

We direct attention to the advertisement of Robert Lloyd, Dealer in Flour, Bacon, Groceries, &c., Philipsburg, Pa.

Those of our subscribers who intend "moving" this Spring, will please notify us of the change in their different residences, so that we may be enabled to forward their papers to the proper places.

In JAIL.—On last Friday, a man named Thos. Hamilton got on a big spree, which resulted in his getting put to jail for 24 hours and fined \$5 and costs. We hope this will have the effect of keeping him sober when he comes to our town hereafter.

SPECIAL NOTICE.—Wm. Feath, Esq., at New Washington, is authorized to receive and receipt for monies due this office. We have placed a number of accounts in his hands for collection. We trust those interested will attend to them as soon as possible.

THE RIVER.—The water in the Susquehanna at this place is much too low for lumbering. On Monday a drizzly rain fell, but, the atmosphere growing cold during the succeeding night, and considerable wind prevailing yesterday, it had but little effect on the River.

COURT.—This is the week for the holding of the March Term of our Courts; but as no Jurors were summoned, and the President Judge was not to be present, the attendance has been slim. Such business as can be transacted by the Associate Judges, is being attended to.

We experienced a slight touch of an equinoctial storm yesterday afternoon, in this region. The wind blew hard for a short time, and the air was filled with snow; but it soon passed over, without doing any damage. This morning it is winterlike, the ground being frozen and white with snow.

DEAD.—We regret to learn that Mr. Greenwood Eaton, who, whilst working on Ames' log job in Morrisport, was severely injured on the 20th inst., and had his leg amputated below the knee, has since died. He was in a fair way of recovering, when erysipelas attacked the injured limb, baffling prompt and skillful attention, and causing death a few days since.

LOG JAMS.—Returns have been made this week by constables that the navigation of Clearfield Creek is obstructed at the bridge two miles east of town and above the Ring-gold mill in Lawrence township, and above Best's dam in Beccaria township, by log jams. At the latter place, the jam extends a distance of from three to five miles. There was a jam in Halston's dam, about a mile and a half in length, and there were small jams at other points. In consequence of these obstructions, but few rafts have been run out of the Creek, and it is doubtful whether those above these jams will get out at all this season.

ADORN YOUR YARDS AND GARDENS.—As the season for garden making and transplanting is near at hand, we take occasion to impress upon the minds of our readers, whether they own a patch of ground not more than forty feet square, or a dozen of acres, the importance of providing themselves with trees, shrubs and plants. The value of a few fruit trees in a yard, and the beauty which they add, is a consideration not to be overlooked. Fruit trees and berries, especially, aside from the pleasure derived in their cultivation and the adornment which they throw around the house, are often the source of much profit. Strawberries, raspberries, gooseberries and the like, produce largely, and are not required for the consumption of the household, always find a ready market at high prices. A grape vine, properly trained, will occupy but a few feet of ground, and yet produce a fair quantity of fruit. So, too, of blackberries, an excellent fruit, easily cultivated and very prolific. Of this species, the Lawton is the most famous, being large-plump and hard, and of a rich flavor, while it yields immensely, a single stalk often yielding nearly a peck of fruit.

Persons desiring his services will do well to call on him before that time. The Doctor has improved facilities for putting up work, and does it in such a neat and durable manner, that he has obtained a deservedly high reputation as a Dentist among those for whom he has operated.

CLIPPINGS AND SCRIBBLINGS.

Exciting—the foot-race on Monday. In a bad fix—the man who held the stakes. Got juggled—the fellow who boasted of his strength, and then "treed."

All the go-alligator shoes, in Louisiana. They are made out of alligator hides. Died—on the 14th, in Philadelphia, Hon. L. C. Levin, a well known Native American.

Had a knock-down—a couple log-floaters, one day last week, on Front street. Bad whiskey got up the fight. Commenced again—the rush to the gold diggings at Pike's Peak. Mining prospects are said to be never so bright.

It is thought at Washington city that Spain intends to interfere in Mexican affairs in favor of the Miramon party. A resolution to adjourn sine die on the third day of April, has passed both branches of the Pennsylvania Legislature.

There are now nearly 150 temperance societies in Norway, and drunkards are rapidly disappearing from that country. Garrison's Liberator, the organ of the ultra Abolitionists, has an article denouncing the late speech of Senator Seward.

A bachelor of our acquaintance, who has a very pretty sister, recently wrote to another equally fortunate, "please exchange." Victorious—the Republicans, in New Hampshire. They have elected Ichabod Goodwin as Governor by nearly 5,000 majority.

