THE JOURNAL.

CLEARFIELD, PA., JUNE 30, 1858.

A celebration of the several Sabbath schools of this borough will be held at "Liberty Spring," on SATURDAY THE SD JULY, the 4th coming on Sunday. Addresses by several able speakers will be delivered on the occasion. The celebration is a general one, in which the community at large is expected to participate, and make such contributions as each one may see fit or desire.

In the evening there will be a fine display of fireworks.

TEMPERANCE MEETING .- By adjournment, the Clearfield Washingtonian Temperance Society will hold a meeting on Monday the 5th day of July, at early candle light, in the Court House, to celebrate the anniversary of our National Independence. The public are kindly invited to attend. G. PHILIPP GUELICH, June 24, 1858.

NEW STOCK .- By referring to an advertisement in another part of this paper it will be seen that William Irvin has received and opened a new stock of Summer Goods at the "Corner Store" in Curwensville, which he offers to the public on the most reasonable terms.

Robbery .- We understand that a few nights since a bag of coffee and some other articles belonging to Reed & Weaver of this place, were taken from a wagon at Post's tayern between here and Philipsburg. We believe that some articles were also taken from other wagons, but we have no particulars.

REVIVED .- Frank Short has again taken hold of the Boot and Shoe Business in this borough, as will be seen by an advertisement in this day's Journal. He is receiving from the East a superior quality of stock, which will enable him to furnish his customers with the best kind of "understandings" at the lowest prices.

Something New .- By referring to an advertisement in another column of our paper, it will be seen that Wm. L. Moore and David F. Etzweiler have entered into partnership in the merchandizing business, and that they have a large assortment of Seasonable Goods, which they will dispose of on the most reasonable terms to suit the times.

THE WEATHER, &c .- During the last half dozen days copious showers have fallen in this county, imparing much vigor to the growing crops. It is feared that the weevil, which has made its appearance in some of the wheat, will do much injury to that crop. It is very sect, and it is to be hoped that in this instance their apprehensions will prove unfounded.

House Burned .- On Monday of last week, a house at Bald Hill Mills, in Girard township, this county, belonging to James Irwin, and oc copied by William Carr, was destroyed by fire, with all its contents. The fire, it is thought, originated in some clothes which had been accidentally thrown against the stove-pipe .-Mrs. Carr had, as she supposed, extinguished the fire in them, but about one o'clock in the night the family were awakened by the roof falling in, and it was with difficulty that they escaped with their lives. Everything, even their clothing, we are told, was burned.

SHOCKED BY LIGHTNING .- On last Thursday, a couple of large oak trees, standing in front of Mr. Joseph Jordan's house in Lawrence township, were struck by lightning. Mr. Jordan, two of his sons, and a little daughter of Mrs. Rheem, of this borough, were on the porch of the house at the time. The little girl and the two boys were prostrated, and sevcral minutes elapsed before they recovered from the effects of the electric shock. Mr. Jordan was sitting on a chair, and he remarked, somewhat Hibernically, when relating it to us, "it was some time before he knew whether he was killed or not." He, however, soon found that he had sustained no injury; on the other hand he finds that one of his knees, which was much swollen from rheumatic affection, is reduced to nearly its usual dimensions.

COUNTY MEETING .- In accordance with notice previously given, a meeting, respectable in numbers and character, of those opposed to the present National Administration, was held in the Court House in the borough of Clearfield, on Wednesday evening the 23d of June. THOS. ROBINS, of Clearfield, was called to preside; Joseph Peters, of Curwensville, Isaac McKee, of Knox, Daniel Krise, of Girard, Isasc S. Shirey, of Goshen, B. B. Wright, of Beccaria, and Milo Hoyt, of Lawrence, were elected Vice Presidents; and L. R. Merrell and S. B. Row, Secretaries.

After the organization had been completed, J. B. McEnally, Esq., was called upon to address the meeting. He made a few pointed remarks, saying that the manner in which our government was conducted should induce every patriot to assist in reclaiming it from the dominant party, and that the present movement met with his hearty approval.

