CLEARFIELD, PA., AUG. 8, 1860.

FOR PRESIDENT.

HON. ABRAHAM LINCOLN.

FOR VICE PRESIDENT.

HON. HANNIBAL HAMLIN.

FOR GOVERNOR.

HON. ANDREW G. CURTIN, of Centre Co.

OUR COUNTY CONVENTION.

The People's County Convention, which assembled in this place last Friday, was one of the largest and most respectable gatherings of the kind that has ever convened in Clearfield. The proceedings were marked throughout by great unanimity, harmony and enthusiasm. The position taken by the Convention, in regard to National and State candidates, is plain and unequivocal. Anything short of a free and full endorsement of Lincoln, Hamlin, and Curtin, would have been moral cowardice, and would, beyond all doubt, have operated against the whole ticket. There is no call, no excuse for temporizing;—we must pursue an open, straightforward, fearless, unmistakable course, we must let the people know where we stand and who we are for, if we expect to gain their confidence and ensure the permanency of our party. The candidates put forth by the Convention are men of strict integrity and irreproachable character. Gen. John Patton, the choice of the Convention for Congress, is active, energetic, and reliable, one of the best business men our country affords, and if nominated to-day at Ridgway, his election may be regarded as certain. Isaac G. Gordon and Michael A. Frank are both well known to our citizens as being worthy and well qualified for the position of Representatives in the State Legislature. The conference will perform a good work by nominating them. Alexander Murray, of Girard, the candidate for Commissioner, is a man of good moral character, unquestionable honesty, and well fitted for the post for which he is named. Ellis Irwin, the nominee for Auditor, is too well known to the people of this county to require any special commendation at our hands. His superior business qualifications render him eminently fit for that position. We think the Convention was peculiarly fortunate in the selection of candidates, and it would be a much more propitious event for the county should they be elected on the second Tuesday of October. If the masses understand their own interests, they will not fail to see that they are.

DOUGLAS MEETING.—The Douglas meeting held at Curwensville last Saturday evening, drew together several hundred people. John McNaull was selected as President; John M. Cummings, Joseph Moore, Patrick Rafferty, Hugh Orr, Jacob Bilger, Abraham P. Bloom, James H. Flemming, Jacob Hoover, John Smith, Sr., Maj. James Bloom, Wm. W. Worrell and Hon. Wm. L. Moore were named as Vice Presidents; and Wm. R. Hartshorn, Walter Barrett, Jefferson Gates, and James L. Morgan as Secretaries. D. Courtney Dale, Abram Gates, Daniel Faust, Wm. J. Hemphill, David S. Flemming, Maj. J. B. Helsey, Dr. H. P. Thompson, John H. Hillburn, John McMahon, A. Irvin Thompson, James Dougherty, Jr., and T. Behan were appointed a committee on resolutions, and reported a series, in which they claim that Douglas and Johnson are the regular Democratic nominees, read the Breckinridge men out of the party, disapprove of the suggestion of the Democratic State Committee for a fusion electoral ticket, and denounce the course of the Clearfield Republican for its vindictiveness towards the friends of Douglas whilst having his name floating at its mast-head with that of Breckinridge. Ira C. Mitchell, Esq., of Bellefonte, and L. J. Crans, Esq., of this place, made speeches, in which no little acerbity was displayed towards the Breckinridge wing of the party. One of the transparencies had on it as a motto—"No Fusion with Traitors." This transparency, and one of the flags, it is reported, were late in the night captured by the enemy, and it is fair to presume, will be regarded as rare trophies. Upon the whole, the meeting was a rather spicy affair, and well calculated to keep up the "irrepressible conflict" amongst the Democracy of Clearfield county.

THE ELECTORAL VOTE.—The several States are entitled to electoral votes in 1860 as follows:

Maine,	3	Delaware,	3

Before proceeding to the selection of Candidates, Mr. John L. Allison, of Burnside, offered the following resolutions, which were discussed and adopted:—

Resolved, That in Abraham Lincoln and Hannibal Hamlin, the nominees of the Chicago Convention for President and Vice President, we recognize men of Liberal and Comprehensive views, having at heart the integrity and maintenance of the Union and the Constitution, the spread of Free principles, the Protection of American Industry, and reform in the affairs of government. Regarding them in this light, we cheerfully endorse their nomination, and ask all patriotic and well-meaning citizens to aid us in their election.

Resolved, That in Andrew G. Curtin, our talented nominee for Governor, we have a man well worthy of the support of every true Pennsylvanian; that his integrity and feelings are truly devoted to this good old Commonwealth, and that his election to the office of Governor would reflect credit to the party and be greatly to the advantage of the State.

Resolved, That the course of Hon. Chapin Hall, our Representative in Congress; and that of Isaac G. Gordon, Esq., our Representative in the State Legislature, deserve our hearty approval.

Resolved, That Wm. McBride, Joseph B. McNaull and S. B. Row be and are hereby chosen as Congressional Candidates; and Geo. W. Rheem, A. G. Hoyt and Isaac S. Shrey, as Representative Candidates, with power to appoint substitutes; and they are requested to use all fair and honorable means to secure the nomination of the candidates of this Convention for Congress and Assembly.

