#### CLEARFIELD, PA., MARCH 2, 1859.

DIVINE SERVICE .- By Divine permission, the Rev. Lloyd Knight of Hollidaysburg, will administer the Lords Supper, on the second Sabbath in March, in the Lutheran Church in Clearfield. Services to commence on Friday evening, the 11th, at early candle lighting.

THE 22D FEBRUARY IN BRADY .- The anniversary of Washington's Birth-day was celebrated by a large number of the citizens of Brady township, who met at the New Salem School house on the evening of the 22d. J. L. Morgan acted as President ; J. C. Barrett, Lieut. G. W. Long and Daniel Heiges, Vice Presidents, and G. L. Morgan and John W. Paulley, Sec's. Appropriate resolutions were adopted and the meeting was addressed by J. W. Potter, J. C. Barrett, Rev. J. P. Dale, D. Beems and others. We received the proceedings at too late an hour to give them in detail.

A DWARF IN CLEARFIELD COUNTY .- On last Saturday we had an opportunity of seeing a young man, named William Lee, a son of Mr. Isaac Lee, of Burnside township, who is but 3S inches high, measures 37 inches around the body, weighs 97 lbs., and is nineteen years of age. He appears to be perfect in body and limb, moves around with ease considering his corpulency, has a good eye, and scrutinizes closely the countenances of those who go to see him. We did not hear him say anything. but were told that he speaks when no strangers are present. He exhibits the languor that manifests itself in all dwarfs, but his crect carriage and comparatively huge proportions, give him a dignified appearance, such as is supposed to belong to aldermanic gentlemen who live well. Upon the whole, this boy is a coriosity that will nearly compare with the world-renowned Gen. Tom Thumb.

A LITTLE AREAD.-Last week we published an item about a l rge stick of timber in the upper end of the county. The following note makes mention of a larger one :--

PENNSVILLE, Feb. 24th, 1859. S. B. Row, Esq. :- Captain James Dowler, near New Washington, who, we are informed through the Journal, hauled a stick of square timber not long since, containing 325 feet cubic, may haul down his flag when he gets to Lumber City, for we have a stick of timber now on the river, at that place measuring 379 feet cubic, being 25 by 26 inches and 84 feet in length. This beats Capt. Dowler's 54 feet. This is a part of a raft (now hauled) which. when rafted, will measure 306 feet in length and contain 12,522 ft. cubic, as measured in the woods with an inch and a quarter hook. There will be four platforms, as follows : one 64 ft., one 74 ft., and two 84 feet. If any body can beat this we should like to hear of it.

Yours, RUSSELL, KIRK & Co.

MARCH came in "like a lamb"-mild and beautiful-whether it will "go out like a lion" -fierce and blustery-remains to be seen. We hope, however, it will behave itself respectably, and bring us an early spring.

LOOK OUT !-- We will next week publish a portion of an excellent story, entitled "The Sickles, it appears, obtained indubitable evi-Gunmaker of Moscow." It is an advertisement for which we will receive the cash, an article that we have received very little of for some time from our patrons, and hence cannot afford to reject any of the tempting crumbs that may thus be thrown to us.

AN INTERESTING PICTURE .- A few days since we were shown by our friend Maj. Ben. Hartshorn, of Curwensville, a picture of "The United States Senate in 1850," which contains a likeness of each member at that time, with Henry Clay in the foreground addressing the Senate on the Compromise Measures. The likenesses, so far as we are able to judge, are good, and the picture reminds the beholder of one of the most exciting epochs in the political history of our country.

DREADFUL AFFAIR IN WASHINGTON. On last Sunday, Feb. 27th, Washington City was thrown into an unusual state of excitement by the shooting of Phillip Barton Key, U. S. Attorney for the District of Cotumbia, by Daniel E. Sickles, Member of Congress from the 3d district of New York. Mr. dence of improper intimacy between his wife and Mr. Key, and meeting the latter on the street, he shot him with a revolver three times, causing death in a few moments. Mrs. Sickles confessed her criminality, and that Mr. Key had rented a house from a negro, where she was in the habit of meeting him. Mr. Sickles loved his wife with great devotion, and lavished all his means upon her. They lived in elegant style there, occupying a house of \$3,000 rent. Mrs. Sickles rode in a splendid carriage with outriders; wore jewels to the value of \$5,000, and seemed to want nothing that she did not have.

