## THE JOURNAL.

CLEARFIELD, PA., AUG. 17, 1859.

REMOVAL .- The Raftsman's Journal office has been removed to the second story of Robins' new building, on Market street, nearly opposite our former location.

The List of Causes, Jury List, and Register's Notice will be found in our advertising columns to-day.

The camp meeting of the Clearfield and Curwensville charge is advertised to commence on the 9th Sept., on ex-Sheriff Reed's land.

Alfred Lawhead, son of Zebed Lawhead of Lawrence township, aged about 12 or 14 years, a few days since, whitst chopping wood cut the second toe off one of his feet.

Whilst in Tyrone last week we were met by that whole-souled, clever fellow, Jim Galerwho seems to know everybody. Persons in want of Flour, Liquors of all kind, and the best Lime ever made, can be supplied by giving him a call.

A meeting of the Clearfield County Agricultural Society is to be held in the Court House in the Borough of Clearfield, on next Saturday, the 20th August, at 4 o'clock P. M., to determine about holding an Agricultural Fair the coming fall. The ladies are invited to attend. By order of the Ex. Committee.

In Jail .- A man named George Neagle was lodged in our jail on the 12th, and another named John Orner yesterday, charged with having one night last January taken from the Cresson House on the mountain in Cambria county a lot of bed clothing, knifes, forks, &c., on their own confession. Seven haps, tour blankets, five and a half dozen case knives, three carving knives, and a looking glass, which were hidden in the woods, were given up by Neagle and Orner, who implicate others in the transaction. The Sheritt of Cambria has been notified of the arrest. The articles, it is said, belong to the Pennsylvania railroad company. The priseners are residents of Cambria county.

BROOKVILLE REPUBLICAN .- This is the name of a neatly printed, spirited and well edited paper, which we have found on our table. We presume it is sound in politics, and wish it

We observe that it knows how to appreciate a good article-copies from us-compliments us-but says rather too much. We shall put the Republican on our exchange list, if for no other reason, to observe when it copies copyrighted articles. Doubt if it would have discovered the anachronism if the Major, who was | care from whom they receive such money. at the baptism, had not lived in the same town.

We see that Judge Douglas has written a short and pointed letter to Col. John L. Peyton, on naturalization and the African slave trade, substantially as follows:-"There can be no difference in the degrees of protection accorded by government to native and naturalized citizens. Our Constitution recognizes no difference in this respect. If a person can expatriate himself from a foreign government and swear allegiance to this, and still owe anything to the foreign power, he is in the singular and incredible predicament of owing allegiance to two countries without being entitled to the protection of either. He would accord the fullest protection to all our citizens. In the Convention the Constitution was a creature of compromise, and the African slavetrade was the subject. South Carolina and Georgia wished to continue it; Virginia, New York, Pennsylvania and New Jersey, wished it terminated; New England was passive in the matter; South Carolina and Georgia finally carried their point of continuance till the year 1808, with the understanding that it should then end. It, therefore, became the vital compromise of the instrument, and must be held as sacred as the instrument itself. In this view, Judge Douglas declares himself to be irrevocably opposed to the re-opening of the African slave-trade."

EIGHT CHILDREN! They will allow us this point of exclamation, for if a person is ever permitted to be astonished it is in the presence-of a woman who has given birth to eight children on one day. This phenomenal mother is called Eunice Bradley, and lives at Johnson in Trumbull county, Ohio.

