THE JOURNAL.

CLEARFIELD, PA., FEB. 8, 1860.

On our first page will be found an interesting letter from Lewis R. Carter, who removed from this place to Missouri last October.

We learn that a Mr. Shimmel, who resides in the neighborhood of Grahamton, had a leg fractured one day last week. We have not ascertained the particulars.

A quarterly meeting of the Methodists will commence in Clearfield on Saturday next at 11 o'clock A. M. The Presiding Elder, Rev. Mr. Guyer, and Rev. J. Clarke will be present.

We understand there has been considerable sickness of late in the neighborhood of Kylertown, in Morris township, this county. Scarlet fever is prevailing. The disease has not as yet appeared in its most malignant form, and no deaths are thus far reported.

SCHOOL HOUSE BURNED .- Last Friday night, the Turkey Hill school house, in Jordan township, was burned down. The teacher and scholars had quite a number of books burned. It is supposed that the fire was accidental. The building was an old one, and was the place for holding the elections of that township.

MONEY TAKEN .- Last Saturday a \$10 bank note was taken from the money drawer of Richard Mossop's store, in this borough, by a young man, who was lolling on the counter, and took advantage of the momentary absence of Mr. Mossop and his clerk in another room. The money, with the exception of 53 cents, was afterwards recovered. We withhold the name of the young man in the hope that he will do better in future.

During the past week or two, a large number of wagons, loaded with grain from Centre county, visited our town. The grain is sold to, or left on commission with persons owning mills here, to be manufactured into flour and retailed in the neighborhood. In this way, large sums of money are annually carried out of our county, which could all be kept at home If more persons would engage in farming, and the soil were tilled in a proper manner.

The Woodward and Beccaria Teachers' Association held an interesting meeting at Janesville on the 28th January. A number of questions were discussed, several essays read, and an exercise in reading had; W. H. Connell receiving a diploma for being the best reader. Resolutions, complimenting Rev. Jas. Dickcon as a warm and untiring friend of the cause of education, were passed. After the adoption of sundry unimportant motions, it was resolved that the Association meet in Glen Hope on Saturday the 25th Feb., at 11 P. M. Adjourned with prayer by Rev. T. Van Scoyoc.

A young man, Charles McClossin, an employee of Thos. G. Snyder, of Morris township, whilst chopping logs recently, cut his foot. The wound was not large, consequently he paid but little attention to it, and was at work in a few days. It inflamed and became so painful that Mr. Snyder thought best to have him removed from the "camp" to his at over \$250,000. house. Dr. Campbell was called in to see him, and found that the wound had taken in "erysipilatrus inflammation." He suffered very much for several days, but under proper treatment he is fast recovering, and is now able to walk about again.

We last week made mention of an accident that should have occurred at Robertson's log job, on Little Clearfield creek. We have since learned that it happened on McCann's logging ground, on the 25th January, and that the man's name is McKelsey. Whilst he was engaged barking a log, one of his hands was similarly engaged at another on the hill-side above him. When the latter turned his log over on the peeled side, it slid rapidly down the hill, struck the one Mr. McKelsey was working at, and knocking it against a tree close by, caught the legs of the latter between the tree and log, breaking one and badly bruising the other. He is now doing well.

MELANCHOLY AFFAIR .- On last Saturday, one of the most melancholy affairs that we have ever been called upon to record, occurred in the Borough of Curwensville, this county. Alonzo Ross, aged about 25 years, son of Thos. Ross, Esq., committed suicide, the particulars of which are as follows:-The young man has been in delicate health for a couple years. Last week he became so far reduced that his friends gave up all hopes of his rebe prolonged another week. He was weak and confined, we believe, to his bed. On Saturday morning he talked about shaving and going to a Baptist meeting to be held in the afternoon. About noon, during a brief absence of the family, except a small brother, from the room, he jumped out of bed, and concentrating all his energies in the effort, ran across the apartment, through another, entered a small room, where his father kept his surveying instruments, shaving tools, &c., and the door of got out the shaving cup and brush, sat down shave, and in that position cut his throat with dow, but are badly burned. the razor. All this was done in a few seconds, before his younger brother could give the alarm or prevent it. There is no doubt that the rash act was committed on the impulse of the moment, whilst in a state of sudden mental aberration. He was an estimable young man,

Accident .- An elderly lady, well and familiarly known as "Aunt Sallie Reed," of Lawrence township, three weeks since, in stepping from a sled, accidentally dislocated one of An election for Managers of the Philipsburg her thigh joints and otherwise injured herself.

