THE JOURNAL.

CLEARFIELD, PA., FEB. 17, 1858.

TEMPERANCE MEETING .- According to adjournment, the Washigtonian Temperance Society will hold a meeting on February 22d, at early candle lighting, in the Court House. Several addresses and good music may be expected on the occasion. The ladies and gentlemen are invited to attend. G. PHILIPP GUELICH, Pres't.

PINE COUNTY .- Application is being made now to the Legislature for a new county to be called Pine, with the following boundaries :-"To commence at the south-west corner of Montgomery township, Indiana county, thence north along the lines of Montgomery and Canos townships to the Jefferson county line : thence east along said line to the north-east corner of Indiana county; thence easterly in a straight line to the north-east corner of Chest township, Clearfield county; thence southerly to the north-east corner of Chest township, in Cambria county; thence along the eastern and southern line of said townships, to the southeast corner of Susquehanna township; thence to a point on the Indiana county line, where said line would be intersected by a continuation of the line between Green and Cherryhill townships in Indiana county; thence across the corner of Pine township, in Indiana county, and along the line between Green and Cherryhill townships, to the forks of Two-Lick; thence to the place of beginning."

If we have a correct understanding of these lines, Burnside and Chest townships entire, about half of Bell, a portion of Ferguson, and perhaps a corner of Beccaria township, in this county, are embraced within their limits.

THE LUMBER TRADE .- There has been quite a change effected during the last ten days in the prospects of the Lumber Business of this county. Within that time, plenty of snow has fallen, which has rendered the hauling excellent, and given new impetus to the business. Considerable timber has been hanled to the banks of the streams, and more will be got in. We have no data by which to make an estimate of the amount of business that will be done on the river the ensuing spring; but taking into consideration the fact that little or no hauling was done in January, we are inclined to think that it will not be quite as large as usual.

Accident.-On last Friday, the 12th instant, Mr. Rufus Thompson, of Lawrence township, in attempting to stop a pair of horses that were running away with a sled to which they were attached, had one of his shoulders dislocated, which with difficulty was reduced. He is doing well.

Had the whole Lecompton Constitution been submitted to the people, the adherents of this the Topekal organization would doubtless | jurisdiction. they would thus have removed the obstacle out of the way of their own revolutionary consti-

tution .- President's Message.
Well, what if they had voted against it? Wouldn't it have been entirely just and proper? Wouldn't they have had a perfect right to do it? Things have certainly come to a beautiful pass, when a President, elected on account of his especial devotion to popular sovereignty, cites the evident determination of the people to vote in a certain way as illustrailing the impropriety and absurdity of allow-ing them to vote at all. It would have been an awful crime, to be sure, if the opponents of the Lecompton constitution had voted against it, in the event of its having been sub-mitted to the people. The pith of the Presi-dent's argument on this point is, that the Lecompton constitution was rightfully withheld from the people of Kansas, because they would have voted it down if it had been submitted to them. If Mr. Buchanan possessed a particle of honor or manliness his face would be lost in a sea of blushes whenever he recalled this contemptible flummery .- Louisville Journal.

A most horrible case has recently come to light in Alabama, Genesee county, N. York. In July, 1856, Henry Hoag died quite sudden-ly. Six weeks thereafter a daughter, of 5 or 6 years, died after 24 hours illness. Last spring an infant child died suddenly, and in the fall another child, 2 years old. So many deaths in one family in so short a time aroused suspicions, and so the bodies were exhumed, and upon examination all the stomachs were found to contain arsenic. The wife and mother was at once suspected, and has been arrested and imprisoned. Since Mr. Hoag's death, she married a man named Frisch, who lived with her but a short time. Some years since others of her children died quite suddenly, with symptoms almost similar to the last ones, and it is inferred she poisoned them also, from the fact that she confessed she had poisoned the first one, but that she did it accidentally.

