

THE JOURNAL.

CLEARFIELD, PA., SEPT. 21, 1859.

PEOPLE'S MEETING.

A meeting of the People's Party will be held in the Court House in Clearfield Borough, on Wednesday evening, Sept. 29th, (Court week.) Hon. A. G. Curtin, Col. L. W. Hall, our candidate for the State Senate, Isaac G. Gordon, Esq., one of our candidates for the Assembly, and others will be present to address the meeting.

BIBLE SOCIETY.—The Clearfield County Bible Society will hold a meeting in the Court room on Thursday evening, 29th inst., at early candle-lighting. Addresses may be expected. Sept. 21. J. B. McENALLY, Sec'y.

TEMPERANCE MEETING.—The Washingtonian Temperance Society will hold their quarterly meeting on Monday evening the 26th of Sept. next, at early candle-light, in the Court House. I. Test, Esq., will address the meeting. Sept. 21. G. PHILIP GUELLICH, Pres.

NIELLOGRAPHY.—We are requested to say that Mr. Purviance has just received a quantity of Niello-graph paper, on which can be taken a superior toned ambrotype, suitable for enclosing in letters and sending by mail with out additional postage. They cost but 25 cts. each. Give him an early call.

SERVING.—We direct the attention of persons who wish to procure the services of a surveyor, to the card of Mr. John Hildekoper in our advertising columns. Mr. H., we are assured, fully understands his business, and will doubtless render entire satisfaction to all who may avail themselves of his professional services.

THE WEATHER AND CROPS.—On last Friday and Saturday we had copious showers of rain in this county, since which time the atmosphere has been much warmer, and the effect of which has been decidedly beneficial to the buckwheat and corn crops. Of the former there will be a large yield; what the latter will be, we cannot yet tell, but it is feared that much of it will not mature fully.

RELIGIOUS REVIVAL.—A religious revival, which was inaugurated at the camp-meeting on ex-Sheriff Reed's farm last week, is now going on in the Methodist church in this place, and a large number of persons have professed repentance. We understand that a general waking up on the subject of religion is going on all over the county, and that sinners by scores are seeking the consolations of the gospel. Let the good work prosper.

IN LIMBO.—On last Wednesday, one Charles Merlin, of Pike township, was committed to the jail in this place, charged with stealing a black cloth overcoat, the property of Thomas Ross, Esq., on the 17th November last, out of the Mansion House in this borough, then kept by Capt. D. M. Weaver. Charles is doubtless now realizing the truth of the 'spick's' words: "He as prigs what isn't hisen. When he's etched must go to prison."

DIABOLICAL ACT.—We have been informed that recently some malicious disposed person, having mixed a quantity of salt with arsenic or strychnine, placed it on a couple of jugs in a field belonging to Geo. B. Smith, of Girard township, evidently for the purpose of poisoning his live stock. Three of Mr. Smith's children came very nigh using some of the salt on a few cucumbers which they had pulled in a patch close by, but were fortunately prevented by one of them remarking that it had a strange appearance, and that they had better let it alone. Such an offence deserves the severest punishment, and it willfully committed.

HIGHWAY ROBBERY.—On last Wednesday afternoon, about 1 o'clock, Mr. James F. Shoop, of Graham township, was assaulted on the public road between Kyle's and John Holt's, by two ruffians, who threw sand in his eyes, knocked him down, choked him, and then robbed him of \$30 in money—all he had with him. The following day a man named Byron J. Cooney was arrested in Phillipsburg, and after a hearing before Jos. McClarren, Esq., of Decatur township, was committed to our jail, charged with being one of the men who perpetrated the robbery. Cooney alleges that he was not near the place, and that he left Curwensville, where he had been for some days previous, at too late an hour to have reached the locality where the robbery was committed, at the time designated. Mr. Shoop, however, thinks he can't be mistaken about the identity of the man. Cooney was to have had a hearing, on a habeas corpus, on Monday, but as several important witnesses were absent, the hearing was postponed.

