

S. B. ROW, EDITOR AND PROPRIETOR

CLEARFIELD, PA., OCT. 20, 1858.

OUR VICTORY.

At the election held in this State last week the People's Party achieved a magnificent triumph. John M. Read, our candidate for Supreme Judge, and Wm. E. Frazer, our candidate for Canal Commissioner, are elected by overwhelming majorities. All the Lecompton candidates for Congress, except two, have been defeated, and we will have a decided majority in the lower branch of the Legislature.

The victory is a complete one in all its bearings. It is a severe rebuke to the Buchanan Administration, its corruptions, extravagance and misdeeds. It demonstrates clearly that the masses in Pennsylvania are opposed to a President forcing an obnoxious constitution upon a protesting people-that they are opposed to the "progressive free trade" policy of the Democratic party, by which the industrial interests of our own country have been ruined to benefit foreign capitalists and manufacturers-and that whenever representatives disregard the wishes of their constituents, violate their pledges, and sell their votes to eign might, will drag the traitors from the places they so unworthily occupy.

In speaking of this victory, we trust the press of our party will do ample justice to all who contributed to it. It is not an exclusive American or Republican triumph, for under the broad banner of the People's Party, Anti- written at the special request of Mr. Buckanan, Lecompton Democrats, as well as Republicans and Americans, arrayed themselves, and by their influence and votes aided in its achievement. All honor to the gallant men who compose the People's Party !

the House, who was re-chosen two years ago by 6,004 majority, is run out now by 19 majority. This is to outsiders the most amazing result in all the Pennsylvania revulsion. "Old Berks" never till now failed to elect any candidate for Congress who had the regular Democratic brand, and was supported by the Adler (Eagle,) which has been termed the "Dutch Bible." Major John Schwartz, who is elected, is an Anti-Lecompton Democrat. We understand he voted for Henry Clay in 1844.

DEMOCRATIC FINANCIERING .- Some rather startling financial disclosures have just been made in Michigan. The Detroit Advertiser states that it turns out that while the Democrats had control of the State Government, they detrauded the University Fund out of \$25,590, and the Common School Fund out of \$71,703. Besides pocketing this \$97,000 of public oney, they cheated the School Fund out of 2000, in the fraudulent sale of a section of Land, containing valuable copper

STRONG VOTING .- We see it stated that in the celebrated 5th Ward of Baltimore, Shutt, Democrat, at the recent election, received 3,303 majority, which is only about fourteen hundred votes more than there are voters in the ward, and nearly as many majority as its entire population! And yet some of the Locofoco editors say the "Democrats could not approach the polls!" What pure, upright, immaculate fellows they are!

JUDGE HALE ELECTED .- The many friends of Hon. James T. Hale in this county will be gratified to hear of his election to Congress in the Centre and Lycoming district, by a majority of about 2,000. He is a firm friend of Free Institutions, a strenuous advocate of Protection, and will make an active and reliable member. The people of the 15th district should all rejoice over his election.

ELECTIONS IN NOVEMBER .- On the 1st of November the State and Congressional elections will occur in Louisiana. On the 2d, New York, New Jersey, Massachusetts, Michigan and Illinois are to elect Stato officers and members of the thirty-sixth Congress. On the 4th, Wisconsin votes, and on the 9th,

Onto .- The People's Party gain one member in Cincinnati, Gurley in place of Groesbeck, Cary in place of Hall, Helmick in place of Burns and Trimble in place of Miller, with ed over the number "40." There is a motto a chance for one more. This would give them 17 of the 21 members, certain.

RATHER HIGH-PRICED .- A. Keene Richards, of Georgetown, Ky., has determined to purchase the celebrated English race-horse, Fishrman, and bring him to this country. The Pice to be paid for him is \$30,000.

INDLYA .- The People's Party have carried all the Congressional districts but two, which gives them 9 of the 11 members-a gain of three. This legins to look like carrying the next House.

all that the Administration test can now only result, indeed, is regarded, even by those nearest the throne, as the most astonunding revolution that has ever taken place in politics. The Union, of this morning, after attempting to compare it to the political revulsion of 1854, dawdles off into its usual fanforanade and the most hopeless platitudes. It yet continues to indulge in those empty objurgations which have already produced for its masters such a heavy crop of disasters. It has even the hardihood to claim that the result in Pennsylvania followed an adherence to principle on the part of the President and his Cabinet, when the fact is notorious that nothing could have produced such a catastrophe but the desertion of principle on the part of those to whom had been entrusted the creed of the democratic