H. B. Swoope, Esq., being then called for, explained briefly the object of the State Convention to be held at Harrisburg on the 14th of July, exposed the extravagance and mismanagement of the Buchanan Administration, and the evils that have grown out of the timid and vascillating policy pursued towards other nations by those at the head of our national affairs; after which the following resolutions were offered and unanimously adopted:

Resolved, That S. B. Row, Isaac S. Shirey, and Wm. Radebaugh, be elected Senatorial conferees, to meet the conferees from Blair Harrisburg on the 14th of July, and that M. which he at first refused to pay, but on examconferees from the other counties in this Rep. | mystery.

resentative district, to elect two Representative delegates to said convention-and that the said conferees have severally power to substitute.

Resolved, That the President of this meeting be hereby authorized and directed to appoint a County Executive Committee, to consist of three persons in each township. The meeting then adjourned.

The "Democratic" Senate passed a bill near the close of the late session, raising the three-cent postage on letters to five and ten cents. The measure is known to have been warmly favored by the President and his Cabinet. There is no end to their devices for extorting money from the people

to support official corruption. The eruption of Vesuvius continued on the 28th of May, with a more threatening aspect. The liquid fire was pouring from the several craters, and had converted the entire valley of Atno into a mass of flames. The inhabitants of the villages were fleeing in all directions, and the destruction

of the town of Portici is apprehended. Prentice thinks that a stop should at once be put to the swill milk trade in New York, yet very coolly adds: "But were it quite certain that the present race of babies in New York would, if spared to grow up, make no better men than a large proportion of their fathers are, the suppression of distillery milk would perhaps not be important." But, if we whip one portion, we guess the other will feel the blows. We have heard of a little boy and girl, who agreed to share a kitten between them, the boy being the proprietor of its long beautiful tail. Shortly afterwards the kitten was heard mewing dreadfully. Another week may bring each vessel to her destined haven, and solve the problem of the practicability of a telegraph across the Atlantic. The failure of last year has greatly diminished the public interest in this grandest experiment of the age; but the confidence of scientific men in its ultimate success is not diminished, and there is at this moment a deep and absorbing anxiety in thousands of great minds on both sides of the ocean, as to the ultimate issue of the undertaking. Appearances favor its complete success. The laying out machinery on the steamers has been much improved, and it is believed that the plan of starting from mid ocean is better than that of carrying the whole line across from one side. The weather also has thus far been favorable, according to the report of the Persia, and the experience of the unfortunate attempt of last summer, has added much to the knowledge of the engineers having charge of the word.

A SUPPERLESS WEDDING PARTY .- At a large wedding party at New Orleans, a short time ago, the guests were cheated out of their supper in a novel way. A gang of thieves having entered the dining room by a back window, gathered the edges of the table-cloth together, and folding it into a bundle, made off with everything that was upon the table, including the family plate valued at some hundreds of dollars. When supper was announced the table was there and nix besides.

ILLINOIS .- Mr. Douglas' home organ, The Chicago Times, gives a list of fifty-nine jour-nals in that State which repudiate the Lecompton test, two noncommittal, and six who "go in" for Buchanan. Of the latter, one is edited by a Postmaster, one by a mail agent, one by a Lecompton nominee, one bought for \$417, and two owned by Postmasters. GREAT DISCOVERY OF THE AGE. IMPORTANT TO TOBACCO CHEWERS. Dr. Gustav Linnard's Taste Restorative Troches, the Great Substitute for Tobacco .- It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe MENTAL AND PHYSICAL disorders to which the race of man is subject, as cureful analasis and long and painful experience have clearly proven that it containscertain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.
TOBACCO affects also she cutire nervous system, manifesting itself-as all who have ever used the ed will bear testimony-in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character. The "Taste Restorative Troches" are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire sys-tem, restoring the Taste which has become vitiated or destroyed by great indulgence, complete-ly removing the irritation and accompanying tick-ling sensation of the Throat—which are always consequent upon abstaining from the use of To-bacco, and by giving a healthy tone to the Stom-ach, invigorate the whole system.

Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw
