PEOPLE'S MEETING. A meeting of the People's Party will be held in the Court House in Clearfield Borough. on Wednesday evening, Sept. 28th, (Court week.) Hon. A. G. Curtin, Col. L. W. Hall, our candidate for the State Senate, Isaac G. Gordon, Esq., one of our candidates for the Assembly, and others will be present to address the meeting.

We have been requested to say that Elder Lanning will preach in the Court House, on Friday evening next.

Persons wishing to purchase clocks, watches, jewelry, &c., had better read H. F. Naugle's advertisement, as he has just received ulties. a large stock of articles in his line.

HAMMERED IRON .- It is a universally admitted fact that hammered, or wrought iron, is superior to any other kind for durability and toughness. For all ordinary purposes in which iron is used, there is nothing that surpasses this description. To procure it at a convenient point, and thus save much in the way of freight, is a matter of no little moment. Those, therefore, who wish to procure this kind of fron, will doubtless be gratified to learn that Messrs. Hetherlin & Co., have taken the old Alleghany Forge near Philipsburg, and are now prepared to supply all who may want anything in their line of business on short notice.

THE CRESSON HOUSE ROBBERY .- On the 10th of January last some \$300 worth of bedding, knives, &c., were stolen from the Cresson House in Cambria county. Our readers will no doubt remember that George Neagle and John Orner, Jr., were arrested in this county about four weeks ago, charged with the offence, and that they were taken from here by the Sheriff of Cambria. Last week the two persons named, as well as John Orner, Sr., Wilfiam Nelius and Porter Orner were tried in the Quarter Sessions of that county. George Neagle and John Orner, Jr., were found guilty of the larceny, and William Nelius guilty of receiving the goods, knowing them to be stolen. John Orner, Sr., and Porter Orner were declared not guilty.

Horse THIEVES ABOUT .- Last Wednesday night, between 10 and 11 o'clock, a bold vilhain entered the stable of Dr. M. Wood in this Borough, and stole his horse, saddle and bri- yet been organized in this place. lle. The theft was not discovered until next pursuit. In the afternoon the horse was found running about at or near the Sandy Ridge hotel beyond Philipsburg, and it is thought the animal had broken loose while the thief was taking a rest in the woods in the neighborhood. The thief has thus far eluded capture.

During the time of the holding of the campmeeting near Turner's in Bradford township, in the beginning of last week, a mare belonging to Mr. James Mead, we believe, "turned up missing," but was found the next day on Clearfield Creek, in the vicinity of Mr. Alexander Dixon's.

CAUSE OF THE AUBORA BOREALIS .- M. de la Rive, the celebrated French astronomer, explains the production of the Aurora Borealis n the following manner: "When the sun, having passed into the southern hemisphere, no longer heats our atmosphere, the aqueous apors which have accumulated during the summer in this part of the atmosphere begin to condense, the kind of humid cap enveloping the polar regions extends more and more, and facilitates the passage of electricity accumuated in the upper portions of the air. But in this elevated region, and especially at this period of the year, the aqueous vapors must most frequently pass into the state of minute particles of ice or snow floating in the air, similar to those which give rise to the halos; they form, as it were, a kind of semi-transparent mist. These half frozen fogs conduct the electricity to the surface of the earth, hear the pole, and are, at the same time, illuminated by these currents or electric discharges. In fact all observers agree in asserting yote Creek, near Vallecito, one lump of gold that the aurora borealis is constantly preceded ny a mist, which rises from the pole, and the margin of which, less dense than the remainler, is colored the first; and, indeed, it is an abundance of vapor in the air.