Eight children! After all, the father should stop there, if he knew the proverb of the good dog who run a race. Indeed, the grandmother of his fruitful half had had five pair of twins; one of these girls had married into a family where there were only twins, and from this marriage sprung the first year three infants, of which Miss Eunice Mowery was the eldest. Six years ago, when Timothy Bradley espoused this woman, who then weighed 273 pounds, his friends predicted that so large a woman, the issue of such parents, could not fail to bring him a large family. The result stified their prediction. The first year Mrs. Bradley had twins, and fifteen months after she gave birth to twins. The good Timothy tho't to quit at four, but he counted without his wife, who, on the 2nd instant, became mother of eight children-three boys and five girlsall small, it is true, but well formed and full of health. Without being cast down by this unexpected event, Bradley, who is a poor man, asked three of the richest men in the neighborhood to act as god-fathers for his sons. They accepted, and on the day of baptism one of them, Hon. Joshua R. Giddings, gave to his god-son a magnificent gold medal; the second, Mr. James Johnson, sent to his a fine milch cow; and the last, the Hon. Elijah Champlin, made a present to the child he held at the baptismal font, of 50 acres of land. With such god-fathers, the father need fear no more that his children shall ever lack bread .-Courier des Etats Unis.

CLARION COUNTY .- On the 10th inst., Mary, a daughter of Mr. Samuel McCammant of Clarion, aged about 3 years, was drowned in Clarion township, lost four head of cattle on StrayED from the premises of the subscri-

landed on the Florida coast, near Tyma. As soon as the landing was effected the vessel was fired and abandoned. This statement is made on the authority of United States Marshal Blocklum, r. , ...

He was for a long time a citizen of Lycoming county, where he enjoyed the confidence and esteem of all who knew him. He united with the Presbyterian church (O. The language of his heart was, "not my will but thine, o Lord, be done." Altho' his sufferings were intense and almost insupportable for a period of three months, yet not a murmur escaped his lips. His last words were, "come Lord and take me home." He has left a numerous family of children and grandchildren to mourn their irreparable loss. Yet their loss is his infinite gain. SCROFULA, OR KING'S EVIL, is a con-stitutional disease, a taint, or corruption of the blood, by which this fluid becomes vitiated weak and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks nor is there one which it may not destroy. The serofulous taint is variously caused by mercurial lisease, low living, or disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents "to children unto the third and fourth generation;" indeal i seems to be the red of Him who says, "I will visi

liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which gen ders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; conse quently, vast numbers perish by disorders which although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which deceminates the human amily has its origin directly in this scrofulous contamination, and many destructive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause. One quarter of all our people are scrofulous; their persons are invaded by this lurking contamination, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine and invigorate it by healthy food and exercise. Such a medicine we supply in Ayer's Compound Extract of Sarsaparill the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Erup tive and Skin Diseases, St. Anthony's Fire, Ro or Erysipelas, Pimples, Pustules, Blotches, Blain and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "impuri-ty of the blood" is founded in truth, for scrofula is a degeneration of the blood. The practical purpose and virtue of the Sarsaparilla is to purify and regenerate this vital fluid, without which sound

ses of a family physic, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the inalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache, arising from dis-ordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency. Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body

health is impossible in contaminated constitutions.

Croup, Bronchitis, Incepient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superi-ority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidotes to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained friends by every trial, conferred benefits on the afficted they can

Branch Store, 45 Cornhill, Boston, Mass. SPECIAL NOTICE TO BOOK BUYERS My attention has been called to statements made brough the public journals, by a New York Gift Sto. e, which are calculated to deceive; who even presume to advertise themselves as the originators of the Gift Book Enterprise, which was first successfully established, and I may say honarably onducted by myself. This concern, who are proclaiming themselves. "The Oldest in the business. are indebted to me, not only for their first ideas of conducting the business, but for stock to commence with, and a place to commence in. Their statement, that this is "The fifth year of their location in New York," is also faise.

It has been thought, on account of the name connected with this New York Gift Store, that it was a branch of my Original Enterprise; but it is not so, and I wish it distinctly understood, that I am not in any way responsible for their deceptive advertisements, nor for the manner in which New York Gift concerns are conducted. And holding the position I do, as the Originator of the Gift Book Enterprise in the United States - having established it and brought it to its present high position, by constant labor, unwearied application, and large expenditure of money, I deem it my duty to the public and myself to expose these pretended "originators," who are attempting to impose upon the people. I would here publicly state that these parties have been referring, without authority or permission, to the largest and most never forget, and produced cures too numerous and too remarkable ever to be forgotten.