A DAMAGING DISCLOSURE .- Hon. F. P. Stanton, Secretary of Kansas under Gov. Walker, in a late speech at Lawrence made the follow-

ing statement: "He [Mr. Stanton] came to Kansas in 1857, believing it to be the intention of Mr. Buchanan to deal fairly with the people. Had not this been his opinion, he would never have accepted the position of Secretary, nor Walker that of Governor of the Territory. Justice demanded the admission that he still believed the intention of the Administration to have been good. Its present line of policy was an political speculators, they will lay aside their after-thought. Until the month of September he and Gov. Walker were sustained throughparty predilections, and, rising in their sover- out by the Administration. He would mention one circumstance which was not generally known, as showing this conclusively.

"On the 1st of September, General Whitfield and Dr. Tebbs, of Kansas, who were then in Washington, signed a letter "expressly stating that the course of Gov. Walker and Secretary Stanton was acceptable to the people of Kansas, inasmuch as an undoubted majority were in favor of a free State." This letter was who was anxious to shield himself from the assaults then being made upon him by the South. Through Mr. Buchanan's agency the letter was sent to the Union office, and was actually in type, accompanied by editorial comments endorsing the character of Dr. Tebbs as a "gentleman of unimpeachable veracity," most unscruptious and shameful one."

THE POPE TO MAKE A PILGRIMAGE. - HIS HOliness the Pope is as singularly quiet this summer, in the ample walls of the Vatican, as he was active and erratic last year through his own dominions and those of his immediate neighbors; but if report speaks true, the year 1859 is to witness a very much more distant excursion on the part of his Holiness than any he has undertaken since his diplomatic mission as Nuncio to the Republic of Chili. Since the recognized supremacy of the See of Rome throughout Christendom we have no instance of the supreme Pontiff ever venturing upon a pilgrimage to the Holy Land, and it is, indeed, difficult to imagine what would be the correct etiquette to be observed between two personages of such exalted positions, and sech mixed attributes as the Pope and the Sultar. It is nevertheless rumored in several credible quarters that Pio Nono, who has already ventured | the 2d inst., three days later. There is no upon many steps that his more cautious predecessors would never have dreamed of, is determined to add to the memorabilia of his eventful reign a papal pilgrimage to Palestine, with the full consent and approbation of the Sultan Abdul Medjin.

THE ADMINISTRATION SOLD. - It appears, says the Daily News, that the Cabinet at Washington has been humbugged by the Nicaraguan Minister, Jerez, who it seems is but a bogus representative of that State. Mr. Buchanan's Administration is exceedingly unfortunate, and every cunning diplomate seems inclined to impose upon it. When Sir William Gore Ousley outwitted the dignituries, it probably afforded them some consolation to know that they had been gammoned by a very noble personage, but it will be hard to extract comfort from a knowledge of the fact that they have been "sold" by such a small potato Minister as Jerez. It may be, however, that the Administration is realizing the truth of the assertion of Hudibras, who says:

"Doubtless the pleasure is as great Of being cheated as to cheat.'

MASONIC CURIOSITY .- A few days ago, Mr. C. Blackburn, of Covington, Ky., found in a sack of Rio coffee a copper medal, bearing upon one side the representation of the tent of a Knight Templar, surmounted with the crown and cross, and surrounded with the motto, "In hoe signo vinces." On the reverse. in a wreath, the number "20" has been stampon this side, but the medal has been so much worn as to make it illegible. The date is "1328." The peculiar significance of this medal will be appreciated by all masons who have attained the degree of Knight Templar-

THE HORSE TOM CORWIN RIDES .- At a publie meeting in Cincinnati on Thursday last, Tom Corwin made a speech, in the course of which he said :- "I think I could convince constable in Johnston county, N. COLUMBIA COUNTY .- Many of the farmers are now engaged in raising their potatoes. In some localities the yield is large and of excellent quality, while in others the crop has almost failed. John Boyer, a German, residing in Montour township, met with a melancholy accident on the 2d inst. He descended in a well, thirty-five feet deep, for the purpose of cleaning it. On his being hoisted up, and just as he took hold of the floor, the rope broke, precipitating him to the bottom, mangling his thigh in a horrible manner. . . . A number of spring houses, in different parts of our county, have been broken open within the past month, and robbed of their contents. These robberies are committed by traveling thieves who confine their operations to no par-

