

S. B. ROW, EDITOR AND PROPRIETOR

CLEARFIELD, PA., SEPT. 28, 1859.

PEOPLE'S STATE TICKET. THOMAS E. COCHRAN, of York. WILLIAM H. KEIM, of Berks.

DISTRICT AND COUNTY TICKET. PRESIDENT JUDGE, LINN, of Centre county. LOUIS W. HALL, of Blair County ISAAC G. GORDON, of Jefferson co. WM. A. NICHOLS, of McKean county. PROTHONOTARY. WM. McBRIDE, of Curwensville. ISAAC S. SHIREY, of Bradford Township BENJ. SPACKMAN, of Clearfield. GEORGE LEECH, of Pike Township. PETER LAMM, of Girard Township. JOHN B. HEWITT, of Huston Tp.

OUR COUNTY TICKET.

In less than two weeks the freemen of Clear field will be called upon to vote for county officers, and they should make it an object to seleet the best and most competent men from among those who are asking their suffrages. Although those who compose our ticket are well known to many persons in the various sections of the county, yet we do not deem it amiss to say a few words concerning them, at this time. WILLIAM McBRIDE, the candidate for Prothenotary, is a man of strict integrity, reliable in all respects, has good business habits, is an excellent pensman and accountant, and would make a most efficient and accommodating officer. ISAAC S. SHIREY is well fitted for the position of Register and Recorder, and, if elected, would exert himself to discharge the duties of the office in a manner that would give no room for complaint. The candidate for Treasurer, BENJAMIN SPACKMAN, is one of our most honest and reliable citizens. That he is well qualified for the office for which he is named, and that he would faithfully and satisfactorily transact the business connected with that responsible post, no one who has a regard for truth will dare to deny. GEORGE LEECH, the candidate for Commissioner, is too well known to the people to require any commendation on our part. He would make one of the best officers the county ever had. Hon. PETER LAMM, the nominee for County Surveyor, is a man of intelligence and modest worth, and well fitted for the station for which he is named. JOHN B. HEWITT is an excellent man, stands high in the estimation of all who are intimately acquainted with him, and if elected to the office of Auditor will discharge the duties incumbent upon him in the most satisfactory manner. Such is the ticket that the People's Party ask the voters of Clearfield to support. They are men of good character and ability, and their election could not fail to be of advantage to the people and interests of the county.

THE STATE TICKET .- From all parts of the State we receive confident assurances that the People's party is moving forward to a certain victory. There is an intense desire on the part of the people to rebuke and overthrow the Buchanan dynasty, and if they are not overtaken by the supineness which grows out of over-confidence, and be thereby induced to substitute the will for the deed, the rebuke will be as terrible and as scathing as it was last year. We trust, therefore, that our friends everywhere will lay aside anything like laziness or inactivity, and buckle on their armor for a decisive encounter. The enemy is organizing secretly and quietly, and expects to steal a march upon you. Forewarned is forearmed. Keep a vigilant watch, and all this secrecy of the enemy will avail nothing.

The latest objection raised against Sam. Linn for Judge is, that he "ain't good looking." The Clinton Democrat says his "funmaking grimmaces are much more appropriate to a lawyer addressing a jury than to a Judge on the bench." A party must be hard run, indeed, when it has to resort to assaults on the personal appearance of a candidate, whom they admit "is a good counsellor," that "he conducts a case through all the mazes of the law with ability and success," and who occupies "a front position as an advocate at the bar." We acknowledge that Mr. Linn may not be quite as handsome a man as his competitor, but, we opine that, as soon as the result of the election is known, Judge Gamble will make uglier "grimmaces" and contortions of countenance than ever Mr. Linn has.

ISAAC G. GORDON, one of our candidates for the Assembly, is in town, renewing his old acquaintances and making new ones. Mr. Gordon is very popular at home, and will carry Jefferson by a large majority. He was a candidate against Hon. J. S. McCalmont, for Judge, in 1852, and, although the Democrats Mr. Gordon's election are very flattering.

