Addresses were delivered by Hon. Geo. R. Barret, Elisha Fenton, the President and others. On motion, it was then

Resolved, That the Executive Committee be authorized to make the necessary arrangements for holding the first fair of said society this fall.

After which a number of names were handed in for membership.

The meeting was well attended and a good interest in the cause was felt by all.

ARABIAN HORSES .- The Arabian horses are divided into two great branches; the Kudischi, whose descent is unknown ; and the Kochlani, of whom a written genealogy has been kept for 2000 years. These last are reserved for riding solely; they are highly esteemed, and consequently very dear. They are said to derive their origin from King Solomon's studs ; however this may be, they are fit to bear the greatest fatigues, and can pass whole days without food. They are also said to show uncommon courage against an enemy ; it is even asserted that when a horse of this race finds himself wounded, and unable to bear his rider much longer, he retires from the fray, and conveys him to a place of security. If the rider falls upon the ground, his horse remains beside him, and neighs until assistance is brought. The Kochlani are neither large nor handsome, but amazingly swift; the whole race is divided into several families, each of which has its proper name. Some of these have a higher reputation than others, on account of their more ancient and uncontaminated nobility .-Niebuhy.

**HOSTETTER'S STOMACH BITTERS.** It is a fact that, at some period, every mem-ber of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be able so to regulate the system as to secure permanent health. In order to accomplish this desired object, the true rourse to pur-sue is certainly that which will produce a natural state of things at the least hazard of vital strength and life. For this purpose, Dr. Hostetter has introduced to this country a preparation bearing his name, which is not a new medicine, but one that has been tried for years, giving satisfaction to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease. For the cure of Dyspepsia, Indigestion, Nausca, Flatulency, Loss of Appetite, or Bilious complaints, arising from a morbid inaction of the Stomach or Bowels, producingCramps, Dysentary, Cholic, Cholera Morbus, &c., these Bitters have no equal. Diarrhœa, dysentery or flux, so generally con tracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspep SPRING GOODS. sia, a disease which is probably more prevalent, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bit-ters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which

have tended to prove the value of this great preparation in the scale of medical science. FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the bo dy of man, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTER'S. the lowest prices. Further, none of the above-stated diseases can b contracted, even in exposed situations, if the Bitters are used as per directions. And as they nei-ther create nausea nor offend the palate, and render unnecessary any change of diet or interrup-tion of ordinary pursuits, but promote sound sleep Clearfield and surrounding vicinity, that they and healty digestion, and the complaint is remo have recently purchased in the Eastern cities a large and well selected stock of seasonable Goods, ved as speedily as is consistent with the production of a thorough and permanent cure. which they have opened in the well-known Room on Market street, Clearfield, (formerly occupied by For Persons in Advanced Years, who are suffer-

ing from an enfeebled consitution and infirm body. these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by all means try this remedy for all ca-ses of debility, and, before : o doing, should ask their physician, who, if he is acquainted with the virtue of the Stomach Bitters, will recommend their use in all cases of weakness.

Caution .- We caution the public against using any of the many imitations or counterfeifs, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle. and stamped on the metallic cap covering the cork. and observe that our autograph signature is on the label. ATEST NEWS FROM HARPER FERRY .- Brown, the leader of the Insur rection, found guilty of Murder and Treason in the First degree.-The above named insurrection caused a great deal of gas to be let off by leading politicians and the political press of this great country, and in fact, the majority of the people of all parties, were more or less excited on reading the first account of the insurrection-some of the papers trying to make political capital out of the affair and others making light of the matter. But

if it had been an Italian strike for Freedom a gainst their lawful sovereign, led on by Mazzinni or Garibaldi, the Press of this country, with but one exception, would call meetings and pass resolutions and solicit subscriptions to aid them in their so called patriotic work; but amidst all this inconsistency there is one man that is not the least interested in the fate of Brown or his companions, and that one is Frank Short of the Short Shoe Shop on Second street, where he will be found at all times ready and willing to wait upon persons calling on him for anything in the Boot. Shoe or Gaiter line. Thankful for past favors he only asks a continuance of the same, and will sell as cheap for eash or hides as any other man in the county November 9, 1859.
