FESBYTERIAN PARSONAGE .- Last Saturday, the Presbyterian Congregation of this place purcased the house and lot of Wm. Powell, Esq. on the corner of Front and Locust Sts., for a arsonage, at a cost of \$2,800. We learn that lost of the amount has been subscribed.

ACCDENT .- Last Friday afternoon, January 20th, 1 man named Charles Lynch, who was engage at Stephen D. Raeder's log job on Port's nn in Knox township, had one of his legs brken by a log, which, as it was sawed off, fell won it. He was sent to Harrisburg, where hi friends reside.

On the first page of to-day's paper will be found the commencement of a story, entitled "The Prace's Look," which will run through 5 or 6 numbers. The opening chapter may appear a little prosy, but if the reader don't find it incresting, as well as instructive, before he comes to the end of the tale, then we miss our gress greatly.

Cur His Lec .- A boy of 5 or 6 years of age, son of Mr. Simon Carns of Lawrence township, while going down hill with an axe, on Monday evening last, fell, and the axe-blade striking on the back part of his right leg, separated the tendon achillis entirely. It is feared that the cut may have the effect of making him permanently a partial eripple.

FINANCES OF THE COUNTY .- We will next week publish the Auditors' statement of the financial affairs of Clearfield county for the past year. From it we learn that the receipts were \$7,941 85, and the disbursements the same. The entire amount due the county from all sources is \$11,193 57. The amount of outstanding orders reaches \$6,815 21, of which \$6,000 are on the Court House contract.

SERIOUS INJURY .- Miss Kate Brown, daughter of Wm. Brown of Lawrence township, met with a serious accident on last Saturday afternoon, whilst taking a sleigh tide with a young | ble of the zebras. man named Phillip Hisey. After they had come down on the east side of the river, the horse ran the sleigh up an embankment, causing it to upset, and throwing the occupants out, Miss Brown being flung with such force against some obstruction that her collar bone was broken. She was immediately brought home and properly cared for. Though suffering intense pain, we are glad to learn that she is now in a fair way of improving.

AGRICULTURAL MEETING .- A meeting of the Clearfield County Agricultural Society was held at Ausonville on the 20th inst., Henry Swan acting as President and Robert Liddell as Secretary. Josiah R. Read, Esq., being -called upon, stated the object of the meeting. Rev. S. Miles and L. J. Crans, Esq., then addressed the Society. After several others had expressed their views, eight new members were added, and a resolution adopted, tendering the thanks of the meeting to L. J. Crans, Esq., for his address. The citizens present then formed themselves into the "Jordan Township Farmer's Club," auxiliary to the County Association, after which the meeting

Correction .- A couple very annoying mistakes occurred in the Court Proceedings as published in our paper last week. One of them makes it appear that Jacob Bilger was insentenced to pay costs. It should be John Bilger. The other reads, "Cortes Bell-malicious mischief-killing a cow-deft. acquitted, But sentenced to pay costs." It should read Cortes Bloom. We have no doubt Mr. Bell and Mr. Jacob Bilger were both greatly astonished to find themselves reported as figuring in the Quarter Sessions, and, though acquitted, that they had the costs to pay. We hardly know how the errors were made, and take this early opportunity of correcting them, assuring the public that the gentlemen are both peaceable, law-abiding citizens, and that neither of them had been indicted for any kind of "mischief."

IN AND OUT OF A SCRAPE .- A correspondent writes to us that a couple weeks since a young man named Lucas, in company with another young man, name unknown, went into the woods, to hunt, in the neighborhood of Moshannon creek, Centre county. Mr. Lucas returning alone, and not giving satisfactory answers to inquiries as to what had become of ly injurious to the system. his companion, and it being ascertained that the latter had, when he left for the woods, \$100 in money and a valuable watch in his possession, suspicion rested upon Lucas for having dealt foully with him. He was accordingly arrested and lodged in the Bellefonte jail. A few days afterwards, however, the missing man, who many were ready to believe had been murdered, turned up at one of the saw-mills on Moshannon creek, alive, well, hearty, and in full possession of all his valuables. The father of young Lucas forthwith procured the necessary testimonials and had his son released from custody.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plan common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them

ble the system to triumph over disease. For the cure of Dyspepsia, Indigestion, Nausca, Flatulency, Loss of Appetite, or Bilious complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentary, Cholic, Cholera Morbus, &c., these Bitters have no equal.