LOOK Our !- The Democracy are secretly at work marshalling their forces, and will doubtless try to steal a march on us. Let every member of the People's party, therefore, be at the polls early, vote, and see that his neighbors do the same thing.

THE HYENA ORGAN IN DISTRESS.

The editor of the Hyena organ is again in dire tribulation. He has made a discovery which is causing him the deepest distress. He has found out that M. A. Frank, whom he once regarded as a "Know Nothing" with "no manliness, no redeeming feature" in his "conduct," has been "cheated" out of the nomination for State Senator-that he has been ruthlessly "butchered," barbarously flayed, flendishly quartered and cut to pieces, and that, too, by his "professed friends!" Was act more diabolic ever perpetrated! Was tragedy more heart-rending ever heard of! We can imagine the contending emotions of anguish, and sympathy, and indignation, and head, breast, body, and appurtenances, of the editor of the Republican, as the magnitude of the offence forced itself upon him! We are only surprised that he did not make the announcement of such a terrific feat more prominent by heading it somewhat after this style : "Horrible and Sanguinary Affair"-"One of the People 'butchered' in Cold Blood"-"Intense Excitement and Glowing Anticipations among the Democracy"-"The Editor of the Hyena Organ after the Perpetrators with a Long Pole!" We have no doubt that such a caption, in big, glaring capital letters, would have produced a sensation among the mountains and valleys of the Susquehanaa that would not soon have been forgotten. But as the editor of the Hyena organ pro-

ponnds several 'daring' questions to the Journal, concerning the Senatorial Conference, we will answer him "according to his folly." The Clearfield conferees did present the name and vote for Mr. Frank. This was a voluntary act on their part-they were not instructed to do like the Democratic conferees, "vote from first to last" for their candidate—the party had recommended no one; and the conferees could ust as well have presented the name of some one else-therefore, they considered themselves at liberty to do as they pleased about the matter, without being called to account for their conduct, at least by an intermeddling Locofoco. On several occasions, one of the Cambria conferees voted for our man; but oniy once that we remember, (and having been a conferee it should be presumed that we know,) did as many as two of the Cambria delegates vote for him, and that at a time when it was known to all that one of the conferees from this county would vote for one of the other candidates. Thus, any person who has brains enough to tell that one and two make three, can see that the allegation of the editor of the Hyena organ about Mr. Frank being "butchered by his professed friends." is false. But how does it come that the editor of that delectable sheet has all at once fallen so deeply in love with Mr. Frank? Does he forget that no longer ago than last fall he published a bitter and malignant editorial against this now "most deserving member" of the People's party? And had he been nominated, would he not have done the same thing again at this time? "Dare" he deny this? And now we will say to the editor of the Republican-your clap-trap and left-handed compliments are fully understood. If you expect thereby to withdraw attention from your Molly Maguire candidate, and raise a fight in our ranks, you are mistaken, for Mr. Frank has personally assured us that he and his friends will support Louis W. Hall for the State Senate. If Mr. Frank feels himself aggrieved, that is a matter for him and the conferees to settle-it is none of your business, and if you will keep your nose oet of other folks' affairs, it will doubtless be a great deal more creditable, and appear much less impudent and meddlesome.

The Clearfield Republican copies an article rom the Bellefonte Watchman about Mr. J. S. Brisbin being in this county electioneering for Sam. Linn, and remarks that he is not exactly the kind of person to electioneer with the Democracy of Clearfield, "neither are they ignorant of the impropriety of making a camp meeting the scene of a political canvass." We don't know what Mr. Brisbin's politics are now, but we know that not long since he was a Democrat; and if he was guilty of the "impropriety" named by the Republican, it is no worse than what was done in 1856, when hand-bills announcing that "The Two Bigler's are Here," were stuck up on the camp ground near Addleman's, and that, too, if we recollect aright, on Sunday. Besides, if the editor would inquire, he might, perhaps, find that some of their own candidates have been "canvassing" at camp-meetings this fall. "People who live in glass houses should not throw stones."

The authorship of the article in the Washington Constitution, the organ of Mr. Buchanan, in reply to Judge Douglas' article on "Popular Sovereignty in the Territories," is attributed to Hon. Jeremiah S. Black, present Attorney General of the United States. This has given rise to a new name for the Administration Democrats. To contradistinguish them from the Douglas wing, they are now called the "Black Democracy." The name is the introduction of foreign criminals to the extracted from the wound, which bled profusethought to be highly appropriate, not only on account of the fact alluded to, but because of the intense love of the Lecomptonites for the institution of negro slavery.

It has no doubt been observed that the Clearfield Republican has been trying to "soft soap" Michael A. Frank, for what purpose can compliments.

Col. Louis W. Hall, our candidate for the State Senate, has been in our place since Monday. He has formed the acquaintance of many of our citizens, and has made a very favorable impression. The prospects of his election are daily brightening.

The rain of yesterday made muddy roads.

THE EXTRA COURT QUESTION.

An effort is being made to injure Sam. Linn, by representing that if he is elected Judge. the people of the District will be subjected to heavy costs for holding special courts. This and the fall grain suffers greatly from themletter, which was written in reply to one addressed to the lawyers of Bellefonte, by a number of the most respectable citizens of Centre county, of both parties, asking for the necessary information or the facts on the case .of Clearfield county.

BELLEPONTE, Sept. 3, 1859. GENTLEMEN :- We have received yours of LINN should be elected, to what extent it would increase the expenses of the county in holding Special Courts to dispose of the cases in which he is interested as counsel." That wrath, and vengence, that must have rent the | this subject should be, as you say, much agiiated, is perhaps not strange; and it seems proper that correct information should be giv-

en in relation thereto. We will answer the question frankly without committing ourselves individually to either of the gentlemen now before the people of this judicial district for the office of President ludge. The law with regard to holding Special Courts has been materially altered within the last five years. Formerly it was necessary that a seperate and distinct Court must be held for the trial of all causes in which the Judge had been Counsel or in any way connected or interested. This has now been entirely changed, as will be seen by the following section of an act of Assembly passed the 10th day April 1849, which will be found in Pamphlet Laws page 619: "Whenever it shall

be necessary to hold a Special Court in any her parents in Philadelphia, but who was staycounty of any judicial district, agreeably to ing at the house of Richard Harper in Springthe laws in force, an arrangement may be made between the President Judge of such district, and the President Judge of any adjoining district, to hold the Court of any regular term for holding the courts in such county, or at any adjourned term of said Court, and the Judge of such adjoining district shall take the place of the other, without additional notice or special venire, and all proceedings had before the said Court, shall be of the same force and effect, and be conducted according to the same rules and regulations, to all intent and purposes, as if the same had occured before the proper President of the dis-trict." By an act of 18th of April, 1856, this of any judicial district in this Commonwealth without regard to his being in an adjoining district. Pamphlet Laws, page 573. From this law it will be observed that no extra or special term of court is necessary. All that is needed is for the President Judge who has a cause or causes on the list, in which he was concerned, to invite the presence of any other Judge who can conveniently attend at any regular or adjourned term of the Court, who takes his seat on the Bench and tries the cause or causes before the same jury, and when his duty is ended, the Judge of the district resumes his seat and the business proceeds without any interruption or delay, or adding any

From the Ebensburg Alleghanian, Sept. 15. Last week we nailed to our mast head the name of L. W. Hall, the People's Candidate for Senator in the district composed of Clearfield, Blair and Cambria, and informed our readers that we had joined hands with our Cambria Conferees in supporting him at the ballot-box, and in laboring for his election .-This week we do something more; we ask our

Although Mr. Hall was not by any means our choice for the nomination, preferring as we did a Cambria County man, yet it must be admitted, leaving locality out of the question, that there is not in the District a man better qualified to discharge the duties of the office for which he has been nominated. Mr. Hall is a lawyer by profession, and although quite a young man, has already earned for himself a reputation among his professional brethren. Moreover, he is a self-made man; a man fresh from the ranks of the People; a man who has literally fought his way to the position he now occupies; a man who has identified himself with no clique or faction; a man who has never before been a candidate for office; and a man who, if elected, as we doubt not he will be, will have "no friends to reward or enemies to

We urge not the claims of Mr. Hall upon the People of this Senatorial District, merely upthe ground of his personal popularity .-Nor do we urge his claims because he is better qualified, in a general point of view, to discharge the duties of the office, than his opponent, Augustin Durbin. We would look higher than this. There are issues at stake in the present canvass which cannot be overlooked, no matter how much we could desire to favor certain localities, or personal friends. There are principles involved in the Senatorial campaign which should out weigh every other consideration. There are principles promulged by bodies whose rights to do so we their escape. . . . Alex. Gallaher, who was sedo not question, and if it be possible, we riously wounded by John S. Fairman at Prosshould seek to disseminate those principles, and apply them to the practical working of government. We would have no intervention of the Federal Executive to defeat the near Adams post office in Armstrong county. expressed will of the People. We would have extension of Slavery. We would have no reshores of America. These are some things that we would not have. There are some things that we would have. We would have protection to American industry. We would have economy in the expenditures of our State and National Governments. We would have purity of the ballot-box preserved and mainwhen we say that their efforts have been, and and secure those things which we do want? will be fruitless. Mr. F. has been a hardwork. Can we do so by supporting Augustine Durbin, ing, consistent, and deserving member of the on the second Tuesday of October? Surely party, and we have not the least doubt that if ever the opportunity offers he will be fully rewarded for his fealty and labors. One thing wherever you are in this Senatorial District, is certain, there is no danger of him turning pull off your coats, roll up your sleeves, and had a majority in the county of about 300, Mr. Locofoco, as some have asserted, and the Re-Gordon beat him 596 votes. The prospects of publican might as well save its left-handed Elect L. W. Hall, and he will maintain, defend and support your principles. And this is more than his opponent would do.

> Among the many persons in attendance at Court this week, we are pleased to see Hon. A. G. Curtin, Hon. James T. Hale and Samuel Linn, Esq., three as wholesouled, substantial men as the State can boast.

GEN. WINFIELD SCOTT.

There is an island in Puget's Sound, on the western coast of Washington Territory, named San Juan, which bids fair to become as famous in the history of James Buchanan's Administration as Greytown did in that of Franklin Pierce. This island, we believe, has heretofore been claimed and occupied by the British, but a short time ago Gen. Harney, who has command of the American forces in that quarter, took possession of it and has since held it as a part of Washington Territory. The British authorities remonstrated against this proceeding, but without effect. Finally, the subject was laid before our Government at Washington, which has just taken action thereon by ordering Gen. Scott to the scene of the difficulties,, with ample powers to settle the dispute. The journey is one of five or six thousand miles, but the old veteran, who is now seventy-three years of age, with the alsority that he has shown in every step of his career, obeyed the order, and sailed for the scene of disturbance on the 20th inst. A rupture between the two Governments will scarcely take place; but it was thought best to send a man of experience and prudence on the delicate and no doubt troublesome mission-and hence Gen. Scott was selected.

By the arrival of a steamer at New Orleans on the 21st dates to the 5th inst., have been received from San Francisco. Five hundred American troops were on the Island of San Juan, earthworks had been thrown up, and the island was in a complete state of defense. The British disclaim all hostile intentions, and the chance for a war seems to be very slim.

