We have been permitted to print the following letter from Hon. Thos. H. Clay, al- | prairies. though it was not designed for publication. It contains some very pertinent questions, and shows that the Union movement in this State meets the approbation of the Kentucky Americans:

MANSFIELD, NEAR LEXINGTON, KY.,

August 5th, 1858. DEAR SIR: It has been a long time since I lead the pleasure of hearing from you; during which many changes have occurred in the world. That one opinion of the present incumbent of the Presidential office was correct in 1856, has been amply and fully verified by time and the acts of his administration.

Our elections in Kentucky have just terminated. They were with the exception of a Clerk of the Court of Appeals, for county and town officers. The Americans have carried this county and Lexington by an increased majority. There is no limit to the corruptions and frauds used to secure the election of Democratic candidates; but amidst the general gloom which such scenes are calculated to produce. I have reason to rejoice that the home and burial place of my father, the county of Fayette, has not been descerated by their pol-

What are you doing in Pennsylvania to bring about the defeat and prostration of this rotten concern? Is there any hope of the success of the Union Ticket, or have they succeeded in demoralizing your people? Are your iron men satisfied to see their manufactures imported from Scotland for the use of the General Government? Is a Tariff no longer necessary to protect the industry of Pennsylvania? Will the still continue to be gulled to the end of the chapter ?

Let the Republicans stand by the position they assumed at the last session of Congress, with Crittenden, and the Union Party must succeed at the next Presidential election. I shall be pleased to hear from you.

Respectfully yours, THOS. H. CLAY. To H. Bucher Swoope, Esq.

The Golden Age brought down \$1,800,000, including \$25,000 from the Frazer River mines, on English account. The Star of the West is momentarily expected at New York with \$1,500,000 of the treasure. The advices from Frazer River continued faverable, though the excitement had somewhat abated in San Francisco. Mr. Staunton has accepted the challenge, and the match will take place in September.

KANSAS ELECTION .- The returns of the election in Kansas come in slowly. Enough, however has been received to show that Lecompton is dead as a herring. The English land bribe would not do for freemen. The whole vote of the Territory, it is said will reach 18,-000, and the majority against the swindle is

-A CARD FROM DR. JAMES M. JAR-RETT, OF THE NEW-YORK LUNG IN-FIRMARY.—My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantage of pathological research -aided not a little by a perfect system of Medical Inhalation-has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air-passages. By Inhalation, the vapor and curative properties of medicines are directly addressed to the diseased organs of the integument. I do not advise the une of Medical In halation of any kind, to the exclusion of general treatment; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very neces-sary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high haracter of the Institution over which I have so long had the honor to preside, are too well known to need any eulogy or comment from me. At the olicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all, and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can ow be consulted personally or by letter, on all dis eases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. Inhaling Vapors, Medical Inha-ers, &c., &c., will be forwarded by express to any part of the United States or the Canadas. TERMS My terms of treatment by letter are as follows. viz: \$12 per month for each patient, which will nclude medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus. Payment as follows: S6 to be paid to Express A-gent on receipt of the box of Medicine, and the salance S6 at the expiration of the month, if the patient be cured or is entirely satisfied with the reatment. Patients, by giving a full history of their case, and their symptoms in full, can be treated as well by letter as by personal examination. Patients availing themselves of Dr. Jarrett's treatment may rely upon immediate and permanent relief, as he seidom has to treat a case over thirty days. Letters for advice promptly answered. THE GREATEST BIOGRAPHY OF THE AGE --NOW READY: THE LIFE OF THOMAS JEFFERSON, by Heny S. Randall, LL. D .- In 3 volumes, octave .-This work contains upwards of 2,000 pages, is printed on fine paper, and handsomely bound in various styles. It is illustrated by several engravngs on steel, and numerous far similes; among the former are two fine portraits of Jefferson. The fac simules embrace, among others, the original draft of the Declaration of Independence, in Jefferson's own hand-writing.