The President announcing that the nomination of candidates would be next in order:—

Gen. John Patton was nominated by acclamation as the choice of Clearfield for Congress.

Nominations for Assembly being declared next in order,

D. J. Cathcart nominated M. A. Frank, John Davis " J. P. Nelson, Joseph Peters " Samuel Sebring, Samuel Richards " I. G. Gordon.

Before proceeding to ballot, Isaac G. Gordon was on motion nominated by acclamation as one of the candidates for Assembly, after which a ballot was taken for the other candidates, which resulted as follows:—

Michael A. Frank had 750 votes, Samuel Sebring " 282, James P. Nelson " 55.

Mr. Frank having received a majority of all votes cast was declared nominated.

On motion of Wm. McBride the nomination was made unanimous.

For Commissioner, S. B. Row nominated Alex. Murray, Wm. Ten Eyck " Simon Thompson, T. G. Snyder " George Leech, Samuel Richards " David Adams, Luther Barrett " Wm. Williams.

George Leech " 221, David Adams " 93.

The names of Messrs. Adams, Leech, Williams and Thompson being withdrawn, Alexander Murray, of Girard township, was nominated by acclamation.

On motion, the President appointed a Committee of three, consisting of S. B. Row, Thomas G. Snyder and James B. Graham, to wait on Capt. W. W. Wise, of Brookville, and solicit him to address a meeting at 6½ o'clock in front of the Journal building.

Convention adjourned.

At 6½ o'clock, a large concourse of people having collected at the place designated, Thomas G. Snyder, Esq., introduced Capt. Wise, who delivered a masterly speech on the position of parties, showing the errors and inconsistencies of the views advocated by the two wings of the Democracy, and defining that of the Republican party. We have not room to give an abstract of the speech, but as we have heard Mr. Wise misinterpreted on one point, we will state that, whilst advocating opposition to the extension of slavery into the Territories, he at the same time opposed interference in any way with the institution in the States wherein it exists. This is his position, and any other that may be attributed to him in this particular is false.

The concourse of people in attendance at the Convention was much larger than we expected to see at this season of the year and the best of feeling and harmony prevailed. All were pleased with the result, and every one went home with a determination to work zealously for the nominees.

The Curwensville Brass Band, under the leadership of Mr. Sykes, preceded a large delegation from that vicinity, and enlivened the proceedings greatly. The band performs admirably, and the members are gentlemanly and courteous in the conduct.

THE TROUBLES IN SYRIA.

The American board have nine missionary stations in Syria, nine out stations, eleven divisions, and a priest, thirteen female assistant missionaries, three native preachers, thirty six teachers, and other native helpers. All, or nearly all, of these missionaries were gathered at Beirut, at last accounts, having left their stations for a place of greater safety; and as Beirut is now the rendezvous of a large European naval force, no fears need be entertained for their safety. The Presbyterians also have missions in that country. The last news from Damascus of the massacre of five hundred Christians is given without date, but it doubtless occurred soon after the 23d of June. Hasbiya, the place blotted out of existence by the bloody Druses, constituted with Sidon one half of the mission in extent and population, and also in the number of churches and church members in attendance upon instruction.

The New York Observer publishes a letter from the Rev. Wm. M. Thompson, Missionary of the American Board in Syria, and author of "The Land and the Book" from which we take the following, which explains the heretofore almost incomprehensible condition of affairs in that country:—

1st. The European governments having adopted Turkey in the general family of nations, consummated their folly by deciding that no interference with her governmental operations was to be allowed. Hence, the Consuls of all nations found themselves paralyzed by positive instructions forbidding them to do anything to arrest this mad and infernal work.

2d. Beirut has been governed for the last few years by an old, talented, but most bigoted Pasha, who has managed to rule the Christians of Kesrawan, of Zahleh, and of Deir el Kamar into a state of semibarbarism against himself, and he has been plotting their destruction for a long time. By increasing the ill-will between all classes, and especially by stirring up the hatred of the Druses towards the Christians, he has now succeeded.

3d. The Christians having been now for so many years without any acknowledged head, found themselves utterly disorganized and unable to resist the with onslaught of their enemies. Except at Zahleh, they have made no real resistance. The whole affair was driven through with startling rapidity. All Lebanon was in a blaze in one day. The Turkish Government everywhere assisted the Druses.

4th. I regard the success of the Druses and its accompanying atrocities as their final and utter destruction as a body. Never again will they rule over Christians. Remember that the scenes of cold-blooded butchery of unarmed men, of women, of priests, monks and nuns, not to speak of confiscations of towns, villages, hamlets, churches, convents, &c., has no parallel in the history of Lebanon. I have this very year read through the entire history of Lebanon, since the Arabs have resided on it, and it contains nothing that can compare with this tremendous tragedy.

5th. There were no European ships-of-war on this coast at the outbreak, and they are just beginning to assemble, but their coming is certain, and non-interference is at an end. The Consuls yesterday received orders all to act in concert to stop the war.