EUROPEAN NEWS .- By the steamship Eurowe have three days' later intelligence from rope. The representatives of France and Austria at Zurich had agreed upon an arrangement of all questions touching Lombardy, in which the Sardinian Plenipotentiaries concurred. The Conference would probably conclude its business early in the present month. leaving the question of Central Italy to be absequently disposed of. Letters from Vienha intimate an apprehension that the real difsculties of the Itallian question would not be surmounted at Zurich, and says that seven of the twelve Austrian corps d'armee are to be kept on a war footing, and that the furloughs the troops now in Italy are to be suspended. lictator Farini had issued a decree abolishing te Customs' line between Parma and Modena. A council of Ministers at Turin, over which ing Victor Emanuel presided, had decided hat the allied Powers, and particularly France ould be consulted before the provinces deiring annexation to Piedmont were accepted. A number of prominent Venetians, sent as representatives to the European Powers, had sted a long address setting forth the oppresslons of Austria since the cessation of hostillies. It is said that Prussia now favors a Congress. The Cabinet of St. Petersburg is said to be divided on the Italian question. Many of the eminent exiles from France had clined to avail themselves of Louis Napocon's amnesty. The Senate of Belgium was to have convened on the 30th ult., to pronounce on the Antwerp fortifications.

It is a pretty well established conviction hat the extravagance of these times in dress, Buckwheat, ousekeeping matters &c. tends to the prevention of marriage. Shrewd young men are Hsy, per ton, 00.00 careful and cautious about undertaking the ard and clothing of young women. As an ow a falling off in 1859 from 1852 of 285, and from 1854 938. When we consider that rease is very remarkable, and well calculated be addressed. starm the advocates of wedlock.

CCROFULA, OR KING'S EVIL, is a constitutional disease, a taint, or corruption of the blood, by which this fluid becomes vitiated weak. and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on For One person for the office of Prothonotary, Clerk | any part of it. No organ is free from its attacks, of the Court of Quarter Sessions and Oyer and | nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, low living, or disordered or unhealthy food, impure air, fifth and fifthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents "to children unto the third and fourth generation;" indeed it seems to be the rod of Him who says, "I will visit

the iniquities of the fathers upon their children." It effects commence by deposition from the blood of corrupt and ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases : consequently, vast numbers perish by disorders which although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which deceminates the human family has its origin directly in this scrofulous contamination, and many destructive diseases of the liver, kidneys, brain, and indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking contamination, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine and invigorate it by healthy food and exercise. Such a medicine we supply in Ayer's Compound Extract of Sarsaparilla the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrolula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire. Rose. or Erysipelas, Pimples, Pustules, Blotches, Blains and Boils. Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility. and, indeed, all Complaints arising from Vitiated or Impure Blood. The popular belief in "impurity of the blood" is founded in truth, for scrofula is a degeneration of the blood. The practical purpose and virtue of the Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions. AYER'S CATHARTIC PILLS. for all the purpo

ses of a family physic, are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human erganism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the inalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, con-taining certificates of their cures and directions for their use in the following complaints: Costiveness, Heartburn, Headache, arising from disordered Stomark, Nausea. Indigestion. Pain in and Morbid Inection of the Bowels, Flattlency, Loss of Appetite, Jaundice, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

AYER'S CHERRY PECTORAL, for the rapid cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incepient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease. So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restorfrom alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation; and where its virtues are known, the public no longer hesitate what antidotes to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been disearded, this has gained friends by every

Branch Store, 45 Cornhill, Boston, Mass. SPECIAL NOTICE TO BOOK BUYERS My attention has been called to statements made through the public journals, by a New York Gift Sto e, which are calculated to deceive; who even presume to advertise themselves as the originators of the Gift Book Enterprise, which was first successfully established, and I may say honarably conducted by myself. This concern, who are proclaiming themselves, "The Oldest in the business," are indebted to me, not only for their first ideas of conducting the business, but for stock to commence with, and a place to commence in. Their state-

ment, that this is "The fifth year of their location in New York," is also faise.
It has been thought, on account of the name connected with this New York Gift Store, that it was a branch of my Original Enterprise; but it is not so, and I wish it distinctly understood, that I am not in any way responsible for their deceptive advertisements, nor for the manner in which New York Gift concerns are conducted. And holding the position I do, as the Originator of the Gift Book Enterprise in the United States-having established it and brought it to its present high po-sition, by constant labor, unwearied application, and large expenditure of money, I deem it my duty to the public and myself to expose these pretended "originators," who are attempting to impose upon the people. I would here publicly state that these parties have been referring, without trial, conferred benefits on the afficied they can authority or permission, to the largest and most trial, conferred benefits on the amieted they can never forget, and produced cures too numerous and too remarkable ever to be forgotten.
