UNRIVALLED ATTRACTIONS! EMERSON'S MAGAZINE PUTNAM'S MONTHLY, TWO GREAT MAGAZINES IN ONE.

90,000 COPIES THE FIRST MONTH !!! MAGNIFICENT PROGRAMME FOR 1858 \$20,000 IN SPLENDID WORKS OF ART.

FIVE-DOLLAR ENGRAVING TO EVERY SUBSCIBER. The Great Labrary Offer .- Agents Getting Rich ! The union of EMERSON'S MAGAZINE and PUTNAM'S MONTHLY has given to the consoli-dated work a circulation second to but one similar publication in the country, and has secured for it a combination of literary and artistic talent probably unrivalled by any other magazine in the world. During the first month, the sale in the trade and demand from subscribers exceeded 90,000 copies, and the numbers already issued of the consolidated work are universally conceded to have surpassed, in the richness of their literary contents and the beauty and profuseness of their pictorial illustrations, any magazine ever before issued from the American press. Encouraged by these eviden-ces of favor, the publishers have determined to commence the new volume in January with still additional attractions, and to offer such inducements to subscribers as cannot fail to place it, in circulation, at the head of American magazines. With this view they now announce the following splendid programme. They have purchased that

"THE LAST SUPPER, and will present a copy of it to every three-dollar subscriber for the year 1858. It was engraved at a cost of over \$6,000, by the late celebrated A. L. Dick, from the original of Raphael Morghen, after Leonardo Da Vinci, and is the largest steel-plate engraving ever executed in this country, being three times the size of the ordinary \$3 engravings.

The first impressions of this engraving are held at \$10, and it was the intention of the artist that none of the engravings should ever be offered for a less sum than \$5, being richly worth that amount. Thus every three-dollar subscriber will receive the Magazine one year-cheap at \$3-and this

uperb and costly steel-plate engraving,

splendid engraving, richly worth 85; thus get-ting for 83 the value of Eight dollars. We shall commence striking off the engravings immediately, yet it can hardly be expected that impressions of so large a plate can be taken as fast as they will be called for by subscribers. We shall, therefore, furnish them in the order in which sub-scriptions are received Those who desire to obtain their engravings early, and from the first im-pressions, should send in their subscriptions without delay The engraving can be sent on rollers. by mail, or in any other manner, as subscribers

shall order \$20,000 IN WORKS OF ART.

In addition to the superb engraving of "THE LAST SUPPER," which will be presented so every three-dollar subscriber for 1858, the publishers have completed arrangemente for the distribution. on the 25th day of December, 1858, of a series of splendid works of art, consisting of one hundred to order, at the lowest prices, every variety of rich and rare Old Paintings, valued at from \$100 to \$1,000 each. Also, 2,000 magnificent Steel-plate Engravings, worth from \$3 to \$5 each. and 1,000 Writing, and Wash-Stands, Mahogany, and choice Holiday Books, worth from \$1 to \$5 each. making, in all, over THREE THOUSAND GIFTS. worth TWENTY THOUSAND DOLLARS.

Inclose \$3 to the publishers and you will com sence receiving the Magazine by return mail. You will also receive with the first copy a num-bered subscription receipt entitling you to the En-graving of "THE LAST SUPPER," and a chance to draw one of these "Three Thousand Prizes."

EMERSON'S MAGAZINE FOR 1858. First: Because its literary contents will, during the year, embrace contributions from over one hundred different writers and thinkers, numbering among them the most distinguished of American authors. Second: Because its editorial departments, "Our

Studio," "OurWindow," and "Our Olio," will each be conducted by an able edisor-and it will sur pass, in the variety and richness of its editorial ontents, any other magazine. Because it will contain, during the year,

nearly six thousand original pictorial illustrations from designs by the first American artists. Fourth: Because for the sum of \$3 you will reseive this splendid monthly, more richly worth that sum than any other magazine, and the superb engraving of "The Last Supper," worth \$5.

