GOT A FALL .- Last Wednesday, 7th inst., Mr. Alex. Southard, whilst working in the new building that has been erected at the south end of town for the accommodation of Rev. Mr. Codey of the Catholic church, stepped on a loose board, one end of which did not rest on the joist, and, falling through, received some severe broises on his thigh, arm and side of his head, and was stunned so much that he was insensible for several minutes. He is moving about again as usual.

LOCAL NEWSPAPERS should be a complete reflex of the business and prosperity of their lage of publication, and every one ought to impressed with the importance of this fact. It should be the imperative duty of all busiless men to patronize, sustain and encourage their local journals, not only for their own individual interest, but for the wolfare of the community in which they are published. Local news of local papers is so regarded by intelligent business men in every place. It is and villages: therefore the necessity of liberally patronizing total papers, not only by the to make them entertaining and profitable to all. It cannot be expected that an editor is cognizant of all that is transpiring throughout the town and country, and for this reason erery man should feel it a privilege to assist in making public through the local papers events of daily occurrence-accidents, fires, marriages, deaths, or anything of interest that may transpire in the community in which he resides. By this course editors can furnish through their respective papers a complete record of all that transpires of interest in town and country. We hope, therefore, that some of our friends in the different parts of the county will keep us posted up in all that is going on in their neighborhoods.

TOSTETTER'S STOMACH BITTERS. It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pur-sue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea. Flatulency, Loss of Appetite, or Bilious complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentary, Cholic, Chol-era Morbus, &c., these Bitters have no equal.

Diarrhœa, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspep sia, a disease which is probably more prevalent in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cared without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bit-ters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great pre paration in the scale of medical science.

FEVER AND AGUE. - This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they nei-ther create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healty digestion, and the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled consitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be rary strength and vigor to the system. Ladies

Subscriptions from California, the Canadas, and all foreign Provinces, must be \$3.50 instead of \$3.50 instead of \$3.50 in order to defray extra postages, &c.
