THE JOURNAL.

CLEARFIELD, PA., OCT. 19, 1859.

JOHN G. CAIN, Esq., Smith's Mills, is auhorized to receive subscripfions and advertisements for the Journal, and receipt for all monies paid him on accounts due this office.

By Divine permission, the Rev. Mr. Focht will administer the Sacrament of the Lord's Supper, in the Lutheran church in Clearfield on Sabbath, Oct. 30th, 1859. Preparatory services to commence Wednesday the 26th.

Mosson has just received and opened an extensive assortment of Seasonable Goods, Clothing, Boots, Shoes, &c., which he offers at the lowest prices, as will be seen by a reference to his advertisement in another column.

LAGER .- By referring to an advertisement in another portion of our paper it will be seen that Jacob Hessendeller and Charles Haut are engaged in the manufacture of lager beer, and are now prepared to supply all who may want it with that popular beverage.

We learn that, about two weeks since, the saw-mill of Mrs. Kratzer, 3 or 4 miles above Curwensville, together with a lot of lumber, was destroyed by fire. It is supposed to have been intentionally burned, as notifire had been used about the mill for some time previous.

New Stock .- C. Kratzer & Sons have received and opened a laarge stock of Seasonable Goods, at their store room on Front St., Clearfield, Pa., which they will dispose of on the most advantageous terms. We direct attention to their advertisement in another column of this paper.

STORM .- Yesterday morning a heavy wind and rain storm passed over a portion of this county. The roof of Mr. Jacob Flegal's barn in Goshen township, from the purloin up, was raised by the wind and then fell in with a crash. We have heard of no other damage of much account having been done.

The contractor having commenced pulling down the old county offices, preparatory to building the new court house, the Prothonotaty's office has been removed into the jail building, that of the Register & Recorder into the office of James Wrigley, Esq., on 2d street, and the Commissioners' office into a room on the second floor of Shaw's Row.

CLEARFIELD ACADEMY .- By reference to a notice in our advertising columns, it will be seen that the winter session of this institution s to commence on the first Tuesday in No vember. We take pleasure in recommending this school to parents, guardians, and others. It has an able superintendent, a competent teacher, and is in all respects well conducted.

FINE SPECIMEN OF HANDIWORK .- Mr. Frederick Leitzinger is manufacturing, at his pottery establishment in our town, a lot of stoneware brackets for the cornice of Gov. Bigler's house on Second street. They are beautiful specimens of workmanship, much taste and mechanical ingenuity are displayed in their design and formation, and they cannot fail to gain for Fred. the reputation of being one of the most expert mechanics in the country. It is gratifying to see that his skill is being duly appreciated, and that his labor is likely to receive the encouragement it deserves.

We direct the attention of our readers to an advertisement of Hall's Patent Stump Puller. A short time since we had an opportunity of witnessing a trial of one of these machines, and were satisfied that they can be used to great advantage in any region where stumps are as numerous as in this county. The machine is of very simple construction, and, if repairs become necessary, they can be made by mechanics of ordinary expertness. Every person who is in need of a stump puller should not fail to procure one now, when they have the opportunity, and can purchase them upon advantageous terms.

H. D. M'GEORGE'S SHINGLE MACHINE.-This truly great invertion is now exhibiting at Spencer's Mills, Bridgeport, a mile west of Curwensville, where every person at all interested in lumbering, should go and see for himself. With 4 horse power, fifteen to twenty thousand beautiful shingles can be made in 12 hours, more perfect than can possibly be done by hand. Any kind of wood will answer, so it is sound, and presented to the saw so as to cut lengthwise, or with the grain of the wood. The shingle is sawed, planed and finished at one operation. There is no humbug about this machine. All that is required is a visit to it to convince every intelligent man of its utility as a great labor saving machine, and one that must eventually take the place of all and every other known methods of making shingles. Parties who have timber can with one of these machines make more money than by any other way of preparing it been compelled to flee to avoid popular indigfor market. Men in other locations, less favored for the business, have in the short space of three months paid all expenses for a mill and right to use. \$20 per day can be cleared with all ease. Shingles from 14 to 28 or 30 inches long, of any desired breadth or thickhess, as well as barrel heading, staves, &c., can be made on the mill by any person, at first trial. For further information respecting the terms for machines and rights, please call on John G. McCormick, Bridgeport, or address John Heath, Proprietor, Pittsburgh.

HOSTETTER'S STOMACH BITTERS.
It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose. Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them o a healthy and vigorous action, and thus, by the simple process of strengthening nature, enn-

ble the system to triumph over disease. For the cure of Dyspepsia, Indigestion, Nausca, Flatulency, Loss of Appetite. or Bilious complaints. arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentary, Cholic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedly regulated by a brief use of this preparation. Dyspep sla, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great pre-

paration in the scale of medical science. FEVER AND AGUE .- This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interrup tion of ordinary pursuits, but promote sound sleep and healty digestion, and the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffer ing from an enfeebled consitution and infirm body. these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's neurishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hestetter's Stomach Bitters, is needed to impart temporary strength and viger to the system. Ladies should by all means try this remedy for all cases of debility, and, before to doing, should ask their physician, who, if he is acquainted with the virtue of the Stomach Bitters, will recommend their use in all cases of weakness.

Caution .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters' blown on the side of the bottle. and stamped on the metallic cap covering the cork. and observe that our autograph signature is on the label.