BOLD ATTEMPT AT BURGLARY.—Last Saturday night, about 1 o'clock, a daring villain made an attempt to rob the store of Moore & Etzweiler, in this borough. He went to one of the back windows, which opens into the stairway, and in trying to force it up, entirely demolished the lower sash. He was, however, prevented from getting in by a large and powerful dog which was in the store at the time. The scoundrel left a heavy hickory club lying on the ground not far from the window.

ANOTHER.—On Sunday evening, between 7 and 8 o'clock, shortly after Mr. H. F. Naugle, jeweler, and his wife, had started to church, two men, sneaking around the house, were surprised by Mr. Samuel Mitchell, and fled. Their object was evidently to break in and plunder the house, for the next morning it was discovered that they with had them a saw, axe, auger and a bar of iron. The saw and auger they had taken from Mr. Mitchell's premises, and the axe was Mr. Naugle's. The bar of iron they brought with them.

It is high time that some efficient means of defence against the depredations of villains be adopted by our citizens.

Court commences on next Monday.

CLIPPINGS AND SCRIBBLINGS.

Suspended—the work on the public grounds.

Good post—nursing a baby and singing "Moll Brooks."

To prevent fish from stalling in hot weather—cut their noses off.

Finished—twenty-eight miles of the S. and E. Railroad eastward from Erie.

On a strike—the shoemakers of Lynchburg, Va., for higher wages. Lynch-law, eh?

Modest—the young lady who wouldn't wear a watch in her bosom, because it had hands on it.

Misnomer—calling a certain nether garment between five and six feet in diameter, a "petty-coat."

Manufactured—one million of hooped skirts in New York, per year. That's a hooping business, sure.

Fact—it is more respectable to black boots than to black characters—to sew shirts than to sow stripes.

Contrary—the borough hog law. One day, pig in; next day, pig out. Go-on, Joseph, it's all right.

Made a clean sweep—the Republicans of Vermont, at the late election. Not a grease spot of locofocoism is left.

Recently killed—J. J. Courtney, a Deputy U. S. Marshal, in an affray with Col. J. Walker, editor of the Birdville Union, Texas.

Has published—the Washington Constitution, a very elaborate article in reply to Senator Douglas' article on squatter sovereignty.

We tender our thanks to Mr. Samuel B. Jordan, of Lawrence township, for a basket of delicious apples, which were 'not hard to take.'

Old Bullion—once said, "Douglas can never be President, Sir! His coat tail is too near the ground, Sir! too near the ground, Sir!"

So short—the memory of a man in our town, that it only reaches to his knees. Per consequence, he has not paid for his last pair of boots.

We wonder, that, among all the titles bestowed upon the moon, none of her poetical admirers have ever spoken of her as Her Serene Highness.

Poisoned—a family in New York, by using adulterated cream of tartar. It is said that the pure article is never obtainable at retail in that city.

Hiram Woodruff—a fine race horse, owned by Philip R. Clark, of Delaware, died on Monday. Mr. C. had refused \$2,500 for him, and asked \$5,000.

To be sold—one hundred and twenty-six thousand acres of land, next month in St. Louis, by the Pacific Railroad Company. The lands are located in Missouri.

A queer article—a wide spread and rather short hooped skirt, on a windy day.

Remitted to Oregon—\$11,000 dollars, per the last steamer by the United States Indian Office, to defray the Indian expenses in that State during the present fiscal year.

That was a horrible affair—the murder of Dean, and the sealing up of his remains in a tin box! "What Dean?" asked a half doren voice at once. "Why Sardan, of course."

Came off—a 'Great Spike Case,' at Saratoga, recently. The cost for 1,770 interrogatories put in the case, was \$14,000, or \$7.90 each. That case was well spiked, certainly.

Folks say, Mr. barkeeper, that I can't be trusted out of sight, but I'm in sight now—can't I have a 'cocktail?' "No, no, you'll get a 'smash' if you don't vanish instantly."

