RATHER THIN .- A ludierous incident occured, this winter, at "Woodlawn," on the Bloomingdale Road. Jones' hotel, of that place, is ornamented with a hostler, fun is as fearless as his face is ugly. One day, in Jannary, while twenty or thirty fast gentlemen were standing on the front balcony of the hotel, an individual rode up the path, on the thinnest horse mortal eyes ever looked upon-Leaping from this phantom steed, the equestrian said, turning to the hostler.

"Here, John, give my horse some water." "Sir?" said John, with a look of astonish-

"Give my horse some water!" thundered the stranger.

"Your horse!" ejaculated John, still more surprised.

"Yes, you fool, my horse!" and the stranger looked savagely at him, and commenced drawing the lash of his whip through his hand.

John walked toward him as though he would demand an explanation, and had taken about six steps, when he suddenly stopped, like one surprised beyond expression.

"Bless my soul!" says he, "I ax your pardon, sir ; but your hanimal was a standin' on a line with this 'ere hitchin' post, and I didn't see

The owner of the spectral beast tried to frown, but a roar from the balcony made him change his mind.

VOUTHERL MURDERERS .- Three young boys Burnside, . were recently sent to the State Penitentiary of Missouri for life, for the murder of a person named Hugh Downy. Two were originally convicted of murder in the first, and the third of the same crime in the second degree. The two were sentenced to be hung, but the Governor, on account of their extreme youth, commuted the sentence to imprisonment for life, and the Judge sent the third there for the same time. It is truly horrible to reflect that for a long lifetime these young lives must reach maturity, and mayhap old age, in the cells of a prison, never again to look upon the green fields or mingle in the business of life with their fellows. Such a prospect as this Penn, would seem enough to make one wish for death as a deliverance from bondage.

THE SLAVE RESCUE IN OHIO .- The rescue of the slave John at Wellington, Lorain county, Ohio, last September, has not been forgotten. Thirty-seven citizens of Oberlin and Wellington have been indicted for that rescue under the fugitive slave act. In the meantime, an indictment for kidnapping has been found by a Lorain county grand jury against the persons who attempted to capture the negro, and Deputy Marshal Lowe, who was the officer that attempted to capture John, has been held to bail under the indictment. The trial of the rescue cases was commenced in Cleveland some days since, when the case of Simon Bushnell was called up.

DELICIOUS DESSERT .- An exchange says that one of the most delicious desserts that can be | Bank of Royalton, had, is easily prepared and costs very little. BE of South Royalton, Take a dozen of oranges, remove the skins and slice them, horizontally, into thin slices- Missisquoi Bk, Sheldn carefully pick out the seed-put layers of fine sugar and of orange slices, alternately into a deep dish. Let the fruit stand for a few hours and then-well you'll need no directions, for you will find that you will have a dish where acid, saccharine and orange flavored are mingled; and with it before you, you will not envy Jupiter his ambrosia, nor fear the attacks of spring fever.

Lola Montez, in her book, "The Art of Beauty," lays down the following rule among her "hints to gentlemen on the art of fascinating." You ought to know that thre are four things which always possess more or less interest, to a lady-a parrot, a peacock, a monkey, and a | Charter Oak Ba, man; and the nearer you can come to uniting all these about equeally in your character, the more will you be loved. This is a cheap and excellent receipt for making a dandy a creature which is always an object of admiration to the ladies.

Mrs. Pardiggle, that obstinately charitable lady, the friend of Mrs. Jellaby, of Borraboola Gha proclivities, of that pious philanthropist, Mr. Gusher, and other personages in "Bleak House," must be visiting America, for we hear that an inquisitive female visited Boston jail the other day. She said to one prisoner: "What are you in for?" "For stealing a horse." "Are you not sorry?" "Yes." "Won't you try and do better next | Hamilton Ex. Bank, 25 time ?" "Yes, I'll steal two !"

A YER'S SARSAPARILLA, a compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints: Scrofula and Scrofulous complaints, Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotches. Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion. Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter

of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous seres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitia-ted blood whenever you find its impurities bursting through the skin in pimples, eraptions, or sores; cleanse it when you find it is obstructed and slug gish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood, Keep the body healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or allogether overthrown.

Sarsaparilla has, and deserves much, the renutation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be oncentrated extracts of it, contain but little of

the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Ex-tract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and pain ful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have good ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to curs. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

Prepared by Dr. J. C. Ayecd Co., Lowell, Mass.

