Whereas, a question of great importance is now before the people of Clearfield County for their approval or rejection, namely the removal of the County seat from its present location to Curwensville, Be it

Resolved, That the question of removal is one which affects all the citizens of Clearfield County and its decision must have an abiding effect on the future prosperity of the county. Resolved, That the present location is inconvenient and burdens the people of the county with taxes and other expenses which could be

saved by its removal. Resolved, That when a county seat is not so located as to afford the greatest facility to the anajority of the people to attend court and

transact necessary business, it should be changed. Resolved, That Curwensville is more central as to location, population and business, that it is on the great thoroughfares of the county, that it is in the heart of the agricultural dis-

trict, and in every respect the most desirable point for a county seat. Resolved, That the removal of the county seat to Curwensville will save to the people of this county over three thousand dollars per annum in taxes and other expenses incident to

attendance to county business. Resolved, That the proposition of the citizens of Curwensville and vicinity to creet the county buildings at private cost will save the tax-

payers at least \$40,000. Resolved, That three-fourths of those who transact business at the county seat would be

better accompdated by removal. Resolved, That for these reasons, we are in dayor of removal to Curwensville, and will sise all honorable means to affect that purpose, by asking the Legislature to submit the ques-