Pious—the old lady who objected to giving her son a collegiate education, on learning that "profane history" was one of the studies. A Douglas paper tells us that the Little Giant is a "fixed fact." Well, so are Jackasses, on the score that "facts are stubborn things."

Beauties—the two white male bipeds who took part in the nigger dance, the other night. They doubtless "love darkness" rather than light. A young lady who had lost or mistook her bean, was advised to hang up her fiddle. She said the advice did great violence to her heart-strings.

Mr. Buchanan may talk as he will about manifest destiny, but we never knew any man or thing whose destiny was more manifest than his. A vendor of medicines in London bears the ominous name of "Churchyard." A wag one day stepped in and inquired if the section was at home.

If the Republicans go Se-ward in the approaching canvass they will probably have to fish without Bats, says some punster, to the public unwhim. Lord Ward, Earl of Dudley, has an income from coal mines of about two millions of dollars annually, and yet he can hardly make both ends meet.

Lamb once said to a brother whist player, Martin Burney, whose hands were none of the cleanest, "Martin, if dirt was trump, what a hand you would have." In demand—"starch" tea and handkerchiefs, the recent sudden changes in the weather having given many persons "bad cold in the head." Every body says that.

A bill to license gambling is before the Legislature of Louisiana. The New Orleans papers censure it strongly. It is to be hoped that the measure will be defeated. In a church in Norfolk, Va., on Sunday the 11th inst., a loaded pistol in the pocket of a boy went off, penetrating the leg of a boy, named Henry Brown, just below the knee.

Four hundred years have elapsed since the discovery of printing, yet books are not in circulation over half the globe; while the use of tobacco became universal within fifty years of its discovery. The execution of Stevens and Hazlett, the last of the Harper's Ferry insurrectionists, took place last Friday at Charleston, witnessed by a large concourse of people. They appeared resigned to their fate.

Among the late California items is a statement that Col. Fremont is sending down from his mills to San Francisco, "a chunk of gold about the size of a Philadelphia brick, every week." How large that? The Legislature of Texas has passed a bill granting five leagues of land to all institutions of learning worth \$70,000, for the purpose of endowing professorships. Also, four leagues to each county for common schools.

A word to the boy who expects to be President of the United States in A. D. 1900—refuse all instruction concerning the points of the compass, since it is absolutely necessary that you should know no North, no South, no East, no West! The latest information from Mexico states that there were three American war vessels before Vera Cruz, and that all non-combatants had left the city. The Havana expedition had been declared piratical by the Juarez Government.

Major Robinson, a solo flier, one day recently furnished the martial strains for two military companies in Dayton, Ohio. It was estimated that they walked five miles, and were out one hour and a half, during which time the Major never ceased playing. The hotel keepers of Charleston want to make a nice thing out of the Democratic National Convention. They have concluded to bleed the delegates to the tune of \$7 per day for board. This is not well relished by those interested, and there is talk of changing from there to Baltimore.

The Paris correspondent of the Courier des Etats Unis says that when the Grand Duke of Tuscany came to Paris last year, he not only begged Louis Napoleon to restore Tuscany to him, but went on his knees and accompanied prayer with tears and lamentations. His name should be changed to the Duke of Waukegan.

In order to avoid the skinning operation through which the chivalric people of Charleston, S. C., contemplate putting the delegates to the National Democratic Convention, some "cute Yankees" are talking of chartering a vessel to carry them down, and to remain and board them during their stay. The idea is a good one, for, as they are bound to go up Salt River, this fall, they will be that far on their way, and can doubtless secure the vessel for the remainder of the trip at a small advance.

CHILLS AND FEVER! CHILLS AND FEVER!—One of the greatest remedies that has ever been laid before the public, for Fever and Ague, and which have received the highest encomiums from the press and the people, is Dr. J. Hostetter's Celebrated Bitters. Who would endure the tortures arising from this terrible disease, when it can be so easily cured? Who would endure sleepless nights, burning fevers and icy chills alternately, when a remedy can be obtained for a mere trifle? And yet how many families suffer out a painful existence under the deadly blight, and do nothing but gulp down quinine, until it becomes as common as their daily meals, and yet they are not relieved. None but the foolish and weak would hesitate to procure these valuable Bitters, and save themselves intense agony. Sold by druggists and dealers generally everywhere. See advertisement in another column.