This is, in every sense, an authorized work : it was undertaken under the approbation of his family, and with an unreserved access to all the private papers of Jefferson in their possession; and has received the benefit of their recollections and

opinions at every step.

The work contains the expressions of Jefferson on every great public question which arose, from his advent to public life to his death-a period of about sixty years, and embracing the whole forming period of the Republic. It contains Jefferson's heretofore unpublished family correspondence; selections from his finest published letters.

OPINIONS OF THE PRESS. "No other Life of Jefferson ever published— probably none that ever will be published—can bear any comparison to this in thorougness, full ness of incident and conscientious fidelity.

This biography has evidently been a labor of love, and the years of patient, assiduous toil it has east have been given with ungrudging untiring enthu-"-New York Tribune

"At length the public have a Life of Thomas Jefferson that is not only fascinating, and therefore sure to be popular, bu one that will stand the esential historic test-that of accuracy and truthfulness. It is seen that the ground-work of the whole is anthentic cotemporary material, and of the highest order. To gather it has been the work of years. We would not compare this volume with that inimitable and incomparable biography of Boswell, and yet so faithful is the portraiture that Jefferson is made to draw of himself, that his nature, his very soul, is deliniated with a distinctness not unlike that in which Johnson stands out in the pages of Boswell. - Boston Post.

"Imbued with that enthusiastic admiration his subject, without which a biographer is rarely successful, Mr. Randall nevertheless does not seek to hide whatever faults he may find, either from himself or from the reader. He prints the picture as Cromwell insisted his should be painted, "warts and all." The picture gains by this in life-like coloring, without losing any of its majestic proportions."-Albany Evening Journal.

"No one who runs his eye, however casually, e ver this work, will fail to be satisfied that Mr. Randall has added very largely to the stock of the world's information about Jefferson, that he has had access to sources hitherto unexplored, and that he has done more than was ever done by any one before him to illustrate the personality of that

great statesman,"-N. Y. Evening Post. "We have read with delight Mr. Randall's captivating details of Mr. Jefferson's personal history which he has seduously gathered, and admirably grouped together, from a great variety of authen tic sources, hitherto unexplored. Out of the tempt ing richness of his materials, the able and clearsighted author has constructed a book, at once most entertaining and instructive-one that should be studied by every patriot of the land."-Rich-

"There can be only one opinion as to the abili ty, general impartiality and industry which Mr. Randall has brought into combination in the composition of this biography. worthily executed a much wanted book."-Phil-"It will take place among the choicest classics

of American literature, and be consulted by every future historian of this country."-Philadelhia Evening Bulletin. "We like it because it neither conceals, palliates exaggerates, nor distorts, but approaches, in every

instance, and in every particular, the career of the noble character whose opinions have done so much to shape the domestic and foreign policy of the notion he contributed so greatly to call into existence."-N. CREAT DISCOVERY OF THE AGE. IMPORTANT TO TOBACCO CHEWERS. Dr. Gustav Linnard's Taste Restorative Troches the Great Substitute for Tobacco.—It is a well known and incontrovertable fact that the use of most severe MENTAL AND PHYSICAL disorders to which the race of man is subject, as cureful analasis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing ma-

ny to suppose that organ to be seriously diseased. TOBACCO affects also she cutire nervous system. manifesting itself—as all who have ever used the noxious weed will bear testimony—in Lassitude. Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character. The 'Taste Restorative Troches" are designed to counteract these baneful influences, and have proved completely successful in a multitude of eases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indulgence, complete ly removing the irritation and accompanying tick-ling sensation of the Thront—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stom-

ach, invigorate the whole system. Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.

These Troches or Lozenges are put up in a con-

cents per Box. A liberal discount to the Trade. Prepared solely by the undersigned to whom all orders should be addressed JAMES E. BROWN, Druggist Corner 2d and Race streets. Philadelphia.
