CLEARFIELD, PA., FEB. 9, 1859.

Spring Elections .- Friday, the 18th day of February, is the time fixed by law for the holding of the Spring elections for Borough and Township officers.

RETURNED .- H. L. Henderson, formerly of this county, who lost one of his legs by an accident in California, reached Philadelphia last week on his way hither.

FROZEN FEET .-- A gentleman, residing near this place, who suffered much from frozen feet, informed us that he removed the pain by on ten bills, they remark : using a bottle of Duvall's Galvanic Oil. This is worth remembering.

Washingtonian Temperance Society will be held in the Court House in this Borough on the evening of the 22d February. All persons, especially the ladies, are respectfully invited to attend. G. PHILIPP GUELICH, Pres.

SNOW, TIMBER HAULING, &c .- Since we issued our last paper we have had a fine fall of snow in this county, and our lumbermen have been taking advantage of it to haul square timber, boards, shingles, &c., preparatory to ratting, to the banks of the streams. If the snow should remain on the ground for several weeks, most of the lumber will be hauled; but fears are entertained that this will not be the case, as the weather is unusually changeable this winter. P. S .- As we go to press this morning it is raining.

HIBERNIAN PRUDENCE .- An Irishman in W. township, some time since discovered his- have them arrested and brought before them house to be on fire, but could not get at it for want of a trap door in the roof; and not having a ladder at hand his wife suggested that a hole be cut in the root for the purpose of getting at the fire, which was yet confined | noy this Honorable Court with like petty charto a small space around the stove pipe, when Pat replied, "No, faith! I'm no goin' to spile the bonny roof!" So starting to another other apparently insignificant matters are house for a ladder, and sending his wife a quarter of a mile for help, he left the "bonny roof' burn to ashea.

Norwonthy .- Sedentary and weak-chested persons should breathe long and deep in the cold bracing air of these winter mornings. A few cubic feet taken with a relish, will be worth any amount of opiates and astringents, for quickening and healing the vital organs. Inhale it vigorously and copiously. Throw off your mufflers and conforters, and allow the nir to dance around the chest and throat. Do not fear taking cold-this you cannot do unless you expose yourself while in a perspiration. Do not go naked by any [means-but keep off so much rubbish for the protection of the chest-step briskly, and breathe as though you relished the vital, life giving power.

Wenrn a Trial.-Everybody and his wifeand particularly his little folks-love the good old-tashioned dough-nuts, or "nut-cakes," or "crullers," or whatever name you call them. But many persons are troubled with "weak digestion," (dyspepsia,) and the large amount of lard or grease absorbed by the said doughnuts does not always "set well," but produces a "rising in the stomach." When this is the case try the following invention: The doughnuts being prepared as usual, just before immersing them into the hot fat, plump them into a well beaten egg. This will give a thin coating of albumen, which will keep out the grease effectually. Furthermore, this coating retains the moisture, and keeps them in good condition much longer.

Bors .- Somebody says, boys, when they are Lovs, are queer enough! How many ridicutons notions they have, and what singular desires, which, in after life, change and shape themselves into characteristics? Who remembers when he would have sold his birthaght for a rocking-horse, and his new suit of clothes for a monkey ! Who forgets the sweetfaced girl, older than himself, against whose golden hair he leaned and wept his grief away ? Who recollects when the thoughts of being a circus rider appeared greater than to he President; and how jealously he watched the little fellows that wore spangled jackets and turned somersets, and prayed to become like them. If memory preserve not these capacities, or something similar, the boy is lost

VALENTINE DAY .- Ou Monday next is Valentine day. This day, it is generally conceded, is to be devoted to the interchange of billet donx, especially between lovers, and no doubt, many nice and suggestive valentines are transmitted and received. Mostly, however, mere comical carricatures are sent, intended to annoy and offend, rather than to please and suggest friendship, and therefore amounts to nothing. If, however, this day were devoted to some useful object, much good might re sult from its observance. For instance; suppose you ewe a neighbor a small sum of money, and you would enclose a dollar or two in an envelope instead of one of these comical non-sensicals, would it not be much better? Friend, think of this suggestion, and we feel assured that your valentine will be accepted with thanks; and perhaps you may be the means of preventing much suffering, by thus devoting the day to a good purpose, instead

