THE JOURNAL.

CLEARFIELD, PA., JAN. 19, 1859.

REVIVAL .- We understand that the Methodists are having quite a revival of feligion in Goshen township at the present time, and that many persons are being converted.

AN IMPROVEMENT .- We are pleased to learn that our triend Cel. A. B. Shaw has been making quite an improvement at Shawsville, by erecting a fine store-house, where he is prepared to supply his old customers, and as ticide. many new ones as possible, with goods at the lowest rates. The Col. being a clever fellow, cannot fail to do a large and profitable business.

We have been informed that a malignant disease is at the present time prevailing in and about Luthersburg in this county, which baffles the skill of physicians. Three children have recently died, and some ten others are reef.' still sick, and it is feared that the attack may prove fatal to a portion of them, at least. The disease, with few exceptions, is confined to ebildren.

READING BY CANDLELIGHT .- Place the candle behind you, that the rays may pass over your shoulder on to the book. This will relieve the eyes. Looking into a fire (particularly a coal one) is very injurious to the eyes. The stimulus of light and heat united, soon destroys the eyes. Those who wish to preserve their sight, should preserve their general health by correct habits, and give their eyes just work enough, with a due degree of light.

FINGER CUT OFF AND HEALED ON AGAIN .- Some three or four weeks ago, Mr. G. W. McCully, of Beccaria township, cut one of his fingers off with an axe, and after going to the house he returned to the woodyard, where the accident happened, picked up the part of the finger which had been cut off, and after cleaning off the dirt which adhered to it, replaced it on the finger and bound it on. It is now healing rapidly, the cut off portion having united firmly, and will be almost as useful as if nothing had occurred to it. This fact might be worth remembering, by persons who may have the misfortune to meet with a similar accident.

PROTEST.

The following protest, against the letting of the contract for a new Court House on the 29th January, 1859, has been presented to the Commissioners of Clearfield County. All the signatures, most of which we are obliged to omit, were procured on Saturday and Monday. We understand that other names are being added

To John Irwin, George Earhard and William McCrucken, Esq's, Commissioners of Clearfield County.

GENTLEMEN :- Understanding that you propose letting a contract, on January 29th, for the erection of a new Court House, we respectfully, but carnestly, protest against such

You are aware that two projects are now before the people. First, the crection of a new county out of parts of this and adjoining counties, to be called Pine, which, if effected, will cut off a large scope of territory and largely sleerease our legal business. And Second, the removal of the seat of Justice from its present site. Large meetings in favor of removal have been held, and petitions circulated and numerously signed; but the friends of which are awaiting legislative action as to Pine county.

We, therefore, protest against a letting at this time, for the following reasons:

1st. If "the erection of Pine county has be come a fixed fact," as many believe, then the present buildings will be sufficient to accommodate the county with its decreased limits, and there is no necessity for putting the county to the cost of erecting buildings.

2nd. That if the removal is effected after letting, the county will be liable for damages to the contractors for breach of contract, 3rd. That the hardness of the times and high price of provisions at present, must increase the amount at which the buildings will be let; and the same facts should cause you to pause before adding further burthens upon us, and rather seek some mode of lessening our rate of taxation, instead of fastening, in great haste, a debt upon us which, with the accrueing interest, will not be liquidated dur-

ing the next 20 years. 4th. That too short a time is allowed to en able persons who might want to make propo sals, to do so.

Mr. John Bickel, who was appointed Postmaster at Jonestown, Lebanon county, in 1802, by Gideon Granger, under the administration of Thomas Jefferson, sent in his resignation, a few days ago, to the Postmaster General. Mr. Bickel has done the business of the office ever since his appointment, but the bad condition of his health will permit his doing it no longer, and he consequently resigns. His son Samuel E. has been appointed in his place. No Postmaster in the United States has held his appointment so long as Mr. Bickel, and he now retires in the eighty-fourth year of his nge, with the pleasant reflection that he has always given satisfaction to the people whose mail matter passed through his office.

YER'S SARSAPARILLA, a compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so ombined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is elieved that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints: Scrofula and Scrofulous complaints, Eruptions and Eruptive Diseases. Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and yphilitic affections. Mercurial Disca Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion. Erysipelas, Rose or St ny's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruption and ulcerous seres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the body healthy, and all is well; but with pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of

life is disordered or altogether overthrown. Sarsaparilla has, and deserves much, the rep tation, of accomplishing these ends. world has been egregiously deceived by preparations of it, partly not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no cu rative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have good ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to

ciously taken according to directions on the bottle.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1 per Bottle; Six Bottles for \$5. AYER'S CHERRY PECTORAL, has won for itself such a renown for the cure of every variety of Throat and Lung complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed As it has long been in constant use throughout this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do
