A CHEAP AND BRILLIANT LIGHT .- The subject of obtaining a light that combines economy with brilliancy, is one that has engaged the attention of the public for many years. A great number of experiments have been made, and great improvements have been effected. But, after trying the various articles of oils, burning fluids, &c., we believe we keep strictly within the bounds of truth, when we say that the new article of Kerosene or Coal Oil surpasses in economy every other article yet prepared, and in brilliancy of flame is surpassed only by gas. The saving that is effected by the burning, is estimated at 50 per centum, this estimate being founded on various and continued tests, and as to the beauty and safety of the light, a single trial will satisfy any person of that fact. A lamp, well adapted for the use of this oil, has been patented, and combines every quality that could be desired -beauty, simplicity and safety. No acccldent can occur from explosion-if properly used, there will be comparatively little or no smoke-it is easily trimmed, and readily regulated to give as much or as little light as may be desired. We have now one of these beautiful and economical lamps in use in our office, where any one desirous of seeing it burning, can do so any evening and judge for dona Press says that two citizens of that town ly. Bibles and Testaments, are deposited in the ofthemselves. These lamps are kept for sale by have recently lost their wives by elopement, Merrell & Carter, on Second street, Clearfield. Pa. They also keep constantly on hand the coal oil, as well as wicks, tubes, &c., and are prepared to change ordinary oil and fluid lamps into coal oil lamps. Persons wishing to supply themselves with this cheap and brilliant light should call upon Messrs. Merrell & Carter without delay. INSURE YOUR HORSES AGAINST THIEVES .- S. A. Gibson, of Lock Haven, is the General Agent for the Farmers' Mutual Horse Thief Detecting and Insuaance Co., of York, York co., Pa. This Company is established by some of the most wealthy farmers of York county, for the better security of horses against thieves, with a capital of \$330,000 00, and insure on the following terms :-- 3 horses for 5 years \$3, and 25 cents for each additional horse. Each horse insured is branded by the agent with the Company's mark, letter C. In case a horse thus marked and insured is stolen, the Company is bound to search out the horse and return him to the owner, or pay his full value in cash, within sixty days from the time he was stolen. This is the only Company of the kind now established in Pennsylvania, and it is believed that no one who has any regard for the safety of his property will hesitate for one moment to become a member of this institution. We read daily accounts of valuable horses being stolen in all parts of the State, and you know not what hour your stable or field may be visited by one of these midnight robbers, and thus deprived of your valuable animals, to whom will you look for redress if not insured ?

CLIPPINGS AND SCRIBBLINGS.

03 Fact-the weather, like the Indian's gun. s "mighty unsartin."

DF The Clarkesville Chronicle says there are now twenty-five iron furnaces standing idle in Tennessee.

Over six thousand places exist in New York where intoxicating liquors are sold, contrary to law, without a license.

DFWe should educate the whole man-the body, the head, the heart ; the body to act, the head to think, and the heart to feel.

OF The French army, it is said, is composed of 631,000 fighting men, of which over 500,000 are available for foreign war.

What branch of education do you have chiefly, in your school ?" "A willow branch, sir; the master has used almost a whole willow tree."

OF The cars on the Reading Railroad are now lighted with gas. The gas is placed in a receiver underneath the cars, which is filled at Reading.

ITSan Francisco has every Sunday night, English, French and German theatres in full blast. Probably no other city in the world of 70,000 population could say so much.

OF The aggregate annual shoe trade of Masaachusetts, it is said, reaches over fifty millions of dollars. What a lot of Yankee boots and shoes it would take to bring that sum.

To get to Pike's Peak, go to work and savelyour money till you get three or four hundred dollars; then buy a piece of land, and stay at home and mind your own business. D7 Somebody wants to know whether a person cannot vote by telegraph. This is a question for political wire-workers to solve. We think it depends upon the regulation of the polls.

DFThe cost of the present short session of Congress, of only three months' duration, foots up with the enormous sum of two millions eleven thousand dollars ! So says the Appropriation bill.