Fifth: Because you will very likely draw one
of the three thousand prizes to be distributed on the 25th day of December, 1858-perhaps one that is worth One Thousand Dollars. Notwithstanding that these extraordinary in-

ducements can hardly fail to accomplish the obects of the publishers without further efforts, yet they have determined to continue through the year THE GREAT LIBRARY OFFER. To any person who will get up a club of twenty four subscribers, either at one or more post-offices, we will present a splendid Library, consisting of over Forty Large Bound Volumes, embracing the

most popular works in the market The club may be formed at the club price, \$2 a year, without the engraving, or at the full price, S3, with the engra-ving of The Last Supper to each subscriber. List and description of the Library, and specimen copy have already been distributed in accordance with this offer, and we should be glad of an opportunity to furnish a Library to every clergyman, to every school teacher, or to some one at every postoffice in the country. AGENTS GETTING RICH.

THE NEW-YORK STEAM SAW-MILT AND MACHINE COMPANY.—CAPITAL. \$250.000—This company has been organized with the above capital for the purpose of supplying the demand for the Combination PORTABLE STEAM SAW-MILL and other Improved Machinery. They have purchased the entire machine-ry business heretofore carried on by J. M. Emerson & Co., also the Montgomery works at Yonkers, on the Hudson, near this city, and with the expe-rience and facilities combined in its organization are prepared to furnish machinery of all kinds at more liberal rates, than has ever been offered at any other establishment.
THE COMBINATION SAW-MILL, was patented

October, 1856, and is now generally acknowledged to be the cheapest, most practical, and efficient lumber manufacturing machine in the world. A large number of them are in successful operation in different sections of this country, Canada, Cuba, and South America, and wherever their merits have been tested they are being adopted by lumber manufacturers in preference to all other mills.

The following letter expresses the general opin-on of those who are using the Combination Mill: Messrs. Eurnson & Co-Gentlemen : I have tried the saw-mill purchased of you, and will say that it performs well, and more than meets my expec tations. I am well pleased with its performance. I set it up on a small stream that afforded constant water about as thick as my little finger, which was much more than sufficient to supply the boiler. We are able to cut 3,000 feet of beautiful lumber in 12 hours, with something less than one cord of wood. It is the very thing we have needed in our county for a long time. With a little trouble and expense, we are able to move it from five to ten miles per day, and set it up in the heart of the timber, which saves the great burden of hauling the logs a long distance to the mill. Yours, respectfully, Jesse Kerr. Jr., Louisville, Tennessee.

The Company have purchased Land's Patent Feet Arrangement, which is illustrated and des-cribed in the 'Scientific American' for October 24. This adds greatly to the efficiency of the mill. The Combination Mill, with all the recent improvements, and steam power of fifteen horses, is capable of sawing from 3,000 to 4,000 feet in 12 hours, and is sold for 1,650.

THE NEW YORK CIRCULAR SAW-MILL Is manufactured only by this Company. It is of superior construction, and sold for 25 per cent less than other mills of no greater capacity. with 36 to 54-inch saw can be sold for \$450 to \$500, and with a 20 horse engine and boiler is sold for \$2,200.

Steam Engines and Boilers; Engines of from 1 to 100 horse power; Locomotive, Tubular, Flue and Cylinder Boilers furnished at greatly reduced prices from former quotations.

Drawings, with plans and specifications for buildings and machinery, furnished gratis to our customers. Competent mechanics are sent out to put up and set in operation our machinery, when required.

We also manufacture Shingle Machines. Planing Machines, Sugar-Mills, and machinery in general. Special attention paid to getting up Shafting and Pullies for manufactories, and all

kinds of Mill-wright work. This company are selling in great numbers a Patent Conical Burr-Stone Mill, for flour, cornmeal, and all kinds of feed, which is pronounced by experienced millers, both in this country and Europe, The Best Mill ever constructed. It will grind more grain in the same time, and with half the power of any mill of the same price in the market. We also furnish other styles of Grist-

Mills when required.
