

ACCIDENT.—On Saturday the 18th December, we learn, that a son of Jacob Smith, who resides in Bell township near Jacob Campbell's, aged about 12 years, fell from a straw stack and had his thigh broken.

The "Pennsville Lyceum," a literary association recently established for the improvement of the young of that place, is progressing finely. The "Herald," a monthly paper read before the association, is improving.

The lady friend who sent us a delicious mince pie on Christmas day, will please accept our thanks. Such a pi-on act as that is highly praiseworthy, and if any others should follow the example thus set, we shall take great pleasure in recording the fact.

LOST IN THE WOODS.—Last week, Nathaniel Sabins, Sr., of Burnside township, we are informed, was lost in the woods for a period of over two days. He is an old hunter, and went up Bear Run to visit some bear-pearls, which he has in the wilderness near the Jefferson county line. He lost his gun, shot-pouch, &c. and was without food during the whole of that time, and had become almost insane from exposure, fatigue and hunger.

A METEOR.—A friend, under date of December 22d, writes us as follows:—"This evening as I was riding near New Washington, I was startled by a glaring light behind me, which illuminated the road and surrounding objects, and got turned around just in time to see a brilliant meteor burst and fall in a shower of sparks, like an exploded rocket. It was before the moon arose. Several other persons in the vicinity saw it also."

BOUNDARIES OF PINE.—There is a wrong impression prevalent as to a portion of the boundaries of the proposed county of Pine. Some think that they include a part of Brady and Penn townships. This line does not include any portion of these townships, and does not even take all of Bell, but leaves quite a large corner adjoining Penn. Some of the petitions, we believe, read,—"to the north-west corner of Brady," instead of the south-west corner, and it was this mis-print that evidently gave rise to the misapprehension of the boundary on that side of the proposed county.

TREATMENT OF FROSTED FEET.—To cure the intolerable itching that follows frost-bitten toes, it is necessary to totally exclude the air from the affected part. If it is not accompanied with swelling, gum shellac dissolved in alcohol applied so as to form a complete coat, is the easiest remedy that we know of. It dries soon, and does not adhere to the stockings, and generally lasts until the feet are well. If the flesh becomes swollen and painful, plasters of good sticking salve are of great service, but if highly inflamed any mild poultice that will exclude the oxygen of the air from the diseased part, and keep it moist, allowing the recuperative power of nature to do the rest.

COLDS AND HOW TO PREVENT THEM.—This is the season when colds are most prevalent, and a great many persons in our town are now sorely afflicted in this way. A fact well worth remembering in this weather, is that when the first premonitions of a cold are felt, the best way to prevent it is to exercise vigorously until perspiration is induced, when the sufferer should keep up the warmth by full clothing or by going to bed. No whiskey punches or warm baths, or hot water and mustard for the feet, can be compared to the glow which a general stretching of the muscles induces. If fairly caught, the cold must be endured, but it is always modified by avoiding excesses of all kinds.

OUTRAGES ON AMERICAN CITIZENS.—The New York Herald publishes a letter from an American citizen named Alexander Robinson, who writes to us from a prison in Caliao, in which he has been immured—as he himself says—without cause and where he has been treated with the greatest inhumanity. It appears that he and two of the inmates of the same house were dragged out of their beds at night by the police, thrown into a dungeon and subjected to the most cruel tortures to force them to say they were thieves. This is the second case of imprisonment of Americans which has been brought to our notice. The other was that of Captain Jefferson, who has been imprisoned for years in the same place, and who, we believe, is still in confinement. We trust our government will have these cases investigated, and if the statements which have been made are true, that they will call the Peruvian government to strict account for the outrages alleged to have been committed on American citizens.

MISSISSIPPI READY FOR WAR.—Our readers will doubtless remember that Jeff. Davis recently threatened, if a Republican President was elected, to dissolve the Union and smash up things promiscuously, and counseled the Sovereign State of Mississippi to prepare for the emergency. Accordingly, an examination has been made, and the Vicksburg Whig gives the following inventory of the "circumstances of war," discovered to be an hand:—

A flint-lock muskets—all rusty, and no breeches to last two. I cannon. 7 bayonets—rusty, with no points. A pile of belts and scabbards, but no swords. 50 cartridge boxes. The Whig adds:—"We now have 5 Major Generals, 10 Brigadier Generals, and 60 Colonels, 69 Lieutenant Colonels, 69 Majors, and will soon have 600 Captains, 1200 Lieutenants, 1800 Sergeants and 4800 Corporals. We are happy to inform them, however, that we have no privates—the Legislature having dispensed with that useless portion of the army."

We think Jeff. himself should be selected as Generalissimo of these forces, so that they will be well trained and able to "pitch in" properly when the command is given to "present arms and charge the enemy."
