THE JOURNAL.

CLEARFIELD, PA., FEB. 3, 1858.

GROUND-Hog DAY .- Yesterday was the noted "ground-hog day," on which, it is said by those who are versed in the peculiar science, if his free-soil porkship comes forth from his burrow and the sun shines so that, perchance, he should get a glimpse of his shadow, he will retire again and refuse to show his swinish phiz for six whole weeks, during which time the weather is to continue very cold-and, we suppose, mild, if he can't see his shadow. We don't how it was elsewhere, but Old Sol persistently refused to send a single ray into this "neck of woods," and so we expect the ground-hog tribe will be out irequently, and bring us the best kind of weather.

SUSQUEHANNA HOTEL .- D. Johnston, formerly of the Philipsburg Hotel, has taken the above named house, situate at the east end of Curwensville, and is now prepared to receive and accommodate customers. The house is entirely new, is large and commodious, and has well finished and neatly furnished apartments, all calculated to impart a degree of comfort that is quite refreshing. Mr. Johnston is well known to many as a good landlord, and will doubtless keep one of the best hotels In the country.

ATLANTIC MONTHLY .- The Pebruary No. of this magazine has come to hand. The periodical is ably conducted, and the number before us contains a number of valuable and instructive articles. We read with much interest a "Review of the Kansas Usurpation." The price of the Monthly is \$3 for a single copy per annum. We will, however, furnish one copy of the Monthly and one of the Journal a year for \$3,50, payable in advance.

NEW ARRANGEMENT .- By referring to an advertisement in another column it will be seen that Arch. Montgomery and E. A. Hipple have entered into copartnership in the mercantile business, in the town of Curwensville, and that they have just received a stock of new and seasonable goods, which they offer at low prices for cash.

Snow .- On Monday night and yesterday, several inches of snow fell in this region. It will require more to make good sledding, the roads being very rough when it commenced snowing. As it is, some timber hauling will be done, but it will be rather limited unless we should get some additional snow:

Joun LEONARD, was tried last week in the Centre County court, at Bellefonte, on charges of dealing in, and passing counterfeit money. We understand that there were three indictments, and that he was convicted and sentenced to 24 years imprisonment on each one, making 74 years in the aggregate.

Cor. Benton .- Col. Benton appears on the avenue in Washington, every afternoon, between 4 and 5 o'clock. He sits as erect upon his beautiful jet black horse as he did twenty years ago. His literary labors seem to have invigorated him physically and mentally. He continues to work industriously, as he says, because idleness is so tiresome. The remarkable powers of his memory are not impaired by his great age. The impetuosity of his character still bursts forth when a subject interesting to him is introduced. The bright eye, compressed lip, and clenched hand raised, remind one of Old Bullion of the Senate, and cause regret that he is not there now to influence its action, as of old, with his inflexible will and clear judgement. His "Thirty Years" View and Abridged Debates of Congress, have become the handbooks of the old and new members, and the review of the Dred Scott deciston is studied as of more weight and importance than the opinion of the Court itself. The vigorous old statesman is naturally very proud of his literary success.

Fun should be cultivated as a fine art, for it As altogether a fine thing. Who ever knew a funny man to be a bad one? On the contrary, is not he, nine times in ten, generous, humane, and good. To be sure he is. Fun-it is a great thing. It smooths the rough place of life, makes the diposition sweet and rosv, acatters sunshine and flowers wherever we go, the best families out. We go in for fun.

Good, Bur ler .- A correspondent of the Vicksburg Sun writing from Bolivar county, tells of a chap at Napoleon, Ark., who was drinking at a counter, and withal being tolerably tight, after several ineffectuel attempts to raise the glass to his lips, succeeded in getting it high enough to pour the contents into his shirt collar, set the glass down with the exclamation, "that's good, but a little too much ice, Mr. Barkeeper."

