

THE JOURNAL.

CLEARFIELD, PA., FEB. 23, 1859.

LARGE TIMBER STICK.—Capt. James Dowler, near New Washington, we are informed, hauled a couple weeks since, a stick of square timber that measures 925 feet cubic. If anybody can beat this, we should like to hear of it.

DIVINE SERVICE.—By Divine permission, the Rev. Lloyd Knight of Hollidaysburg, will administer the Lords Supper, on the second Sabbath in March, in the Lutheran Church in Clearfield. Services to commence on Friday evening, the 11th, at early candle lighting.

MONEY STOLEN.—On Tuesday afternoon of last week, a shot bag, containing between \$60 and \$70 in silver, was taken from the store-drawer of Wm. F. Irwin, in our borough, during his absence of a few minutes from the store. The greater portion of the money has since been recovered.

EXTRAVAGANCE OF OUR BOROUGH OFFICERS.—PERFORMANCES NOT ON THE BILLS.—AN OFFICIAL FEEDING—THE TOWN "FATHERS" HAVE "A HIGH OLD TIME"—WHO PAYS THE PIPER.—Last Wednesday evening, the retiring Board of Borough officers signalled their exit by getting up an oyster supper, which is to be paid out of the funds of the corporation—the expense being \$10.00. We understand they had a rather "elevated venerable time" of it, enjoying themselves, as well as the oysters, et cetera, amazingly.

Eating, we all know, is natural and common to man and every living creature that moveth, except a sucker fish—and has been in all ages of the world. It is a thing we all understand and can do, though in these latter days we have improved much in the taste and method of that which is vogue among the ancients. In some things, however, we imitate them. Those old fogies, our Scandinavian ancestors, for instance, were in the habit of eating and drinking to the glory of great men. This our people also do, and with a gusto, too, that would have done honor to the appetites of any of them. The fact is, with many persons, now-a-days, the supplying of the stomach is a paramount consideration, so much so, indeed, that one is almost led to believe that they are all stomach—or, as an illiterate fellow, who construed words by their sound, once said of hearty eaters, "they are entirely belly-crocks."

Now, with these well-established truths before us, we should like to know if it was anything more than following the instincts of nature, when the Borough "Fathers" concluded to, and did, indulge in the delicious bivalves and other good things which are to be found in the Eating Saloon of our friend Tommy Robins; or whether they considered themselves as deserving of this peculiar sort of a "Reward of Merit" for the manner in which they managed the affairs of the corporation? If it was for the first named reason, we consider that they were only cashing a check presented by their stomachs—a mere business transaction. If for the other—then we don't know how that will be, for, according to their own showing, they have during the past year run the Borough in debt \$364.61 1/2. As a matter of course, the improvements they have made are of no consequence—there was no use in macadamizing a portion of Second street, and opening the water-courses along other streets: for it is a fact that has gained some credence, that an abundance of moisture is a fine thing in dry seasons, and the puddles and pools that would have formed in our streets might, therefore, have answered a good purpose in the event of a drouth, or a fire; and in cold weather, they would freeze over, and be solid enough without stoning, and might prove very convenient for skating parties. Besides, the officers receive no pay—they do it all for the glory of the thing—it is a matter of philanthropy—and, generally, they receive a great deal of credit for having done everything wrong.

But the feeding business is what we are after. We are a firm believer in the "art and mystery" of hearty eating. It makes men social and humane, and generates in them kindly feelings, as well as fat, to be well fed—to have, as Shakespeare says, their "fair round bellies" with fat capon lined"—though on this occasion oysters were used. Although "laughing" is said to be a great promoter of obesity, yet we prefer getting our physical conformation into comfortable "ketter" by good, solid feeding, and are, therefore, in favor of letting the streets take care of themselves, and having oysters and coffee at least once a month—if they ask us to help eat 'em—notwithstanding some object on the ground that if the officers can spend \$10.00 in this way, they have an equally clear right to appropriate all the Borough funds for similar purposes—which they might as well do. Now, if the Borough "Fathers" put the matter on this ground, we are with them—that is, if they ask us to step in the next time they indulge. If they don't, we will not hold ourselves responsible for the consequences.