Constantes vs. Grog-shors .- Under the license law now in force, the constables of the various boroughs and townships are required, under oath, to make a return to the Quarter Sessions, of all persons who sell liquors without license. A failure to do so is not only a misdemeanor in office, but makes them liable to a much more serious charge-perjury. Reently, G. W. Shaffer, former constable of the Fight Ward in Pittsburg, was, on information Dennis Cahile, arrested and held to bail to namer a charge of wilful, corrupt and delib-

grate perjury by swearing to the truth of the

report which he made to the Quarter Sessions, when he knowingly did not return all the un-

licensed liquor sellers in the ward. Doubt- / less, there are many persons in different sections of the country who are engaged in selling liquors without license; and yet, because they are "good fellows," the officers of the law permit them to pursue their illegal traffic with impunity, and make themselves liable to indictment for misdemeanor and perjury. It might be well enough for constables to keep

GRAND JURY PRESENTMENT .- We had intended to give last week the presentment of the Grand Jury at the recent term of our County Courts, but it was unavoidably crowded out. After setting forth that action had been taken

And while on this part of the subject the Grand Inquest cannot help expressing their regret that quite a number of trifling cases TEMPERANCE MEETING .- A meeting of the are constantly returned to the Court by the hereby present the same as an evil, and respectfully ask that the Court use all proper means to abate the nuisance. This grand inquest are well aware of the popular doctrine. that the people in their local capacity have a right to "regulate their own affairs in their owa way." This, as well as every other doctrine or policy which attempts to approach a standard of justice and equal rights, has boundaries we dare not o'er leap, without becoming transgressors of that very standard of principle we would seem to appreciate. And while in our present capacity we, in common with the rest of our fellow citizens, regret very much that we have often been put to shame, in witnessing in a number of instances that several of our conservators of the peace, were so miserably intoxicated and profane that we deem them a disgrace to our good old Commonwealth if not to nearer associations, others of the same class prostitute their position by using the name of the Commonwealth in bringing frivilous actions against personsupon insignificant charges with a great array of dignity and authority; but afterwards they labor with great zeal to have them quashed and settled contrary to all law upon the subject. Others again, as above cited, often anges, which are of no interest to the court, nor of any benefit to the morals of the communitles in which they originate. These as well as preying as a disease upon the commonwealth, and if no check is offered by those who hold the remedy, we will find that our virtue will

the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater al-terative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. believed that such a remely is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of ommense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

Scrofula and Scrofulous complaints, Fruptions and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Sait Rheum, Scald Head, Syphilis and Syphilitic affections, Mercarial Disease, Dropsy, Neuralgia or Tie Douloureux, Debility, Dyspensia and Indigestion. Erysipelas. Rose or St. Anthony's Fire, and indeed the whole class of com-plaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to lo this through the untural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and slugish in the veins; cleanse it whenever it is foul and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better ealth, and live longer, for cleansing the blood. Keep the body healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sconer or later something must go wrong, and the great machinery of life is disordered or altogether overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug aione has not all the virtue that is claimed for it, but more because many preparations, pretending concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Ex-tract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any. Sarsaparilla, but often no curative properties whatever. Hence bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have good ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to In order to secure their complete cradica tion from the system, the remedy should be judiiously taken according to directions on the bottle Prepared by Dr. J. C. Ayer & Co., Lowell, Mass Price 51 per Bottle; Six Bottles for \$5.

AYER'S CHERRY PECTORAL, has won for it self such a renown for the cure of every variety of Throat and Lung complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed As it has long been in constant use throughout this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever her best and that it may be relied on to do so their relief all it has ever her best and that it may be relied on to do so their relief all it has ever her best and that it may be relied on to do so the second of th AYER'S CATHARTIC PILLS, for the cure of
