NARROW ESCAPE .- One day last week, while Mr. James M. Bradley, of Lawrence township, was out hunting, his gun burst in his hands when shooting at a Pheasant. The barrel split at the breech, which flew back past his head-another piece tore his coat sleeve open from the elbow to the hand inflicting a deep sear the whole distance. It is really astonishng that he escaped with so little injury.

Choice Fruit .- Yesterday afternoon, our esteemed friend, URBANE W. McNaul, of Pike township, presented us with a box containing the bigger portion of a bushel of apples of different varicties. They are "large, plump and juicy," and as palateable as any we have recently had the pleasure of testing, and convincing testimony that as good fruit can be raised in Clearfield county as in other parts of the State. We invoke the special guardianship of the "goddess of plenty" over our friend s orchard, trusting that it may always produce an abundance of superior apples, and that -that-some of 'em will roll, and roll, and roll,

ALLEGED HORSE THIEF CAUGHT .- Yesterday evening a man calling himself Charles Stevens was arrested, on oath of Samuel H. Reed, of Corning. Steuben County, New York, charged with stealing a horse and buggy, the property of Keeffer Brothers, of Corning, and after a hearing before M. A. Frank. Esq , committed to prison. It seems that, on last Thursday, Stevens came to the livery stable of Keeffer Bros. and pretended to hire the horse and vehicle for a few hours to go to the "Gang Mills." Not returning in proper season, suspicion was aroused and upon inquiry it was ascertained the fellow had made off. Pursuit was made, and Stevens traced to Coudersport, Potter Co., Pa., where he had sold the buggy and borrowed a saddle. From there he was traced thro Smethport to Williamsville, in McKean county, where he sold the herse and traded away the sad dle. He was next followed to this place and apprehended. It is designed to remove him to the Smethport jail, to await a requisition from New York. We understand he tried to borrow a horse in our town also, yesterday afternoon

FROM KANSAS. The special session of the Kansas Legislature was organized on the 8th inst. by the election of C. W. Babcock, President of the Council, and G. W. Deetzler as Speaker of the House.

Acting Governor Stanton, in his message, states that, in consequence of the recent events having produced agitation in the public mind, and that a sense of wrongs and injustice, whether well or illfounded, and an apprehension of greater evils to arise, have aroused the people of the Territory to a condition of great excitement, I find myself compelled by a sense of duty to-call you together, that you may adopt prompt legislation, in a measure to avert the calamities which threaten the public peace.

After reviewing the formation and action of the Constitutional Convention, Governor Stanton recommends the passage of an act directing the election to be held under different officers, on the same day, and at the same places provided by the proclamation of the President of the Convention, authorizing the people to vote for the Constitution, in either of the forms presented by the Convention, and also against the Constitution in both forms.

The Governor also recommends the passage of a law making a fraudulent return of votes a felony, with suitable punishment.

ROBINS' EXPECTORANT COMPOUND SYRUP OF WILD CHERRY. FOR THE CURE OF Bronchial affections, Coughs, Colds, Pleurisy, Broa chitis. Asthma, and all other diseases of the throa and lungs, except Consumption. This invaluable remedy is no quack nostrum, but is prepared from the recipe of a regular physician, who during a practice of twenty-five years, used it with unpar alleled success. It is a combination of expecrant remedies, simple in their character and used by every educated physician. It is easily taken, produces no nausea or other disagreeable effects, and gives almost immediate relief. In this everchanging climate, where coughs and colds so fre

quently end in consumption and death, no family ould be without this CERTAIN CURE. It would be easy to follow in the wake of the venders of patent medicine, and multiply certificates got up for the occasion, of miraculous cures, but no such adventitious aid is necessary in introducing this preparation to the public. Its real value, and never failing success, in accomplishing all promised for it, cannot but give it a wide circulation, and recommend it to all those afflicted with diseases for which it is a remedy.