We have been reliably informed that the Council have "faced the music" in a proper manner, by moving that an order be drawn for \$10.00 to pay for an entertainment for the officers of the Borough. We are rather pleased with the way they shoulder the responsibility, after hearing that some expensed them on the ground that the amount was to be taken from the dog tax, which could scarcely be considered borough funds, and especially were we pleased when we heard a wag inquiring, after this excuse, whether we were to understand by this that it was "dog eat dog." The wretch, if we hadn't been afraid he would "wollop" us, we would certainly have "pitched into" him, a la Morissey.

We had, however, not intended, when we commenced writing this article, to say anything more than merely state the facts of the case, and our limited space now admonishes us to "dry up," "shut pan," or whatever you may please to call it. So "auf cel."

A WOLF ABOUT.—On the morning of the 14th, before daylight, a straggling wolf visited the premises of Mr. Christopher Neff near New Washington, this county, and killed a sheep belonging to Mr. N.

BURNED.—The school house at Bald Hills, in Girard township, was destroyed by fire on Monday night the 14th Feb. It was evidently set on fire, as the house had not been occupied for some time previous. The loss will not be less than \$100.

ACCIDENT.—On last Thursday, Mr. Joseph Lansberry, who was engaged in hauling timber for Ellis Irwin, Esq., in Gosben township, received a severe cut on the lower jaw by being struck with a handpick, upon which a timber-stick fell and threw up the end. One of his teeth was also split, and small pieces knocked off of others. It is really surprising that his jaw was not broken or dislocated by so heavy a blow.

ARRIVED.—Mr. H. L. Henderson, who we noticed last week as having reached Philadelphia on his way home, reached this place on last Thursday evening, looking as well as could be expected under the circumstances. We are sorry to state that on Sunday forenoon he fell on the slippery pavement and injured the remaining part of his amputated leg, causing it to bleed profusely. Mr. Henderson's misfortune has secured him the heartfelt sympathy of all his acquaintances.

HOUSE BURNED.—We regret to learn that on Friday night, February the 11th, about 11 o'clock, the dwelling house of Mr. Lemuel Byers, within a mile and a half of New Washington, in this county, took fire and was consumed, with part of its contents. The fire originated at the roof, as is supposed, from the fire. The family had just retired, and Mr. Byers, hearing the noise of the fire, supposed it to be the stove, and when he discovered it to be the house it had got too far under headway to be extinguished. There is an old dwelling house on the farm, to which the family removed with what they saved from the devouring element.

We notice that in towns and cities all over the country, literary lectures are being delivered, this winter. Why is it we have none in Clearfield? If we cannot procure lecturers from a distance, there is sufficient talent in our midst, if it were brought into requisition, and certainly there is no lack of taste, or intelligence, to appreciate the best of lectures. This matter suggested itself to us by seeing that H. H. Swoope, Esq., of this borough, is announced to deliver a lecture before the Williamsport Library Association, on Tuesday night, March 1st. His subject will be, The History, Philosophy and Poetry of the Bible, which he treats in a new style, and which will doubtless secure the commendation of an intelligent audience.

BOROUGH ELECTION.—At the election held in this Borough on last Friday, the following officers were chosen:—Burgess, Jon. Boynton; Town Council, Robert Mitchell, Richard Mossop, J. C. Whitehill, George W. Rheem, Robert Wrigley; High Constable, Jac. Shunkweiler; Auditor, Joseph B. McEnally; Justice of the Peace, Michael A. Frank; Assessor, Robert J. Wallace; Judge, Robert Wallace, Sr.; Inspectors, Benj. Spackman, Israel Test; Constable, R. F. Ward; School Directors, George Thorn, Henry Snider; Overseers, George Thorn, Henry Snider. The above property was purchased by me at Sheriff's Sale, and left with Isaac Dunlap, on loan only, and subject to my order. JOHN PATTON. Curwensville, Nov. 6, 1858-dec22.