Gov. Wisz, of Virginia, has again shocked the Democracy and the South by writing to the Committee of the late Anti-Lecompton Democratic meeting in Philadelphia, a very long and elaborate letter, condemning the Lecompton Constitution. He sets forth the two deed of the people of Kansas, and that ; is sumption, at the residence of his brother in Hornenot Bs. N Paltz | Exc. Bk. Murfreesbor not republican in form. He argues both of Union township, Clearfield county, ALEXAN. Medina Bs. Medina, 25 Shert rough these at great length and with much force. DER SCHOFLEED, late of West Philadelphia, Ontario Bs. Uties, 30 Bank, of Trenton. He condemns the cowardly policy of admit-ting Kansas with the Constitution, on the ground of expediency, as urged by the Presi-dent, and he concludes with expressing the o-pinion that such a policy will be ruinous to the Democratic party, and may lead to disunion.

A dry sort of genius once undertook to name and classify the different sorts of fools in this world, as follows: "Ist, the ordinary foel; 2d, the fool who is one and don't knew it; 3d, the fool who is not satisfied with being a fool in reality, but undertakes, in addition, to play the fool."

"As Opision as is as Opision."—On hearing Ike read in one of the papers that eighteen rams were to be used in an attempt to launch the Leviathan in England, Mrs. Partington remarked that he believed that a few yokes of open would do a great deal better the osen would do a great deal better than rams.

An enthusiastic meeting of Democrats op-posed to the Lecompton Constitution was held at Philadelphia on the evening of the 8th inst., which was addressed by ex-Secretary Stanton.

FOR THE CURE OF Bronchial affections Coughs, Colds, Pleurisy, Bron chitis, Asthma, and all other diseases of the throa and lungs, except Consumption. This invaluable remedy is no quack nostrum, but is prepared from the recipe of a regular physician, who during a practice of twenty-five years, used it with unpar-alleled success. It is a combination of expectorant remedies, simple in their character and used by every educated physician. It is easily taken, produces no nausea or other disagreeable effects, and gives almost immediate relief. In this everchanging climate, where coughs and colds so frequently end in consumption and death, no family

ould be without this CERTAIN CURE. It would be easy to follow in the wake of the venders of patent medicine, and multiply certificates rot up for the occasion, of miraculous cures, but no ach adventitious aid is necessary in introducing this preparation to the public. Its real value, and never failing success, in accomplishing all promised for it, cannot but give it a wide circulation, and recommend it to all those afflicted with diseases for which it is a remedy. the above capital for the purpose of supplying the demand for the Combination PORTABLE STEAM SAW-MILL and other Improved Mochinery. They have purchased the entire machinery business heretofore carried on by J. M. Emerson & C., also the Montgomery works at Yorkers, on the Hudson, near this city, and with the experience and facilities combined in its organization are prepared to furnish machinery of all kinds at more liberal rates, than has ever been offered at any other establishment.

THE COMBINATION SAW-MILL, was patented ctober, 1856, and is now generally acknowledged be the cheapest, most practical, and efficient lumber manufacturing mashine in the world. A large number of them are in successful operation in different sections of this country, Canada, Cuba, and South America, and wherever their merita

and South America, and wherever their merita have been testedshey are being adopted by lumber manufacturers in preference to all other mills.

The following letter expresses the general opinion of those who are using the Combination Mill: Messrs. Expason & Co-tientlemen: I have tried the saw-mill purchased of you, and will say that it performs well, and more than meets my expectations. I am well pleased with its reformance. tations. I am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to supply the boiler. We are able to cut 3,000 feet of beautiful lumber in 12 hours, with something less than one cord of a call, examine our handsome stock of goods, free miles per day, and set it up in the heart of the of charge, before you buy elsewhere. the logs a long distance to the mill.

Yours, respectfully, JESSE KERR, JR., Louisville, Tennessee, The Company have purchased Lead's Paters Food Assungement, which is illustrated and described in the 'Scientific American' for October 24. This adds greatly to the efficiency of the milt.

The Combination Mill, with all the recent improvements, and steam power of fifteen horses, is capable of sawing from 3,000 to 4,000 feet in 13 hours, and is sold for 1,656.

THE NEW YORK CIRCULAR SAW-MILL Is manufactured only by this Company. It is of superior construction, and sold for 25 per cent less than other mills of no greater capacity. A mill with 35 to 54-inch saw can be sold for \$450 to \$500, and with a 20 horse engine and beiler is sold for