ticular locality. LYCOMING COUNTY .- On Friday the 18th. the clothes of a little daughter of Mr. Henry Dieffenderfer, residing near Hughesville, accidentally caught fire in the absence of her parents, and before assistance arrived, she was so horribly burned that she died in twelve hours afterwards. This is truly a distressing occurrence and should serve as a warning to parents not to leave their children alone where there is fire. The Lycoming county Mutual Insurance Company sustained losses

to the amount of \$20,000 the last three months. INDIANA COUNTY .- On the 14th a fire was discovered in the barn of Mr. Henry Altman. Blacklick township, about two miles from Blairsville. The barn with a large amount of wheat, 1ye, oats, &c., were totally destroyed. A fine saw mill which was close at hand, was also destroyed with a considerable amount of lumber. The loss is estimated at \$1500 and will fall heavily upon Mr. Altman. It was the work of an incendiary.

PERRY COUNTY .- A store was broken into n New Bloomfield, last week, and the safe up with gunpowder. About \$3000 were found in the safe by the scamps, of which \$100 belonged to the Insurance Company.

NORTHUMBERLAND COUNTY .- A small child of Wm. Follmer, Esq., of Turbut township, was drowned in the mill-race, near his residence, on the 5th. The child was running around in the yard, and fell into the race unnoticed. When rescued life was extinct.

The steamship Africa arrived on the 14th, at New York, with advices from Europe to news of great importance in her budget. A Mr. Rowett had offered to lay an electric wire, covered with rope, from Velentia to Newfoundland, for £182,000. The lives of ten miners were sacrificed by a fire in a coal pit near Durham. Letters from the East contain accounts of further troubles between the Mussulmans and Christians. Candia was still in a distracted state, and there had been risings at Jiddah, Meeca and Tripoli. The Chief Minister of Persia and his sons had been arrested. The India and China mails had arrived, but they brought nothing of importance in addition to the news telegraphed. Recent advices from Mexico are unusually important. A decisive battle has been fought, but it does not distinctly appear whether Vidaurri has beaten Miramon, or Miramon, Vidaurri. Gov. Lecomptonism Floored!

A TOUCH OF NORTHERN THUNDER!!

We have not as yet full official returns of the election held in this State last week, Lut the figures indicate that the candidates of the People's Party are elected by at least 30,000 majority. In the Legislature we will have a majority of about 40 in the House-the Senate will stand 16 Opp. to 17 Dem. All the Lecompton candidates for Congress in the State except two have been defeated, and the scat of one of these, Florence, it is said, will be contested on account of alleged frauds. The victory is a glorious one, and is a severe rebuke to the corrupt, extravagant, free-trade, slave-led Administration of Buchanan.

The district was thoroughly canvassed by the friends of the Administration, and Senator Bigler used his personal and political influence to elect Gillis, but all to no purpose. He and his friend were a little too "weak at the knees" for the load they had undertaken to hanl over the road they were traveling, and consequently they had a regular taken away into a field, where it was blown break down by the time the election came on. ANOTHER COMET .- There is now another of these bodies visible in the celestial field. Tuttle's comet can now be seen in the constellation Pegasus, without the aid of a telescope. This group is in a direct range with a line drawn from the two pointers in the "Great Dipper" through the North Star, and is about as far from that body as Arcturus.

The wife of the Hon, John Hickman died on the election day-the day on which her husband was re-elected to Congress. She partook of her dinner as usual, and retired to her chamber to rest, when she was attacked with hemorrhage of the lungs. She arose and walked to her husband's library, where he was, and died shortly afterwards.

Maine Laws and prohibition do not seem to have improved the morals of Boston, for the Trave ler admits, "in order to see the comet in its full glory, take a good glass. If this fails, take two glasses. Should this prove insufficient, take more glasses, and you will in time be able to see not only one, but two comets-perhaps more."

MORMONS IN CENTRAL AMERICA .- Col. Kinney informs the San Antonia (Texas) Herald that he has concluded his negotiations with the Mormons for the sale of his interest in Central America, and has received an earnest of \$200,000 as part of the purchase money. He is to receive \$2,000,000.

OREGON .- The advices from Oregon are to Sept. 1. Various rumors prevailed of Indian fights. One of these was to the effect that a train of several hundred men under Gen. Palmer, formerly Indian Agent in Oregon, had been attacked near Walla Walla and every Robison.