THE WEATHER, RIVER, &c.—The weather continues to be as frisky as a flirt, and its changes keep pace with the days, and sometimes more numerous. As we went to press last Wednesday, it was raining; Thursday it froze in the morning, thawed at noon, and snowed a trifle in the evening; Friday, drizzling rain; Saturday, sunshine in morning, heavy rain in afternoon and night; Sunday afternoon it grew cold, with a little snow in the evening; Monday, cold; Tuesday, sun shining, but air chilly. On Sunday morning the river was very high, and a number of timber sticks drifted down the stream. The ice in the dams gave way, and preparations were being made for "rafting-in," but the cold, freezing atmosphere of Monday stopped operations. These sudden and numerous changes of the weather cannot fail to retard hauling and cut down the supply of lumber, to a greater or less extent, this season, though in some localities all the timber that is hewed will be got to the river.

A very severe case of sore eyes, of 5 years standing, was cured by the use of Du Vall's Galvanic Oil. It is one of the most soothing and pain quelling agents that can be had. In Erysipelas of the face, it will often remove the pain in ten minutes.

DIED.—On the 7th, of Lung fever, LUCINDA, wife of Robert Pennington, Sr., of Chest township. Near Philipsburg, on Feb. 22nd, Susa, wife of Moses Owens, aged 33 years, 8 months, leaving a husband and six children to mourn their loss. The deceased was a daughter of Jesse and Anna Spencer, of Lumber City. She experienced religion in 1840, joined the Meth. Episcopal Church, and made one of the number that formed the first class in the Grampan Hills. She loved the class room, lived an exemplary life, and died a triumphant death.

My husband and my children dear, O, meet me in the skies; My body I have left below; It now with Johnny lies. My father and my mother dear, Wipe all your tears away; Your Susan now is dead and gone Her Savior's face to see. My brothers, and my sister too, Your hopes in Christ hold fast, That when your heavenly race is run, We all shall meet at last. A. S.

We were considerably amused at a little trick of our friend of the Clarion Democrat. In his last paper he tries to palm off his own photographs, before and after the election, for those of a Democratic and Republican in the admission of Oregon. That kind of thing would do at all, Colonel—the likenesses are altogether too striking to pass for anybody else where you are known.

AYER'S SARSAPARILLA, a compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para-Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Stramonium complaints, and the one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proved by experiment on some of the worst cases to be found of the following complaints: Scrofula and Scrofulous complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blisters, Tumors, Salt Rheum, Cold Head, Syphilis and Syphilitic affections, Mercurial Saliva, Dropsy, Neuralgia, or the Douleur, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many ranking disorders are tipped off, and the Multitudes who are cured by this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do it through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in its course; and when it is filled with humors, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the body healthy, and all is well; but with this salutary preparation, prevent the return of no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or altogether overthrown. Sarsaparilla, by its powerful action, restores the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else. During the last years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but they are entirely worthless whatever. Hence, bitter and painful disappointments have followed the use of various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall restore the name from the load of obloquy which rests upon it. And we think we have good ground for believing it has virtues which are irresistible by the ordinary preparations, pretending to be a cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price 50 cents per bottle. AYER'S CHERRY PECTORAL, has won for itself such a renown for the cure of every variety of Throat and Lung complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has been constantly used in this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all that can be expected of a medicine. AYER'S CATARRHIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, &c., is a Bile and Blood Purifier, and for Purifying the Blood. They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic. Price 25 cents per box; Five Boxes for \$1.00. Great numbers of Clergymen, Physicians, Statesmen, and eminent persons, have lent their names to certify the unparalleled usefulness of these remedies. Their names will not permit the insertion of their names. The Agents below named favorably certify our American Almanac in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure. Do not be put off by unprincipled dealers with other preparations that make mere profit on Demand AYER'S and take no others. The sick want the best aid there is for them, and they should have it. All our Remedies are sold by C. D. Watson and M. A. Frank, Clearfield; E. F. Brenner, Morristown; C. R. Foster, Philipsburg; John Ding, Unionville; Wm. Irwin, Curwensville; Samuel Arnold, Luthersburg; and by J. D. Smith, "Somerset" all over the country. December 29, 1858.
