The sunshine of life is made up of very few | beams that are bright all the time.

Childhood and genius have the same master organ in common-inquisitiveness.

Senator Seward is making preparations for a voyage to Europe. He will be absent until late in the fall.

Sapiens, being challenged, coolly replied. "Any fool may give a challenge, but it takes two fools to fight."

Beecher says there are many persons who think Sunday is a sponge with which to wipe

out the sins of the week. A late number of an exchange announces the destruction of the editor's hat. We wonder whether any lives were lost.

Neither a borse nor a dog was ever shown to be ungrateful! Why should a rational being be less true and faithful than the beasts?

Bayard Taylor, the traveler, is about erecting an elegant residence on the Brandywine, in Chester county, Pa., near the scenes of his boyhood, and where his parents still reside.

A quarrel may be compared to a spark which cannot be produced without a flipt as well as a steel; either of them may hammer on wood forever, and no fire will follow.

Some one was telling an Irishman that some body had enten ten saucers of ice-cream; whereupon Pat shook his head. "So you don't believe it!"

With a shrewd nod Pat answered, "I belave in the crame, but not in the saucers."

A young one of some five years was curious to visit a certain candy depot, but his mother, in order to prevent it, urged the ugliness of a large hole in the seat of his pants. But in an instant came the reply-"But, Ma, I'll run down backward, then nobody can see !" The mother concluded that the boy was equal to

WHO IS DEAD ?- The Washington Republicans, not being allowed to fire their guns over the Connecticut victory, within the city, dragged their ordinance across the river into Virginia, and fired them from the banks of the Potomac right into the ears of the President of the White House opposite. While engaged in this business, some gentlemen crossed over from the Presidential mansion with very anxious looks, and supposing that some one was drowned, and that the firing was only to raise the body, eagerly asked, "Is any one dead?" "Yes," was the reply, in solemn tones. "Who is it?" "James Buchanan." The truth here began slowly to creep over the visitors, and they bowed themselves oil.

A VER'S SARSAPARILLA, a compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remody is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow citizens. How completely this compound will and Eruptive Diseases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic affections, Mercurial Disease, Dropsy, Neuralgia or Tic Douloureux, Debility, Dyspepsia and Indigestion. Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of com-

sints arising from Impurity of the Blood. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which foster in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bad Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted t to this through the natural channels of the body by an alterative medicine. Cleanse out the vitia-ted blood whenever yea find its impurities burst-ing through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and slug-gish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the body healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something go wrong, and the great machinery of

life is disordered or altogether overthrown. Sarsaparilla has, and deserves much, the repu ation, of accomplishing these ends. But the world has been egregiously deceived by prepara tions of it, partly because the drug alone hand not all the virtue that is claimed for it, but mer because many preparations, pretending to be concentrated extracts of it, contain but little of

the virtue of Sarsaparilla, or any thing else. During late years the public have been misled by large bottles, pretending to give a quart of Ex-tract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and pain ful disappointment has followed the use of the various extracts of Sarsaparilla which flood the mar-ket, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall resone the name from the load of obloquy which rests upon it. And we think we have good ground for believing it has virtues which are irresistable by the ordinary run of the diseases it is intended to cure.
