THE RAFTSMAN'S JOURNAL,

THE JOURNAL.

CLEARFIELD, PA., MARCH 7, 1860.

We direct attention to the advertisement of Mr. Womrath, of Philadelphia, dealer in Otter, Coon, Fox and other furs.

The weather has been warm and spring-like in this region for several days. During the past night and this morning it has been raining rapidly. The water in the river is up to a good rafting stage.

DR. A. M. HILLS, desires us to say that he will be in his office in Clearfield, most of the time from the 1st of March till after the June court ; after which time, he expects to be absent for several months. Persons desiring his services will do well to call on him before that time. The Doctor has improved facilities for putting up work, and does it in such a neat and durable manner, that he has obtained a deservedly high reputation as a Dentist among m74t. those for whom he has operated.

NARROW ESCAPE .- Last Thursday, whilst a son of Mr. Edward Williams, of Bradford township, was engaged, with several others, "rafting-in" at Graham's rafting ground, a large stick of timber was accidentally rolled down the beach. All started to hurry out of the way, but young Williams tripped and fell, and before he could recover, the stick rolled, from heels to head, over him, pressing his face into the sand ; yet, strange to say, he was but slightly injured, and complained only of a prickly sensation in one of his thighs.

FATAL ACCIDENT .- On last Thursday, a man named Anspach, from Clarion county, who was engaged at Harrison Miller's log job on Clearfield creek, in Knox township, this county, met with an accident which cost him his life. A tree that he cut down, fell against a dead tree, which broke off and striking Mr. A. on the back, knocked him down, and his forehead coming in contact with a spruce pole, it was mashed in, causing death in about eight hours after. He leaves a wife and two children in Clarion county, to mourn his sad fate.

RAFTING .- During the latter part of the past week the waters of the Susquehanna and tributaries rose to a good rafting stage, and soon the banks of the streams presented a scene of activity that sent a thrill of gladness to every heart, for here all-high and low, rich and poor-are, directly or indirectly, interested in the lumber trade. On Monday and Tuesday a the country owes it to Mr. D. to elect him to large number of rafts started "down the rivea," and in a few days our friends at Lock Haven, Harrisburg, Middletown, Marietta, Columbia and other points along the Susquehanns, will be visited by the hardy raftsmen of this region, who spread life and animation wherever they go. The stock of lumber is large, but we do not think that it will be more than equal to the demand, and from what we have learned we are induced to believe that prices will be remunerative. We hope these anticipations will be realized, and that our lumbermen, who have suffered severely by the depressed state of the trade for the past three or four years, will once more receive such en- one of the exercises of School or not. couragement as their business demands.

ATEST NEWS FROM HARPER'S FERRY .- Brown, the leader of the Insurrection, found guilty of Murder and Treason in the First degree .- The above named 'insurrection' caused a great deal of gas to be let off by leading politicians and the political press of this great country, and in fact, the majority of the people of all parties, were more or less excited on reading the first account of the insurrection-some of the papers trying to make political capital out of the affair and others making light of the matter. But if it had been an Italian strike for Freedom against their lawful sovereign. led on by Mazzinni or Garibaldi, the Press of this country, with but one exception, would call meetings and pass resolutions and solicit subscriptions to aid them in their so called patriotic work ; but amidst all this inconsistency there is one man that is not the least interested in the fate of Brown or his companions, and that one is Frank Short of the Short Shoe Shop on Second street, where he will be found at all times ready and willing to wait upon persons calling on him for anything in the Boot, Shoe or Gaiter line. Thankful for past favors he only asks a continuance of the same, and will sell as cheap for each or hides as any other man in the county November 9, 1859. FRANKSHORT. HOSTETTER'S STOMACH BITTERS. It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true course to pur-sue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has in-troduced to this country a preparation bearing his name, which is not a new medicine. but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or Bilious complaints, arising from a morbid inaction of the Stomach or Bowels, producingCramps, Dysentary, Cholic, Chol era Morbus, &c., these Bitters have ng equal.

Diarrhœa, dysentery or flux, so generally con tracted by new settlers, and caused principally by the change of water and diet, will be speedily reg ulated by a brief use of this preparation. Dysper sia, a disease which is probably more prevalent in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE .- This trying and provoking disease, which fixes its relentless grasp on the bo dy of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nausea nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healty digestion, and the complaint is reme ved as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled consitution and infirm body these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mo-ther's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostet-ter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all ca-ses of debility, and, before to doing, should ask their physician, who, if he is acquainted with the virtue of the Stomach Bitters, will recommend their use in all cases of weakness.
