## THE SHAVERS.

The barber shaves with polished blade,

The merchant shaves in constant trade, The broker shaves on twelve per cent,

The landlord shaves by raising rent; The doctor shaves by pukes and pills,

The tapsters shave by pints and gills, The farmer shaves in hay and oats,

The banker shaves on his own notes; The lawver shaves on friends and foes,

The pedler shaves where'er he goes,

The office holder shaves the nation, The parson shaves to men's salvation, The wily churchman shaves his brother,

The people all shave one another.

PRACTICAL JORING .- A few days since a man called upon a Boston attorney and stated that a livery stable man had shaved him dreadfully, and he wanted to come up with him.

"State your case," said the attorney.

"I asked him how much he would charge me for a horse and wagon to go to Dedham. He said one dollar and a half. I took the team, and when I came back, I paid him one dollar and a half, and he said he wanted another dollar and a half for coming back, and made me pay It," said the client.

The attorney gave him some legal advice which the client immediately acted upon. He went to the stabler and said-

"How much will you charge me for a horse and wagon to go to Salem ?"

"Five dollars," replied the stabler.

"Harness him up !"

Client went to Salem, came back by railroad, went to the stable, and said-

"Here is your money," paying him five dollars. "Where is my horse and wagon?" eagerly

asked the stabler. "He is at Salem," says the client; "I only hired him to go to Salem."

gress in Cincinnati, was formerly a Universalist minister. One of his opponents was trying to persuade an old Methodist not to vote for him. "Do you think you are furthering the cause of religion," said he, "by voting for a Universalist, one who does not believe in a hell?" "Yes," was the old Methodist's reply; "If by the time Mr. Gurley has been in Congress a year he does not find out there is a hell, then I don't understand the present Administration. I shall vote for him."

When Sir William Scrope was about to charge with his troops in the famous conflict of Edgehill, at the opening battle of the Par-Hamentary campaign with King Charles I., he said to his young scapegrace of a son :

To which the witty rogue answered :

JAR-RETT, OF THE NEW-YORK LUNG IN-FIRMARY .- My connection for the past eight years with the above Institution, as Chief Physician, and a twelve years' course of steady devotion to the Cure of Pulmonary Consumption and its kindred diseases, together with my unrivalled opportunities and advantage of pathological research aided not a little by a perfect system of Medical Inhalation-has enabled me to arrive at a decisive, direct, and successful course of treatment for the positive and radical cure of all diseases of the Throat, Lungs, and Air-passages. By Inhalation, the vapor and curative proporties of medicines are directly addressed to the diseased organs of the integument. I do not advise the use of Medical Inhalation of any kind, to the exclusion of general treatment; and although I consider it a useful adjuvant in the proper management of those fearful and often fatal diseases, yet I deem it very neces-sary that each patient should have the benefit of both general and local treatment. The success of my treatment in the above diseases, and the high character of the Institution over which I have so long had the honor to preside, are too well known to need any enlogy or comment from me. At the solicitation of many private and professional friends, through whose philanthropic aid the above charity has been long and liberally supported and after due consideration, I have concluded to make such arrangements as will bring the benefits of my experience and treatment within the reach of all and not confine myself, as heretofore, to those only who entered the Infirmary, or who were able to visit me at my office. Hoping therefore that the arrangement will give entire satisfaction, both to my professional brethren and the public, I would respectfully announce in conclusion, that I can now be consulted personally or by letter, on all dis eases as above, and that the medicines, the same as used in the Institution, prepared to suit each individual case. Inhaling Vapors, Medical Inhapart of the United States or the Canadas. TERMS -My terms of treatment by letter are as follows, \$12 per month for each patient, which will include medicine sufficient for one month's use; also, Inhaling Vapor, and an Inhaling Apparatus.
Payment as follows: \$6 to be paid to Express Agent on receipt of the box of Medicine, and the balance \$6 at the expiration of the month, if the patient be cured or is entirely satisfied with the reatment. Patients, by giving a full history of their case, and their symptoms in full, can be treat-

Philadelphia, April 25, 1855. GREAT DISCOVERY OF THE AGE. Dr. Gustav Linnard's Taste Restorative Troches, the Great Substitute for Tobacco .- It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe MENTAL AND PHYSICAL disorders to which the race of man is subject, as cureful annlasis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing ma-

ny to suppose that organ to be seriously diseased. TOBACCO affects also she cutire nervous system, manifesting itself—as all who have ever used the noxious weed will bear testimony-in Lassitude Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character. The "Taste Restorative Troches" are designed to counteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire avatem, restoring the Taste which has become vitia-ted or destroyed by great indulgence, complete-ly removing the irritation and accompanying tickling sensation of the Throat-which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stom-

ach, invigorate the whole system. Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.
These Troches or Lozenges are put up in a con

venient and portable form at the low price of be cents per Box. A liberal discount to the Trade.

Corner 2d and Race streets, Philadelphia. April 14, 1858-1v. HAMMONTON LANDS .- New England A Settlement. - Rare Opportunity - To all wanting Farms - in a healthy place, twenty five miles from Philadelphia, on the Camden and Atlantic Railroad, New Jersey. An old estate has recently been opened for sale, and the first division of 10,000 acres divided up into farms of 20 acres and upwards. The soil is of the best quality for the production of fruits, grains, &c. The price is \$15 to \$20 per acre, payable in easy quarter yearly instalments, within a term of four years, with interest. The terms are made easy, in order to insure the rapid improvement of the land by enabling every industrious man to buy a farm. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia Seventy-five houses have been built in 4 months. Practical farmers and bu-siness men from the length and breadth of the Union are settling there. It is an important business place, on account of its being in the midst of a great market. Every article raised on this land finds an immediate sale. The water is excellent, and no such thing as fever is known. The soil is a sandy or clay loam, with a clay bottom and retentive of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the area adjoining under cultivation. it will be found not to be excelled anwhere in the production of crops most adapted to its market. The reader may be well aware that the earliest and the best fruits and veg-etables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way

for fertilizers, has an abundant supply of the bost quality of muck manure. Lumber and building materials can be had on the spot at a cheap price, from the mills Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order oget a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hours' ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand ; he is in a heatthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and har-dy in far off regions away from home and friends, Besides, he has a mild climate and an open winter. There are three trains daily to Philadelphia, and to all those who improve the railroad compa-

ny gives a free ticket. The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and unless these statements were correct no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, no doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and ocations are not held on refusal.

The Hammenton Farmer, a monthly literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cents per annum.
