NEW Goops .-- Wm. Irvin has received New Goods at the Corner Store, Curwensville.

JOHN PATTON is opening a stock of New Goods at his store in Curwensville Borough.

ANDROTTPES .- Mr. P. C. Purviance still contlunes to take ambrotype pictures at his rooms on Second street. He is a good artist, and his likenesses we believe render general satisfaction. The best way, however, to decide the matter is to go and test it personally.

"JERKED" VENISON .-- Mr. Robert I. McCollim, of Lawrence township, presented us a few days since with a fine piece of "jerk," for which we tender him our thanks. Bob understands how to "jerk" venison as well as the next man, and we hope he may always find plenty of deer, and kill just as many as he wishes.

RAILROAD ELECTION .- On Monday the 11th inst., an election for officers of the Tyrone and Clearfield Railroad Company for 1858, was held at the house of D. Johnston, in Philipsburg, with the following result :--

President-Hon. James T. Hale.

Directors-A. G. Curtin, D. J. Pruner, C. R. Foster, Jas. C. Williams, Jas. B. Graham, Jonathan Boynton, G. L. Reed, William Irvin, J. W. Smith, A. K. Wright, Edward Perks and Jacob Burley.

Treasurer_James T. Leonard.

THE WEATBER .- We have had very remarkable weather during the present month. A greater part of it has been comparatively mild and present. The fore part of last week was more like a spring month than January. Under the genial influence of the sun, vegetation began to show signs of reviving vitality, and several of our farmers told us they were plowing fallows. We may, however, have to make up for it after awhile. An old adage says :

"If grass grows in Janiveer. It grows the worse for't all the year."

If it is an infallible rule, we had better be on the look out for "breakers," though we have the experience of the past two years to console us that "signs" will fail sometimes.

The present week started out cold and blustery, with a trifle of snow.

The following should have appeared last week, but was inadvertently neglected :

For the Journal. THE CURWENSVILLE SAXE-HORN BAND gave a free concert on New Years' night, in the Presbyterian church in Curwensville, which was a rather fine affair. The performances of the Band elicited the approbation of all present, and at the conclusion of the concert the ladies (God bless 'em) presented a collection of fine cakes and a purse containing \$10, as a mark of their esteem to the band. Gen. Patton made a few neat and appropriate remarks

ASHAMED OF IT .-- In the debate in the Sen- FLOUR .-- Just received 30 barrels Extra Famate upon the Treasury note bil, Mr. Pugh (Democrat) said :

"At the last session we were called upon in a great hurry, to reduce the tarriff. What was the argument for that haste? That if we did not reduce the tariff in double quick time, there would be a surplus of \$60,000,000 of coin in the Sub-Treasury, and it would break everybody. We have passed a tariff bill, but we have not only broken everybody, but we have no money in the Treasury. Is this the way the financial affairs of this Government are to be conducted ? You begin at one session to press through a bill to drive money out of the Treasury, and then come here and press us into the night hours to get another bill to put money into the Treasury. I think this a serious impeachment of the financial abilities of the Democratic party; and, with out meaning to be unkind to individuals, I am a little ashamed of it. We are precipitating the Government of the United States, in a time of peace, without any excuse for it, into a system of continental paper money. I can

make nothing else out of it."

BANKS ON DOUGLAS .- The Boston Bee's Washington correspondent, tells the following conversation relative to Douglas' late demonstration :- The day after Douglas made his speech, a Democrat said to Mr. Banks "are you Republicans going to take Mr. Douglas in ?" "Yes, sir," replied the Little Iron Man, "we will take all who want to come; the church is large and the door is wide." "Very well," rejoined the Democrat, "but are you willing to make him your leader ?" "We are willing, after they all get in," replied Banks, "to let the smartest man lead the column."

Noise .- Up in Detroit, Michigan, when the Douglas men turned an administration meet-ing into a Douglas meeting, they made a little noise. Says the .Advertiser :- "Of all the noise made by the human voice, this meeting afforded the greatest variety. A zoological garden or menagerie of cats, dogs, tigers, roosters, elephants, hogs, bulls, horses, cows, hawks, mocking-birds, robins, owls, geese, hens, goslins, jackasses, parrots, and all other things that utter strange noises, were represented on this occasion."