ANOTHER .- Last Friday, Mr. Wm. S. Daniels, whilst engaged in moving a timber stick Co. has been removed to the office lately oc- on the opposite side of the river, just below town, had one of his legs badly bruised, by the stick suddenly slipping back and catching his limb between it and another stick of timber. He is able to be about again.

> A knight of the birch, who holds sway in a school-house somewhere not a thousand miles from the Moshannon creek, it is said, delivered himself, before a debating society, in speaking of the beauties of nature, of the following, brilliant sentence :- "How pleasant to the eye, and how beautiful to behold, the rainbow and them other insects !" A bright youth, that.

A MAGICIAN IN TROUBLE .- For a few months past, a young looking man, with light hair, blueish eyes, florid complexion, and of slender form, calling himself William Davidson, has been amusing, if not astonishing, the good people of Bradford township, this county, with divers wonderful feats of legerdemain, causing cards to change their color by a mere puff of his breath, and making a number of magic | Buckwheat " iron rings cut all sorts of imaginable pranks Potatoes, " in the bar-room of the "Red Lion Hotel," kept by Howard Merrell, some 4 miles east of this Coffee, place, he displayed his remarkable "gift" in a most extraordinary manner. Mr. Merrell, it seems, had put two \$5 bills on the Cecil Bank in a letter, and placed the letter in a drawer. under lock and key. Shortly after, Mr. Merrell discovered that the \$10 were gone, and he alleges that Signor Davidson, by a "presto! quick change" operation, transerred the money from the letter in the drawer to his own pocket. About the same time, the Signor, by a dexterous manipulating process, succeeded in placing the names of Daniel and Wm. Graham, of Bradford township, to an order on Richard Mossop of our town, for an unlimited amount of goods, which they would see paid, and on

Tuesday procured a coat, pantaloons, shirt, &c., on this order. Such performances as these may seem all right and proper to gentlemen who are in the magic and slight-of-hand profession, but our friends Merrell and Mossop thought differently, and hence on Wednesday they dispatched officer Shunkweiler in pursuit of Signor Davidson, who just then had urned up missing. The officer, accompanied by Mr. Merrell, after diverging to the Sinnemahoning and returning to the Eric pike at Luthersburg, heard that the fugitive was some miles in advance, going in a westerly direction. The parsuing party, pushing on as rapidly as possible, overtook him at Baum's, about 7 miles this side of Brookville, apprehended and brought him back to Clearfield, and after a hearing before Esquire Frank, he was committed to jail to await trial at court, unless he manages, by an exercise of his peculiar powers, to free himself from "durance vile,"

The closing Years of Life are often rendered wretched by ailments which are trifling in themselves and easily cured if taken in time. Affection of the liver, stomach, and other organs concerned in digestion, are the most frequent. They naturally make the sufferer nervous, irritable and complaining, and relatives and friends are forced to bear the brunt of their ill humor. The use of Hostetter's Celebrated Stomach Bitters will prove an efficient remedy for this evil. it will not only strengthen the whole physical organization, but entirely cure the most obstinate cases of Indigestion, Diarrhea. Dysentery, and Liver complaint. The first physicians in the country are loud in their praise of this preparation. Another recommendation of the Bitters is that it is so palatable to the taste that it may be used even as a beverage. Sold by all druggists.

HOSTETTER'S STOMACH BITTERS.
It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pur-sue is certainly that which will produce a natural TA great deal of spurious money is said state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, ena-

ble the system to triumph over disease. For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or Bilious complaints, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentary, Cholic, Cholera Morbus, &c., these Bitters have no equal.

Diarrhea, dysentery or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia. a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great pre-

paration in the scale of medical science. Fever and Ague.-This trying and provoking disease, which fixes its relentless grasp on the body of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitelected, and a Slave Code for the Territories | ters are used as per directions.
