political duty to promote at our expense the dis-semmination of gazettes of adverse politics. We shall outlive this warfare, but we do not affect inmate PERFECTLY HEALTHY. No case of fever ever having been known to oci cur in this settlement. It is not like going to the backwoods of the West, among perhaps intollerant people, where there is no society. churches, or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world. has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything de-sired. There is a cash market at hand. The lum-ber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will still become more valuable, as a shall outlive this warfare, but we do that this ometal warrare on our circulation be not prosecuted without counteraction. We employ no travelling agents, for we will not consent to have the public harrassed with the solicitations of stran-gers in our behalf. We strike the name of each subscriber to our Weekly and Semi-Weekly from our books as soon as his term has expired, for we cur books as soon as his term has expired, for we will not haunt our patrons with duns for arrears which they may say they never intended to incur, for papers which perhaps they never read; we re-ly for the renewal of our subscriptions solely on the volunteered efforts of those who, liking our pa-per, believe its influence salutary and worthy to be extended; and thus far our reliance has been instified as we trust it may setting a been

justified, as we trust it may continue to be. The Tribune is printed on a large imperial sheet, 321 by 44 inches, folded in quarto form, and mail-ed to subscribers at the following TERMS:
