Harry Brooks, a young blind man from Middietown, gave a musical concert in the Court House on Friday evening, which proved to be quite interesting. He is a good violinist, and performs well on the piano. He has since then given concerts in Philipsburg and Curwensville. We are pleased to learn that he tias been liberally patronized.

ALMOST & FIRE .- Last Thursday morning, when the family of Mr. Samuel J. Row, residing at the south end of town, arose, they found that a large wooden 'jam' at the mouth of a chimney, which was closed with a piece of sheet-iron, had taken fire during the night and was much charred, and that the fire had gained access to a stationary cupboard at the side of the chimney, burning out the shelves,

be found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all cases, ordinary medicines can do no good. What is required is just such a tonic and invigorator as Dr. J. Hostetter has given to the world, in his celebrated "Bitters." The weak and nervous denizen of the counting-house, the exhausted toiler upon the shop-board, and the prostrated student of the midnight lamp, have found a wonderful regenerator in the "Bitters," and prefer it to more pretentious, but less efficacious medicines. But it should not be forgotten that the agent which is so magical in its influence upon a frame which is merely debilitated, is equally powerful in assisting nature to expel the most terrible forms of disease. Who would not give it a trial ? Sold by druggists and dealers everywhere. See advertisement in another column.

I OSTETTER'S STOMACH BITTERS. It is a fact that, at some period, every member of the human family is subject to disease or

disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to ac-Sciences. complish this desired object, the true course to pur-

state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, ena-

ic the system to triumph over disease. For the cure of Dyspepsia, Indigestion, Nausca. Flatulency, Loss of Appetite, or Bilious complaints, arising from a morbid inaction of the Stomach or Bowels, producingCramps, Dysentary, Cholic, Cholera Morbus, &c., these Bitters have no coual.

Diarrhoea, dysentery or flux, so generally conracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For

this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE .- This trying and provoking liscase, which fixes its releatless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of dief or interruption of ordinary pursuits, but promote sound sleep and healty digestion, and the complaint is remo ved as speedily as is consistent with the produc-tion of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled consitution and infirm body. hese Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostet-ter's Stomach Bitters, is needed to impart tempo-in New York," is also faise. rary strength and vigor to the system. Ladies their physician, who, if he is acquainted with the virtue of the Stomach Bitters, will recommend their use in all cases of weakness

Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork. and observe that our autograph signature is on the label. SPECIAL NOTICE TO BOOK BUYERS My attention has been called to statements made through the public journals, by a New York Gift Sto. c, which are calculated to deceive ; who even presume to advertise themselves as the originators of the Gift Book Enterprise, which was first successfully established, and I may say honarably conducted by myself. This concern, who are proclaiming themselves, "The Oldest in the business," are indebted to me, not only for their first ideas of conducting the business, but for stock to commence with, and a place to commence in. Their state-ment, that this is "The fifth year of their location

It has been thought, on account of the name connected with this New York Gift Store, that it was a branch of my Original Enterprise; but it is not so, and I wish it distinctly understood, that I am not in any way responsible for their deceptive advertisements, nor for the manner in which New York Gift concerns are conducted. And holding the position I do, as the Originator of the Gift Book Enterprise in the United States-having es-tablished it and brought it to its present high position, by constant labor, unwearied application, and large expenditure of money, I deem it my duty to the public and myself to expose these pretended + originators, ' who are attempting to im-pose upon the people. I would here publicly state and dealers generally throughout the United that these parties have been referring, without