The Journal, printed at Middletown, Danphin county, Pa., in its issue of February 24th. says :- "The river has been in good rafting order for the last couple days, and we should not be surprised to see a considerable quantity of what. He will be exhibited in a cow yard. Adlumber arrive in a short time. The season is rather early for rafting, but if the hardy lumbermen venture the perils of descending the river, they will meet with ready sales. There is, probably, less lumber at this point, just now, than there has been for a long time."

Our Middletown cotemporary is about right in saying 4the season is rather early for rafting," and the weather is so changeable that it is too risky to start, tho' a few rafts did pass down one day last week, but it is not probable | I goes to the cademy." that they would go very far. On Thursday night a few inches of snow fell, but the weather moderated on Saturday and Sunday, and melted most of it away. Some "rafting-in" enough at this place for running.

SCARCITY OF HOUSES .- Our attention has recently been called to the fact of there being a scarcity of tenant houses in our town, and that the demand for property of this kind cannot be supplied the coming spring. This is a significant matter, which should receive the attention of lot-holders and capitalists, and induce them to erect more buildings. The advancement of their own private interests, without taking into consideration the public benefit that would necessarily follow, should, we think, be a sufficient incentive to move them to speedy action. We have heard, it is true, the objection that it "won't pay" the owner to put up houses and rent them. This we consider not only a mistake, but the argument is really an advocacy of a monied aristocracy, and if carried into effect would drive out of \$23,000. the town every individual who is not rich enough to buy a house and lot at the exorbitant prices at which they are held here. Just in proportion as you increase the size of towns, in the same ratio do you enhance the value of property, and stimulate and expand business; and the expansion of trade will, in turn, make the location a desirable one, and be an inducement to renters to pay remunerative prices to owners of houses, shops and offices. If every branch of business that is carried on in Clearfield Borough could be doubled, those who have to rent would not mind an advance in this respect, sufficient to make it "pay" the property holder, because the increase in their Judge McLean seventy-six. business operations would be such as to justify them in so doing. Build up the town, and you build up everything with it. Density of Superior, will be sold to the highest bidder, population creates demand, and demand creates trade and regulates prices. Give us as many thousands of a population as we have hundreds now, and you will create a demand for all manner of industrial products, that will millions proposition, the Spanish Government be of almost incalculable benefit to tradesmen of all kinds and to property holders, as well as of throwing an offensive force into Cuba. to the farming community. We hope, theretion from our capitalists and arouse them to hundred and fifty railroad corporations. Dec 1. and Fruntive Diseases, Ulcers, Pimples, Blotches Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic affections. Mercurial Disease, Dropsy. Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion. Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of comlaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are uipped in the bud Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulecrous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitia ted blood whenever you find its impurities burst ing through the skin in nimples, eruptions, or sores leanse it when you find it is obstructed and slug-

gish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the body healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or altogether overthrown. Sarsaparilla has, and deserves much, the repu-

tation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending oncentrated extracts of it, contain but little of he virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Ex-tract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick. for they not only contain little, if any, Sarsaparilla, but often no cu-rative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have good ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle. Prepared by Dr. J. C. Ayer& Co., Lowell, Mass. Price \$1 per Bottle ; Six Bottles for \$5.

AYER'S CHERRY PECTORAL, has won for it-If such a renown for the cure of every variety of Throat and Lung complaint, that it is eutirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

AYER'S CATHARTIC PILLS, for the cure of Costiveness. Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache Piles, Rheumatism, Eruptions and Skin Diseases. Liver Complaint. Dropsy. Tetter, Tumors and Salt Rheum, Worms, Gout. Neuralgin, as a Dinner Pill, and for Purifying the Blood. Great numbers of Clergymen, Physicians, Statesmen and eminent personages have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our American Almanac in which they are given; with also full descriptions of the above complaints and the treatment that should be fol-lowed for their cure. Do not be put off by un-principled dealers with other preparations they make more profit on. Demand Ayen's and take no others. The sick want the best aid there is for they and they should have it for them, and they should have it.
