#### AMUSING POEM.

"It is a good thing to laugh, at any rate ; and if a straw can tickle a man, it is an instrument of happiness. Beasts can weep when they suffer, but they cannot laugh." Thus wrote Dryden, and being fully of the opinion that it is our peculiar privilege as intelligent beings, to laugh-not simply with a halt-suppressed titter, but with a hearty and startlingha! ha! ha!-we shall introduce the following which we are certain but few of our reader have seen, while at the same time it is unrivalled as a specimen of condensed humor. W regret that the author's name is not on record

REFLECTIONS ON RECEIVING A COPY OF MY FIRST POEM IN PRINT Ab ! here it is ! I'm famous now-

An author and a poet; It really is in print ! ye gods ! How proud I'll be to show it. And gentle Anna ! What a thrill Will animate her breast, To read these ardent lines and know

To whom they are addressed.

Why, bless my soul !- here's something strange, What can the paper mean, By talking of the "graceful brooks That gander o'er the green." And here's a T instead of R, Which makes it "tippling rill;" "We'll seek the shad" instead of "shade," And "hell" instead of "hill."

"They look so"-what ! I recollect, "Twas "sweet" and then 'twas "kind ;" And now to think the stupid fool, For "bland" has printed "blind," Was ever such provoking work-'Tis curious, by the by-How anything is rendered blind By giving it an eye.

"Hast thou no tears," the r's left out, "Hast thou no ears," instead ; "I hope that thou are dear" is put "I hope that thou art dead." Who ever saw in such a space So many blunders crammed ! "Those gentle eyes bedimmed," is spelt "Those gentle eyes bed--d.

"The color of the rose" is "nose," "Affection" is "affliction ;" I wonder if the likeness holds, In fact as well as fiction ? "Thou art a friend," the n is gone : Who ever would have deemed That such a trifling thing could change A "friend" into a "fiend !"

"Thou art the same" is rendered "lame," It really is too bad ; And here, because an I is out, "My lovely maid" is "mad,"

THE NEW-YORK STEAM SAW-MILL AND MACHINE COMPANY .- CAPITAL S250.000-This company has been organized with the above capital for the purpose of supplying the demand for the Combination PORTABLE STEAM SAW-MILL, and other Improved Ma-chinery. They have purchased the entire machinery business heretofore carried on by J. M. Emer-son & C., also the Montgomery works at Yonkers, on the Hudson, near this city, and with the expe-rience and facilities combined in its organization are prepared to furnish machinery of all kinds at more liberal rates, than has ever been offered at any other establishment. THE COMBINATION SAW-MILL, was patented Detober, 1856, and is now generally acknowledged to be the cheapest, most practical, and efficient lumber manufacturing machine in the world. A large number of them are in successful operation in different sections of this country, Canada, Cuba. and South America, and wherever their merits have been tested they are being adopted by lumber manufacturers in preference to all other mills. The following lotter expresses the general opin-ion of those who are using the Combination Mill : Messrs. EMERSON & Co-Gentlemen : I have tried the saw-mill purchased of you, and will say that it performs well, and more than meets my expec tations. I am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to supply the boiler. We are able to cut 3.000 feet of beautiful lumber in 12 hours, with something less than one cord of wood. It is the very thing we have needed in our county for a long time. With a little trouble and expense, we are able to move it from five to ton miles per day, and set it up in the heart of the timber, which saves the great burden of hauling the logs a long distance to the mill. Yours, respectfully, JESSE KERR, JR. Louisville. Tennessee. The Company have purchased Lund's Patent Feed Arrangement, which is illustrated and deseribed in the 'Scientific American' for October 24. This adds greatly to the efficiency of the mill. The Combination Mill, with all the recent improvements, and steam power of fifteen horses, is capable of sawing from 3,000 to 4,000 feet in 12 hours, and is sold for 1.650. THE NEW YORK CIRCULAR SAW-MILL Is manufactured only by this Company. It is of superior construction, and sold for 25 per cent less than other mills of no greater capacity. A mill with 36 to 54-inch saw can be sold for \$450 to \$500. and with a 20 horse engine and boiler is sold for \$2.200. Steam Engines and Boilers; Engines of from 1 to 100 horse power; Locomotive, Tubular, Flue and Cylinder Boilers furnished at greatly reduced prices from former quotations. Drawings, with plans and specifications for build-ings and machinery, furnished gratis to our customers. Competent mechanics are sent out to put up and set in operation our machinery, when required. We also manufacture Shingle Machines, Planing Machines, Sugar-Mills, and machinery in general. Special attention paid to getting up Shafting and Pullies for manufactories, and all kinds of Mill-wright work. kinds of Mill-wright work. This company are selling in great numbers a Patent Conical Burr-Stone Mill, for flour, corn-meal, and all kinds of feed, which is pronounced by experienced millers, both in this country and Europe, The Best Mill ever constructed. REASONS WHY YOU SHOULD SRESCRIEE FO EMERSON'S MAGAZINE FOR 1858. First : Because its literary contents will, during the year, embrace contributions from over or hundred different writers and thinkers, numbering among them the most distinguished of A-

merican authors. . Second : Because its editorial departments. "Our Studio," "OurWindow," and "Our Olio," will each be conducted by an able edisor-and it will sur pass, in the variety and richness of its editorial

ontents, any other magazine. *Third* : Because it will contain, during the year. nearly six thousand original pictorial illustrations from designs by the first American artists. Fourth : Because for the sum of \$3 you will re-

ceive this splendid monthly, more richly worth that sum than any other magazine, and the superb

engraving of "The Last Supper," worth \$5. Fifth : Because you will very likely draw ono of the three thousand prizes to be distributed on the 25th day of December, 1858-perhaps one that is worth Ous Thousand Dollars, Notwithstanding that these extraordinary in-

ducements can hardly fail to accomplish the objects of the publishers without further efforts, yet they have determined to continue through the year THE GREAT LIBRARY OFFER.
