

CLEARFIELD, PA., OCT. 6, 1858.

PEOPLE'S MEETING AT KYLERTOWN.—On Saturday evening the 20th ult., a meeting of the friends of Read, Frazer and Hall, the candidates of the People's Party, was held at Kylertown, in Morris township.

THE COMET.—The comet, as it increases in brilliancy night after night, continues to become more and more an object of curiosity and interest.

It may be seen before sun-rise in the morning as well as in the evening, and this circumstance has given rise to the story that there are two comets now visible to the naked eye.

For some days past, our farmers have been busy cutting and threshing their buckwheat, and we are pleased to learn that the crop is a good one, much better than was anticipated.

INDIANA ACADEMY.—We direct attention to the advertisement of Messrs. Westlake and Cornwall, who have opened a Seminary for ladies and gentlemen in Indiana, Indiana county, Pa.

Policeman Donohue, came to our town on Saturday evening with a man named Samuel Haneock, whom he had arrested at St. Mary's, Elk county, charged with "stealing 1000 dollars" from a Mrs. Ward, of Philadelphia.

MR. VERNON HOTEL, PHILA.—This well known hotel has been re-opened by Mr. A. M. Hopkins, who will be pleased to have the former customers of the house to give him a call when they are visiting Philadelphia.

ESCAPED.—A young man named McAnear, who had been lodged in our jail on a charge of stealing a horse from Joseph McClarren, of Deane township, some time ago, escaped from the prison on last Sunday.

WE DIRECT ATTENTION TO THE ADVERTISEMENTS OF WM. IRVIN, OF CURWENSVILLE; A VALUABLE FARM FOR SALE, AND OTHER NOTICES.

PENNSYLVANIA ITEMS. PREPARED FOR THE "RAFTSMAN'S JOURNAL."

INDIANA COUNTY.—A young man named Geo. Shaker, of Cherryhill township, aged about 22 years, committed suicide by hanging himself on the 24th Sept. The report that several fever was prevailing to a fearful extent in the Borough of Indiana is not correct—not a case having occurred.

REMEMBER, NEXT TUESDAY IS THE DAY OF ELECTION. Let every friend of the People's Ticket turn out to the Polls on that day.

A CONSISTENT DEDUCTION.—Col. Forney, of the Philadelphia Press, undeterred by denunciation, keeps up the war against the Bucks with undiminished zeal.

IT IS A CONSISTENT DEDUCTION FROM THE abandonment of the accepted doctrine of Democracy, and the wanton breaking of an solemn covenant as ever entered into between the people and their servants, that the Administration of the Federal Government should be henceforth regarded as the Democratic party.

BEAVER COUNTY.—A difficulty arose at a corn-cutting frolic on the farm occupied by Mr. Jos. Bryan, near Shippingport, between a son of Mr. B. and a young Swaney, during which the latter stabbed young Bryan so severely in the side that little hope of his recovery is entertained.

JEFFERSON COUNTY.—On the 24th Sept., Joseph Reed, the gunner of the Ringgold Artillery, while loading, was severely injured by the premature discharge of the cannon.

ANOTHER HEAD TO COME OFF.—The New York Times Washington correspondent announces the approaching removal of Faran, recently appointed Post Master at Cincinnati.

BLAIR COUNTY.—James Harman a brakeman, on the 26th Sept., fell before a car in Altoona, and being caught by the wheel, was shoved along for a distance of about 40 feet, injuring him so severely that he died the next morning.

FREDERICK SCHMEL, CLOCK AND WATCH MAKER, Cherry street, (one door east of the Methodist Church.) Clearfield, Pa., will repair Clocks, Watches, &c., on short notice and reasonable terms.

CAUTION.—All persons are hereby cautioned against purchasing or meddling with One Dark Brown Horse, 4 years old, past in the possession of Thomas Dixon, of Boggs township, in the same belonging to Mrs. JOHN M. CHASE.

LAWRENCE COUNTY.—An affray took place last week between Museo Elrod and Charles Barber, near Edinburg. Elrod had been engaged to remove the effects of Barber.

CLIPPINGS AND SCRIBBLINGS.

- Here—the fresh oyster season. Scarce—apples and "ding-bats." Plenty—potatoes and candidates. Mild and pleasant—the weather. Going up—M. Enally's new house. High—the wind, on Sunday and Monday. Ditto—some of the perambulating hoops. With women as warriors, there's no robbery—all conquest. Election—next Tuesday. 'Spect all the patriots will turn out. Said to be plenty—chestnuts. Would bring a good price just now. Arrived—molasses of the new crop, in New Orleans on the 16th ult. Comet—a great big star with a tremendous tail, running around loose. Fun—gathering notes on Sunday. Some of the youngsters we wot of tried it. The only way for the Administration to maintain its integrity is first to get a little. Still gossing—Atlantic Telegraph Boyle of the Elk Reporter. "Whar did he git his larmin'?" Worth twenty-five thousand—a female pick-pocket in Philadelphia. She made all in the picking business. The Washington Union speaks of Douglas' friends in Indiana as "Kinderhook philosophers and Buffalo heretics."

At a concert, recently given in Hungary, five pianos were made to play the same air together, by means of electric wires. Treachery to the Democracy is not severely punished, for the prominent New York Van Burenite of 1848 are now the chief magnates of the party. A fire broke out recently in a broken bank in Illinois. The cashier smothered it with bank rags. The flames were no match for their weight in "wild cats."

A Leocompton paper thinks that Mr. Douglas is a bad way. It is certainly so, to be really in Mr. Buchanan's way—and so, if not in a bad way, in the way of a bad old fellow. "Mary."—This name, by a decree of Pío Nono, can no longer be given to children, on pain of excommunication. He reserves it hereafter exclusively for the Virgin of Immaculate Conception.

A great many of the collectors of the revenue charge twice as much for collecting as they collect. If it is right and proper for Locofoco collectors of revenue to do this, why shouldn't Locofoco collecting lawyers try it? Mr. George Penniman, an employee of the Boston and Lowell railroad, while sailing west with a circular saw, at Wilton, N. H., fell across the saw, which struck his breast, cutting his heart in two. He instantly fell dead.

The President's recent visit to Wheatland, has been a success. The country, as it is called, is now a national blessing. Mr. James Thorp, a colored teamster of Newark, N. J., has had \$75,000 left him by a gentleman in North Carolina, which will be paid over as soon as his identity can be satisfactorily established. Thorp is a native of North Carolina. Miss Dubious says the first time a pretty coat sleeve encircled her waist, she felt as if she was in a pavilion built of rainbows, the window sills of which were composed of molten brass. That young woman ought to have her feet soaked.

Six persons have been arrested in New York suspected of being implicated in the murder of Mrs. Ann M. Mahon of Newark, N. J., on the 19th ult. Among the prisoners are the husband of the murdered woman, his brother and another. If the people of Blair county don't get a good Sheriff this fall, it won't be for lack of material to select from. There are now five candidates in the field. Who's the next customer? Go to Jones'—a fine country and fine fight—what's the odds if you do get squeezed?

If the Democratic party has always ruled the country, and is opposed to paper money, tariffs, and the agitation of the slavery question—why do we not have hard money, free trade, and a draft of Congress to send to the States to protect Slavery. Treasury ship-plasters, internal domestic strife, and a general depression of business? The New York Day Book, complaining of the loss of money letters sent by mail, says, "There must be some wonderful villain, who have the means of Congress to order the mail to stop."

The Washington Union publishes a column or two every day to enforce the position that it is "the duty of Congress to order the mail to stop."