THE DEMOCRATIC MEETING last night was a curiosity. It was as much of a mixture as was that of the California babies, to which one of the speakers alluded, and some of the participators presented about as astonishing phenomena politically, as the aforesaid infants did physically. The proceedings were of rather an extraordinary character throughout, but the emergency was of such a nature that the leaders saw their future salvation depended upon getting all shades and sorts of material to "stick to the ticket" at this fime: Hence, whilst Gov. Packer was passed by in silence, they did not besitate to urge the election of one of his political friends, not out of any love for the man, but out of hatred to his competitor for the Judgeship. A general howl, as we predicted some time since, was raised against the "railroad," "mammoth corporation," "monopoly," "tonnage tax," &c., and yet the three speakers differed widely about the operation of that "tax." As Mr. Durbin could not be on hand himself, having to attend to more pressing business at home. he deputised a Cambria lawyer, who verified the truth of the adage that "new converts, like bumblebees, are biggest when they are batched," to represent him. This gentleman, named Turner. Her friends opposing the after acknowledging that Mr. Durbin had a mere "smattering" of "reading, writing," &c. went into a regular soft-soaping performance, and urged the Democracy of Clearfield to stick the "pure and time-honored principles" of the party. Our space, however, will not permit us to give a more extended notice of this "rich, rare and spicy" affair.

For the "Raftsman's Journal."

MR. EDITOR :- I was surprised the other day to hear the most barefaced falsehoods circulated in our township against Mr. Isaac S. Shirey, your candidate for Register and Recorder. Knowing Mr. S. as I do and have done for the last 15 years, I feel it my duty to say that they are false and without foundation. There are few men in our county of a more reputable character for morality and honesty than Mr. S., and the man that would assail his character in the way I heard it was done, must be a despicable wretch, unworthy the confidence of the people. Mr. Shirey is poor, it is true, and unfortunate in more cases than one. He some two or three years ago had his house burnt with all it contained, left destitute with a family, and in his efforts to maintain his family he lost his health, and for the last year or 18 months has not been able to do a hard day's work. Mr. S. is entirely qualified to perform the duties of the office, and such unfortunate men as he, should have the sympathy of the people, without destinction of par-A DEMOCRAT OF PIKE.

HOSTETTER'S STOMACH BITTERS
It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain com mon sense, they may be able so to regulate the sptem as to secure permanent health. In order to accomplish this desired object, the true rourse to pur sue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in troduced to this country a preparation bearing hi name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring then a healthy and vigorous action, and thus, by

the simple process of strengthening nature, ent

ble the system to triumph over disease

For the cure of Dyspepsia, Indigestion, Nausca. Flatulency, Loss of Appetite, or Bilious complaints. arising from a morbid inaction of the Stomach of Bowels, producing Cramps, Dysentary, Cholic, Cholern Morbus, &c., these Bitters have no equal. Diarrhoa, dysentery or flux, so generally con-tracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspep sin, a disease which is probably more prevalent rangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bit ters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthen er of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation anated, based upon scientific experiments which have tended to prove the value of this great pre-

paration in the scale of medical science. FEVER AND AGUE .- This trying and provoking disease, which fixes its relentless grasp on the bo dy of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they nee ther create nausea nor offend the palate, and resder unnecessary any change of diet or interrup tion of ordinary pursuits, but promote sound sleep and healty digestion, and the complaint is remo ved as speedily as is consistent with the producion of a thorough and permanent cure.

For Persons in Advanced Fears, who are safeting from an enfeebled constitution and infirm body. these Bitters are invaluable as a restorative strength and vigor, and need only be tried to be appreciated. And to a mother while nursing the Bitters are indispensable, especially where the manufacturers ther's nourishment is inadequate to the despite of the child, consequently her strength most rield, and here it is where a good tonic, such as Hostetter's Stomach Bittory ter's Stomach Bitters, is needed to impart tempo rary strength and vigor to the system Ladies should by all means try this remedy for all cases of debility, and, before so doing should ask their physician, who, if he is acquainted with the virtue of the Stomach Bits and recommend virtue of the Stomach Bitters, will recommend

their use in all cases of weakness.
