A MEETING, for the parpose of organizing a Lincoln & Curtin Club, will be held in the Town Hall this (Wednesday) evening at 8 o'clock.

TALL OATS .- James Forrest, Esq., of Clearfield Bridge, sent us some specimens of tall oats. They measure 5 feet 8 inches in length -the heads 14 inches.

Dn. A. M. HILLS desires to notify his friends and patrons in the vicinity of New Washington that he will visit that place on the week commencing 30th July. All persons desiring his services as a Dentist, will please call early in the week, so that arrangements may be made to accommodate all.

FIRE-ALMOST .- On yesterday afternoon, the house on Judge Shaw's farm across the River, occupied by John Reed, took fire between the kitchen and main building, but the devouring element was fortunately extinguished before much damage was done. It is supposed that sparks from a fire in the outbuilding were blown into the crevice and fanned into a flame by the wind.

OIL SPRING .- We learn that the surface of the water in a spring on the farm of Titus H. Bailey, in Bloom township, is covered with an oily substance, and they there are other indications of oil deposits in the immediate neigh- rugged for honesty, and too dark for science. boghood. Mr. Baily should at once go to work and have the proper examinations made to ascertain whether oil does exist there in any considerable quantity. Should it turn out favorable it will be of immense advantage to him.

BRILLIANT METEOR .- Last Friday evening about 9 o'clock, a brilliant meteor passed "athwart the airy vault," from the north-west to to the south-east. It resembled much an immense sky-rocket, and illuminated the heavens and the earth in a magnificent manner. It pressed many with the wonderful economy of throats and fled. nature, there were persons, here and there, whose superstitious notions 'led them to think that there was to be a general smash-up of all things sublunary.

EVERY SUMMER the demand for Hostetter's Celebrated Stomach Bitters increases. Innumera-ble persons, who are now alive and well, must thank the discoverer of this preparation that they have not been swept away, in the harvest of death. ATEST NEWS FROM HARPER'S FERRY .- Brown, the leader of the Insurrection, found guilty of Murder and Treason in the First degree .- The above named 'insurrection'

politicians and the political press of this great country, and in fact the majority of the people of all parties, were more or less excited on reading the first account of the insurrection-some of the papers trying to make political capital out of the iffair and others making light of the matter. But if it had been an Italian strike for Freedom against their lawful sovereigh, led on by Mazzinni or Garibaldi, the Press of this country, with but one exception, would call meetings and pass resolutions and solicit subscriptions to aid them in their so called patriotic work ; but amidst all this inconsistency there is one man that is not the least interested in the fate of Brown or his companions, and that one is Frank Short of the Short Shoe all times ready and willing to wait upon persons calling on him for anything in the Boot, Shoe or Gaiter line. Thankful for past favors he only asks a continuance of the same, and will sell as cheap for cash or hides as any other man in the county. November 9, 1859.