ATEST NEWS FROM HARPER'S FERRY .- Brown, the leader of the Insurrection, found guilty of Murder and Treason in the First degree .- The above named 'insurrection' caused a great deal of gas to be let off by leading politicians and the political press of this great country, and in fact the majority of the people of all parties, were more or less excited on reading the first account of the insurrection-some of the papers trying to make political capital out of the affair and others making light of the matter. But if it had been an Italian strike for Freedom against their lawful sovereign, led on by Mazzinni or Garibaldi, the Press of this country, with but one exception, would call meetings and pass resolutions and solicit subscriptions to aid them in their so called patriotic work; but amidst all this inconsistency there is one man that is not the least interested in the fate of Brown or his companions, and that one is Frank Short of the Short Shoe Shop on Second street, where he will be found at

JACOB HESSENDELLER,

Oct. 19, 1859. CHARLES HAUT. THE NEW-YORK TRIBUNE.-The Tribune-now more than eighteen years old, and having over Two Hundred Thousand subscribers, or constant purchasers, diffused through every State and Territory of our Union-will continue in essence what it has been-the earnest champion of Liberty, Progress, and whatever will conduce to our national growth in Virtue, Industry, Knowldge, and Prosperity. It will continue to urgo the emancipation not only of the Black laborer from chattleism and legal impotence, but of the White likewise from Land Monopoly, Intemperance, Ignorance, and that dependence on remote Markets which paralyzes exertion by denying to Toil any adequate and morally certain reward. Believing that the chief evil of our time is the inordinate multiplication and disproportion of Non-Producers, it will continue to war against whatever tends to degrade Manuel Labor or deprive it of its just and full recompense. It will inflexibly commend the policy of winning hither from Europe the Useful Arts, and, wherever they may be needed, the Artisans as well, for whose products our country is now running recklessly into debt, while our laborers roam in fruitless quest of employment, leaving their children in want of bread, hough the farmer is too often compelled to sell hiserops at most inadequate prices In short, while buttling against Fittibusterism and every other manifestation of that evil spirit which seeks thro' the spoliation of other countries that aggrandizement which is to be truly attained only through the due development and cultivation of our internal resources, it will urgently advocate a more ef-

well-being of Mankind. The "irrepressible conflict" between Darkness and Light. Inertia and Progress. Slavery and Freedom, moves steadily enward. Isolated acts of folly and madness may for the moment give a seeming advantage to Wrong; but God still reigns and the Ages are true to Humanity and Right. The year 1860 must witness a memorable conflict beween these irreconcilable autagonists. The queson-"Shall Human Slavery be further strengthened and diffused by the power and under the flag of the Federal Union?" is now to receive a momentous if not conclusive answer. "Land for the Landless, versus Negroes for the Negroless" is the battle-cry of the embodied Millions who, having ust swept Pennsylvania, Ohio and the North-west, the new Congress, backed by nearly every Tree State, to demand a recognition of every man's right to cultivate and improve a modicum of the earth's surface wherever he has not been anticipated by the State's cession to another. Free Homes, and the consecration of the virgin soil of the Territories to Free Labor-two requirements, but one policy-most largely absorb the attention of Congress through the ensuing session, as of the People in the succeeding Presidential canvass; and whatever the immediate issue, we cannot doubt that the ultimate verdict will be in accord at once with the dictates of impartial Philanthrepy and the inalienable Rights of Man.