IF The members of the Illinois legislature are allowed two dollars per day for the term of forty-two days. If they extend the session beyond that time, they receive but one dollar per day. That's right.

IFA pailful of lye, with a piece of copperas half as big as a hen's egg, boiled in it. will produce a fine narkeen color, which will not wash out. This is very useful for the linings of bed quilts, comforts, &c. OF We learn that Dr. Woods, of this place,

a few doys since, removed a diseased bone, some two inches in length, from the leg of a lad of about 12 years of age, the son of James Albert, of Bradford township.

IT It came out in the discussion of the postage bill, the other day in Congress, that the cost of conveying a single letter to California, by the overland mail, amounts to from thirty-five to sixty dollars. No wonder the Post-office Department is so hopelessly in debt DT Many farmers in Fayette county, Western Virginia, who have never before given their attention to the caltivation of tobacco, are now making arrangements to engage in it. Several patches were raised in the Dogwood Gap, in that county, last year, and were sold standing at \$100 per acre.

Grahamton, May 26, 1858.

A YER'S SARSAPARILLA, a compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the Scrofula and Scrofulous complaints, Eruptions and Eruptive Diseases, Ulcors. Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Dropsy. Syphilitic affections, Mercurial Disease, Neuralgia or Tic Douloureux, Debility, Dyspep and Indigestion. Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood. This compound will be found a great promotof health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud Multitudes can. by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to to this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the body healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or altogether overthrown.

The oldest couple in Vermont is said to be living in Hardwick, the old gentleman being 97 and his wife 99, the two having lived together in wedlock for seventy-nine years. The old lady says she can now do more housework in a day than half the girls in town, and her works prove it.

instead of "How do you do sir ?" has become "is you: wife safe, this morning ?"

DFAt the President's last levee Mrs. James Gordon Bennet occupied the same room with Mr. Buchanan, and by his direction, the crowd were presented to her as well as Miss Lane. At one time, says the Post's correspondent, it was difficult to tell whether the reception was Mrs. Bennet's or Mr. Buchanan's. The two occupied a sofa together in the reception room for about three-quarters of an hour, the President himself introducing his friends to Mrs. Bennet. The latter was attired after the latest French style, and was decked with jewels in abundance, and held in her hand a choice boquet, "put up in a unique manner."

A MAN HUNG BY A CORPSE .- The Cincinnati Gazette says that on Saturday night last, a body snatcher who had stolen a corpse from a grave-yard in the neighborhood of that city which he had placed in a bag, was hung while endeavoring to get over a high fence, the corpse falling on one side and the body snatcher on the other, he having placed around his shoulders the cord by which the sack was shut, and the cord slipping about his neck, choked him to death.

Sarsaparilla has, and deserves much, the repu of accomplishing these ends. But the tation. world has been egregiously deceived by prepara-tions of it, partly because the drug alone has not all the virtue that is claimed for it. but more because many preparations, pretending to be concentrated extracts of it, contain but little of he virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Ex-ract of Sarsapariila for one dollar. Most of these have been frauds upon the sick. for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the va-rious extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue he name from the load of obloquy which rests upon it. And we think we have good ground for elieving it has virtues which are irresistable by the ordinary run of the diseases it is intended to sure. In order to secure their complete eradicaion from the system, the remedy should be judiously taken according to directions on the bottle. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1 per Bottle; Six Bottles for \$5.

AYER'S CHERRY PECTORAL, has won for itelf such a renown for the cure of every varleit is enof Throat and Lung complaint, that tirely unnecessary for us to recount the avidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

AVER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Totter, Tumors and Salt Rheam, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood. They are sugaroated. so that the most sensitive can take them pleasantly, and they are the best aperient in the orld for all the purposes of a family physic. Price 25 cents per Box ; Five Boxes for \$1.00.

Great numbers of Clergymen, Physicians, Statesmen and eminent personages have lept their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the inertion of them.
