For the "Raftsman's Journal." STRAY THOUGHTS.

How many persons whom we associate with in our every day walk of life, live, or fancy their existence depends entirely upon the smiles or approbation of a certain class of people whose chief purunit of happiness in this world would scon convince the most noted sceptic that earth and nothing else formed the material of their creation. Yet like a third rate actor in a one horse theatre, they oftener play to empty beaches than an intelligent au-

If, perchance, an opportunity for doing a As'te Judges-Hon. Wm. L. Moore, Clearfield kindness presents itself, they most invariably cast a look over their shoulder to see whether there are any to censure or approve; and while engaged in ascertaining that fact, should the "still small voice" speak louder for compassion, they turn abruptly, but only to find the object of pity has vanished. Thus an opportunity for assisting the needy, as well as strengthening the better feelings of the donor, which, perhaps, have long lain dormant only for want of a fit subject to arouse and call them into exercise, is lost for the time being, and who may not say, for ever. An act of charity, though trivial, is sure to make the head lie easier on its pillow, and bring the heart nearer to our father God, who approved the widow's mite, and delighteth in mercy

How often do we hear the remark-what will folks say of me if I visit this person or that, or this house or that house? and to the everlasting disgrace of many professors of religion be it said, that not only the dwellings of the poor and lowly, but the sanctuary of the most High is also interdiced because, perhaps, the congregation which assembles there on the Sabbath to return thanks for the many blessings received through the week, are in the minority in that place, and consequently rather unpopular. Should we then withhold our sympathy from the destitute and afflicted in whatever way it may be solicited merely because the requisition comes from an unpopular subject? Good deeds, enacted under adverse circumstances, are like the rays of early summer's sun, all the warmer for the severity of the preceding winter. Let us, then, always have a kind word for the erring, and a willing hand to assist the unfortunate, and great shall be our reward. BACKWOODS.

GREAT DISCOVERY OF THE AGE. IMPORTANT TO TOBACCO CHEWERS Dr. Gustav Linnard's Taste Restorative Troches, the Great Substitute for Tobacco - It is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe MENTAL AND PHYSICAL disorders to which the race of man is subject, as cureful analasis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased. TOBACCO affects also she cutire nervous system. manifesting itself—as all who have ever used the noxious weed will bear testimony—in Lassitude, Nervous Irritability, Water Brash. Dyspepsis, and many other disorders of a similar character. The "Taste Restorative Troches" are designed to consteract these baneful influences, and have proved completely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the entire system, restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying ticking sensation of the Throat—which are always consequent upon abstraining from the research. consequent upon abstaining from the use of To-bacco, and by giving a healthy tone to the Stomach, invigorate the whole system Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw

off the injurious and unpleasant habit of Tobacco Chewing
These Troches or Lozenges are put up in a gen venient and portable form at the low price of 50 cents per Box. A liberal discount to the Trade. Prepared solely by the undersigned to whom all orders should be addressed.

HAMMONTON LANDS.-New England Settlement -Rare Opportunity - To all wanting Farms - in a healthy place, tweaty-five miles from Philadelphia, on the Camden and Atlantic Railroad, New Jersey. An old estate has repently been opened for sale, and the first division of 10,000 acres divided up into farms of 25 acres and upwards. The soil is of the best quality for the production of fruits, grains, &c. The price is \$15 to \$20 per sere, payable in easy quarter yearly instalments, within a term of four years, with interest. The terms are made easy, in order o insure the rapid improvement of the land, by enabling every industrious men to buy a farm. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement ont of Philadelphia Seventy-five houses have been built in 4 months. Practical farmers and bu-siness men from the length and breadth of the Usinces men from the length and breadth of the U-nion are settling there. It is an important busi-ness place, on account of its being in the midst of a great market. Every article raised on this land finds an immediate sale. The water is excellent, and no such thing as fever is known. The soil is and no such thing as fever is known. The soil is a sandy or clay loam, with a clay bottom and retentive of manures. It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility that from the crops produced both upon this land and the crea adjoining under cultivation, it will be found not to be excelled anwhere in the production of crops most adapted to its market. The reader may be well aware that the earliest and the best fruits and regetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best

quality of muck manure. Lumber and building materials can be had on the spot at a cheap price, from the mills Other mills are now being opened, and brickyards being started on the ground. A person can put up a frame tenement for present convenience for one hundred dollars. On account of the extensive enigration, this is the best course to pursue in order oget a place to live in at first. Carpenters and builders are on hand to put up houses on the best terms

In settling here the emigrant has many advan-tages. He is within a few hours ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled country, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and har-dy in far off regions a way from home and friends. Besides, he has a mild climate and an open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad compa Dy gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask himself why the property has not been taken up before. The reason is, it was never thrown in the market; and un-less these statements were correct no one would be invited to examine the land before purchasing. This all are expected to do. They will see the land under cultivation; they will meet persons, re-doubt, from their own neighborhood; they will witness the improvements, and can judge of the character of the population. Persons should come prepared to purchase, as many are locating, and

ocations are not held on refusal. The Hammonton Farmer, a monthly literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cents per annum. Title indisputable. Warrantee deeds given, clear of all incumbrance, when purchase money is paid. Route to the land: Leave Vine street wharf,

Philadelphia, for Hammonton by railroad at 7½, A. M., and 5½, P. M.; when there inquire for Mr. Lyrnes. Boarding conveniences will be found. Betters and applications can be addressed to S. B. COUGHLIN, 202 South Fifth Street below Walnut, Philadelphia. Maps and information cheerfully