A VENERABLE CLERGYMAN .- Parson Green, of Hempstead, L. I., is the most venerable clergyman in the United States, being now ninety-nine years old. When in his seventeenth year he was a soldier in the revolutionary army, was engaged in many of the important skirmishes of the war, and was one of the hollow square of soldiers inside of which the Declaration of Independence was read on the

To More "Chivalry."—A public meeting has recently been held at Mobile, at which a committee was appointed to inform Mrs. Strickland that she could no longer be permitted to live in that amiable city. Mrs. Strickland's crime is that she is the wife of a bookseller, who, two years ago, sold some copies of "Uncle Tom's Cabin," and for so doing, was summarily banished from that city.

STEAMBOAT DISASTER .- A horrible accident occurred on the Ohio River, about eighteen miles below Cincinnati, on Wednesday, the 27th. The boiler of the steamer Fanny Fern, bound from Pittsburg to New-Orleans, explod ed, the boat took fire, burnt to the water's edge and sank. Fifteen persons, including Capt. ROBINS' EXPECTORANT COMPOUND SYRUP OF WILD CHERRY.

FOR THE CURE OF Bronchial affections. Coughs, Colds, Pleurisy, Bron-chitis, Asthma, and all other diseases of the throa and lungs, except Consumption. This invaluable remedy is no quack nostrum, but is prepared from the recipe of a regular physician, who during a practice of twenty-five years, used it with unpar-alleled success. It is a combination of expecto-rant remedies, simple in their character and used by every educated physician. It is easily taken, produces no nausea or other disagreeable effects. and gives almost immediate relief. In this ever changing climate, where coughs and colds so frequently end in consumption and death, no family should be without this CERTAIN CURE.

It would be easy to follow in the wake of the venders of patent medicine, and multiply certificates got up for the occasion, of miraculous cures, but no uch adventitious aid is necessary in introducing this preparation to the public. Its real value, and never failing success, in accomplishing all promised for it, cannot but give it a wide circulation, and recommend it to all those afflicted with diseases for which it is a remedy. Price 37 i Cents per Bottle.

TABLE NEW-YORK STEAM SAW-MILL AND MACHINE COMPANY .- CAPITAL \$250,000-This company has been organized with the above capital for the purpose of supplying the demand for the Combination PORTABLE STEAM SAW-MILL, and other Improved Machinery. They have purchased the entire machinery business heretofore carried on by J. M. Emerson & Co., also the Montgomery works at Yonkers, on the Hudson, near this city, and with the experience and facilities combined in its organization are prepared to furnish machinery of all kinds at

more liberal rates, than has over been offered at any other establishment. THE COMBINATION SAW-MILL, was patented October, 1856, and is now generally acknowledged to be the cheapest, most practical, and efficient lumber manufacturing machine in the world. A large number of them are in successful operation in different sections of this country, Canada, Cuba, and South America, and wherever their merita have been tested they are being adopted by lumber

manufacturers in preference to all other mills. The following letter expresses the general opin-ion of those who are using the Combination Mill: Messrs. Eugason & Co-Gentlemen: I have tried the saw-mill purchased of you, and will say that it performs well, and more than meets my expectations. I am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to supply the boiler. We are able to cut 3,090 feet of beautiful lumber in 12 hours, with something less than one cord of wood. It is the very thing we have needed in our county for a long time. With a little trouble and expense, we are able to move it from five to ten miles per day, and set it up in the heart of the timber, which saves the great burden of hauling

the logs a long distance to the mill. Yours, respectfully, Jesse Kenn. Jn. Louisville, Tennessee. The Company have purchased Land's Patent Feed Arrangement, which is illustrated and described in the 'Scientific American' for October 24. This adds greatly to the efficiency of the mill.

The Combination Mill, with all the recent im-

provements, and steam power of fifteen horses, is capable of sawing from 3.000 to 4,000 feet in 12 hours, and is sold for 1,650.

THE NEW YORK CIRCULAR SAW-MILL Is manufactured only by this Company. It is of superior construction, and sold for 25 per cent less than other mills of no greater capacity. A mill

and with a 20 horse engine and boiler is sold for \$2.200 Steam Engines and Boilers; Engines of from I to 100 horse power; Locomotive, Tubular, and Cylinder Boilers furnished at greatly re

ed prices from former quotations.