Price \$1 per Bottle; Six Bottles for \$5. AYER'S CHERRY PECTORAL, has won for itself such a renown for the cure of every variety of Throat and Lung complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people that its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion. Dysentery, Foul Stomach, Eryspelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases. Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood. They are sugarcoated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five Boxes for \$1.00. Great numbers of Clergymen, Physicians, Statesmen, and eminent personages have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the in-sertion of them. The Agents below named furnish gratis our American Almonac in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure. Do not be put off by noprincipled dealers with other preparations they make more profit on. Demand Aven's and take no others. The siek want the best aid there is for them, and they should have it.

THE NEW YORK TRIBUNE, 1858-9. The successful laying of the trans-Atlau-tic Telegraph Cable marks a new era in the history of Human Progress. Henceforth. Europe, Western Asia and Northern Africa lie within an hours' distance from our shores, and the battle which decides the fate of a kingkom, the capture of a Vienna or Giberaltar, the fall of a dynasty, the tri-umph of a usurpation, the birth of an heir to royalty, the death of a Nicholas or Wellington, in any country which touches the Mediterranean, the Euxine, the Black Sea or the German Ocean, will be published in New-York the next morning, if not on the very day of its occurrence In a momen as it were, we have been thrown into the immedi ate intellectual neighborhood of the whole civilia-ed and a large portion of the semi-barbarous world The rise and fall of stocks in London or Paris will henceforth be reported from day to day in the jour-nals of our scaboard cities. The boldest operators in Wall-street will refuse to buy or sell until they have read the quotations of that day's business on the Royal Exchange and at the Bourse, whose transactions will have closed an hour or so before ours can begin. A revolution in Paris, an important vote in Parliament, an insurrection in Italy, a fire in Constantinople, will be discussed around the breakfast-tables of New Xork a few hours after its occurrence. A mighty though silent trans formation in the condition of human existence has just been effected by the little wire stretching a-cross the ocean's bed from the coast of Ireland to that of British America, and one inevitable result of this must be an unexampled community of feel-ing and interest among the nations of Christen-dom, and a consequent desire for a more intimate aqcuaintance with each other's doings through the medium of the Newspaper Press. It seems hardly possible that thousands should not henceforth regularly read their own journals, who have hitherto been content with an occasional glance at these ken by their neighbors; while many who have hitherto been content with a Weekly issue will now require a Semi-Weekly or Daily. In short, Intelligence, always a vital element of growth in wisdom, success in business, or enjoyment in life. has now become indispensable to all.

The New York Tribine, now more than seven-

teen years old, which was the first journal in the world that appeared regularly on an imperial 8page sheet at so low a price as two cents, and which has attained the unparalleled aggregate of more than 200,000 subscriptions, respectfully solicits its share of the new patronage which the Metropolitan Press is henceforth constrained, at a heavy weekly cost, to deserve. It asks especially the patronage and active favor of Republicans—of those who hate all forms of oppression, and desire that every rational being shall be free to employ his faculties in such innocent manner as he shall deem best of those who would extend Liberty and limit Slavery-but it further appeals likemise to all who look and labor for the return of National thrift, plenty, prosperity, through the Protection of American Industry by wisely discriminating duties on Imports—all who favor National Progress thro' internal development and amelioration rather than by external aggression and extension—all who would rather have the National resources de voted to the construction of a Railroad to the Pacific than to the purchase or conquest of Mexico, Nicaragua or Cuba—all who would retrench radieally our present inordinate Federal expenditures by abolishing or immensely reducing the Army and Navy, and expending the money thus savea on works of beneficence which will endure to bless our children—all who profoundly realize that "Righteousness exalteth a nation," and that no real advantage can ever accrue to any person or community from acquisitions or successes achiev-ed by means which contravene the laws of Eternal Right The free allotment of limited pottions of the Public Lands to Actual Settlers thereon, and every hopeful plan intended to diminish the sum of human misery from dearth of employment or inadequate recompense—every scheme especially that seeks to help the unfortunate by enabling and teaching them to help themselves-must command

our earnest sympathy and co-operation.

Within the present year, The Tribune has provided itself with a new and faster Press at a cost of \$30,000, merely that some of our subscribers may receive their papers a mail earlier than they otherwise might do. With correspondents at the most important points throughout the civilized world, and a staff of writers chosen from among the best in the country, we believe that even those who dislike the politics of our sheet concede to it frankness in avowing its convictions and ability in main-taining them. We appeal, then, to those who believe that an increased circulation of The Tribune would conduce to the political, intellectual and moral well-being of the Republic, to aid in effecting such increase. As we employ no travelling solicitors of subscriptions, we ask our present patrons in every locality to speak to their neighbors and friends in our behalf; we shall gladly receive from any friend lists of those who would receive and read a specimen copy of one of our editions, and shall be particularly grateful to those who may send us such names from post offices at which we have no subscribers. Whatever additions may thus be made to our circulation shall be paralleled by increased efforts and expenditures to make our issues more valuable and useful than they have hitherto been.