Jesse Richards, of Henry county, Va., being in love, and having just received a flogging from his father, walked out and hung himself to a beam in the barn. What a fool.

Arrested—three thousand and twenty-four persons in Philadelphia, during the month of August. The greater part of these arrests were for the addition to intoxicating liquors.

Wishes to know—the Colonel who has been obliged to visit the dentist, if the carious and precarious teeth which he has inherited from his father's family might be called paternal achers.

Has been entered—the English steamship Great Eastern, the eighth wonder of the world, at the Custom House of New York, and will arrive at that port in a few weeks, should no accident occur to her.

Discovered—a large and rich silver mine, on Col. Fremont's tract in California. He is about to erect machinery which will work one hundred tons of ore per day, worth from twenty to thirty dollars per ton.

Asserted—that 300 of the N. York churches have been closed during this month, the pastors being in the country taking an airing.

Speck "Old Nick" has full sway among the docks, as the 'pastors' are short.

Nominated—Alex. H. Coffroth, by the Democrats of Somerset county, for Assembly. Geo. G. Walker, the Opposition man, being a good walker, will give his opponent a tick that will make him cough. H. severely.

Produces—North Carolina, more turpentine than any other State, and it is claimed that South Carolina, in proportion to her population, produces more poultry. So the two Carolinas may be called turp and feathers.

The Indians in Oregon have been again murdering emigrants. Late news from that section of country states that six men and one woman were killed near Red River—their wares were robbed and their stock driven off.

Gov. Chase, of Ohio, who knows how to say a good thing, recently remarked that the "Priest and the Levite who passed by on the other side, leaving the man who fell among thieves, were Democratic non-interventionists."

A little boy about three and a half years old, drank half a pint of New England rum on Friday a week, in Boston, and although three physicians worked twenty-four hours to restore him to consciousness, he died in convulsions on Saturday.

A most valuable discovery of diamonds has lately been made at the foot of the Oural Mountains, Russia. One specimen brought the lucky owner \$60,500. There is every reason to believe that a mine of inexhaustible wealth has been discovered.

MARRIED.

On Sunday September 18th, in the Catholic church at Grampian Hills, by the Rev. Father Albinus, Mr. FRANK SHORT, of Dundalk, county of South, Ireland, to Miss ANNIE BRADY, of Armagh, County of Armagh, Ireland—both now of Clearfield Borough.

Short work was made of a large cake which accompanied the above notice, and all hands in the office join in tendering their compliments to the happy pair. Though Short in name, may never be short in temper, or in anything that will tend to their present or future prosperity and felicity.

SCROFULA, OR KING'S EVIL, is a constitutional disease, a taint, or corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may render it insensible to any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously caused by mercurial and other medicines, by indigestion, by unwholesome food, impure air, silt and filthy habits, the depressing vices, and above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children, and is transmitted to the young, in whom it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

It effects commences by deposition from the blood of scrofulous matter, which settles in the lungs, liver and internal organs, is termed tubercles, in the glands, swellings, and on the surface, eruptions or sores. This foul corruption, which generates in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. One quarter of all our people are scrofulous; their persons are invaded by this lurking contamination, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alternative medicine, which purifies it by food and exercise. Such a medicine we supply in

Ayer's Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise, and which cures every scrofulous complaint, and restores the system to its original and natural purity. It is combined from the most active remedies that have been discovered for the expurgation of this foul disorder from the blood, and the removal of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive and Skin Diseases, St. Anthony's Fire, Rose, or Erysipelas, and all eruptions of the face, and Boils, Tumors, Tetter and Salt Rheum, Scald Head, Ringworm, Rheumatism, Syphilitic and Mercurial Diseases, Dropsy, Dyspepsia, Debility, and, indeed, all Complaints arising from Vitiated and Impure Blood, which popularly is called "taint of the blood" is founded in truth, for scrofula is a degeneration of the blood. The practical purpose and virtue of the Sarsaparilla is to purify and renovate this vitiated blood, without injury to the health, and to restore it to its original purity.