Mr. EDITOR :- The Democracy of Elk held a County Meeting in Ridgway during their recent Court week, at which some rich performances came off. After organizing, delegates to the Democratic State Convention were appointed-W. P. Wilcox, Esq., Senatorial, and Joel Spyker, Esq., and Dr. T. J. Boyer, Representative Delegates. By this time it was understood that two sets of resolutions were on hand-one set endorsing the course of Buchanan, the other Douglas. The Buchananites had secured the officers of the meeting, but finding they were in a minority, moved an adjournment before any resolutions were offered. Then came the fun. The Douglas resolutions were handed to a Republican to read them to the people-the meeting was re-organized, and amidst all sorts of shouting, upsetting of tabies and tossing about of chairs, the resolutions were adopted. They are as follows :

Resolved, That we recognize the right of the people of a Territory in forming a Constitution for admission into the Union, to establish such local policy as to them may seem right and proper; and they (the citizens of such Territory) in accordance with the spirit of the Kansas-Nebraska act have alone the right to reject or adopt the Constitution under which they are to act and make the Organic law intended for their own government.

Resolved. That Congress under the Constitution of the United States, has no power over the question involved in a Constitution thus made and endorsed by the fatrly expressed will of the people, other than to see that it is republican in character.

Resolved, That Kansas, in forming her Con stitution should have submitted the same to the bons fide inhabitants thereof for adoption or rejection, and having failed to do so, it is a violation of the spirit and letter of the act creating her Territorial Government and therefore ought to be returned by Congress to the residents of Kansas for endorsement.

Resolved. That we believe the people to be the source of all power, and the representative but the reflex of their will, and at all times amenable to them for his actions.

It is gratifying to see that there is a large and respectable portion of the Democracy of Elk county who are not willing to swallow the Lecompton swindle and follow the lead of dough-face politicians. C.

THE NEW-YORK STEAM SAW-MILL AND MACHINE COMPANY .- CAPITAL 250.000-This company has been organized with the above capital for the purpose of supplying the demand for the Combination PORTABLE STEAM SAW-MILL, and other Improved Machinery. They have purchased the entire machinety business heretofore carried on by J. M. Emer-son & Co., also the Montgomery works at Yonkars, on the Hudson, near this city, and with the experience and facilities combined in its organization are prepared to furnish machinery of all kinds at more liberal rates, than has ever been offered at any other establishment.

THE COMBINATION SAW-MILL, was patented October, 1856, and is now generally acknowledged to be the cheapest, most practical, and efficient lumber manufacturing machine in the world. A large number of them are in successful operation in different sections of this country, Canada, Cuba and South America, and wherever their merits have been tested they are being adopted by lumber manufacturers in preference to all other mills.

The following letter expresses the general opinon of those who are using the Combination Mill : Messrs, Evenson & Co-Gentlemen : I have tried the saw-mill purchased of you, and will say that it performs well, and more than meets my expec-tations. 1 am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to supply the boiler We are able to cut 3.000 fect of beautiful lumber in 12 hours, with something less than one cord of wood. It is the very thing we have needed in our county for a long time. With a little trouble and expense, we are able to move it from five to ten miles per day, and set it up in the heart of the timber, which saves the great burden of hauling the logs a long distance to the mill.

Yours, respectfully, JESSE KERR, JR.,

Louisville, Tennessee. The Company have purchased Land's Patent Feed Arrangement, which is illustrated and des-cribed in the 'Scientific American' for October 21 This adds greatly to the efficiency of the mill. The Combination Mill, with all the recent im-

provements, and steam power of fifteen horses, is capable of sawing from 3,000 to 4,000 feet in 12 hours, and is sold for 1.650.

THE NEW YORK CIRCULAR SAW-MILL Is manufactured only by this Company. It is of superior construction, and sold for 25 per cont less than other mills of no greater capacity. A mill with 36 to 54-inch saw can be sold for \$450 to \$500. and with a 20 horse engine and boiler is sold for

Steam Engines and Boilers ; Engines of from 1 to 100 horse power; Locomotive, Tubular, Fine and Cylinder Boilers furnished at greatly reduc-

ed prices from former quotations. Drawings, with plans and specifications for build-ings and machinery. furnished gratis to our custo-mers. Competent mechanics are sent out to put up and set in operation our machinery, when required. We also manufacture Shingle Machines, Plan-ing Machines, Sugar-Mills, and machinery in general. Special attention paid to getting Shafting and Pullies for manufactories, and all kinds of Mill-wright work.

This company are selling in great numbers a Patent Conical Burr-Stave Mill. for flour, corn-meal, and all kinds of feed, which is pronounced by experienced millers, both in this country Europe, The Best Mill ever constructed. I grind more grain in the same time, and with the power, of any mill of the same price market. We also furnish other styles of Mills when required