6th. It is expected that Russia and France will act separately from England, Austria and Prussia, and the downfall of the whole Turkish Empire may be looked for. I am slow to blow the trumpet of alarm, but this grand and fearful result is not improbable.

ADVENTURE OF AN ARTIST.—The Sierra (Cal.) Citizen says that Taylor, an artist, went out to sketch the scenery, and, while in the mountains, the battle broke up a holocaust of artistic fancies. Hastening down, he was confronted by a body of retreating Indians, and having turned another way, he was seen and shot at by the whites; turning another course, he was peppered by the regulars, who mistook him for a red skin. The deed of it was to get to camp, each party firing at him on sight. Reaching a high bank, he was again shot at by the Indians, and, leaning down, he dislodged a big stone, which rolled after him, until the rock having blocked up a hollow place, Taylor crawled under and stayed till midnight, when he reached camp, after running the further risk of being shot by the centries.

A COUPLE OF YOUNG 'UNS, reside near the Broad Tree Tunnel on the line of the Baltimore Railroad. They are Henry Church and wife, the former having attained the remarkable age of 109 years, and his blooming wife 102. They have a daughter, also, Miss Nancy, who is 82, and her parents are beginning to think she is old enough to marry, but will not give their consent for a few years yet. Mr. Church does not claim to have seen Washington, or to have fought and died in the Revolution, which is very strange, and takes away a share of his importance.

An immense Douglas ratification meeting was held at Terre Haute, Indiana, on Saturday last. Twenty thousand persons are said to have been present.

PENNSYLVANIA ITEMS.

PREPARED FOR THE RAFTSMAN'S JOURNAL.
CENTRE COUNTY.—A high handed outrage was perpetrated in the vicinity of Rock Forge, by three young men named respectively, John Benner, William Porter and George McAlhatton. The subject of this transaction was a Miss Margaret Parker, of that vicinity, who is a young girl, aged about eighteen years, and engaged in doing house work in the family of a Mr. Glenn. It appears that while she was engaged in doing some odd chores at an unusually late hour, she was met by a certain John Benner, who had been in the employ of Mr. Glenn as a harvest hand. Benner addressed her in a familiar manner, and after she had turned away for the purpose of passing into the house, he seized hold of her rudely to detain her, at which time it is said that Porter and McAlhatton made their appearance. The young woman became alarmed and endeavored to call for assistance, but was prevented from doing so by Benner, who placed his hand on her mouth. It now became evident that the object of the young man was the violation of her person, but the noise occasioned by the scuffle attracted the observation of several persons to the scene of the outrage, when the perpetrators fled. Warrants were immediately issued and placed in the hands of Sheriff McCoy, who arrested them after a weeks absence, at Corsica, Jefferson county, Pa., and brought them to Bellefonte where they are now in jail awaiting their trial.

LANCASTER CO.—The flouring mill of Samuel Rouck, in Lancaster township, was burned on the 28th inst. Abraham, a son of Mr. R., who was sleeping in the mill, perished in the flames. Three thousand bushels of wheat, twelve hundred of corn, seventeen barrels of flour, bags, barrels, &c., were burned. Insurance on building, \$4,000 on contents \$3,800. The mill was set on fire by the friction of the burrs, which were running empty. . . . The Mount Joy Herald contains a brief history of a case of deception the main facts of which are as follows: About three years ago a young lad giving his name as John Marsh, reached Mount Joy, and engaged himself to Mr. L. P. Brady to learn the tin-smithing. He was a fair skinned, fine looking fellow, but after remaining four or five months, left for Highspire, Dauphin county, since he was engaged as a hostler. He was boat driving several years before going to Mount Joy. A few months ago this John Marsh, was taken ill, and in the course of natural events turned out to be a woman, giving birth to a child, much to the astonishment of those with whom he daily associated.

THE DROUGHT IN TEXAS.—Accounts from Texas relative to the drought are very discouraging. The country is entirely dead, and in many places famine is impending. The grand juries of several counties have called meetings in their respective jurisdictions for the purpose of adopting some measures of relief for the poorer classes of citizens. In Panola, Shelby, Rush and other counties whose neighborhoods are without breadstuffs, or the means to buy, and meetings to relieve the general destitution are being held, and also public prayer meetings for rain. Everything is being burnt to a crisp by the scorching rays of the sun. The grass is dead, and the growing of crops is almost impossible, even if they had means to send abroad for it.

AMONG THE NOVELTIES which the scientific world has lately heard of is the invention of an Italian—a Florentine Monk, it is said—who has devoted many years to the study of electricity and telegraphic power. He has some extraordinary inventions which he is attempting to introduce to the Emperor of the French. It is stated that among them is a discovery of the means of transmitting fac similes of hand-writing and manuscripts from station to station, so that a telegram may become a legal document. He can also transmit a likeness by this agency, to be reproduced at the other end of the wire. Proposals have been made to the man of science to come to England.

The Southern Confederacy, a Douglas organ at Atlanta, Ga., thus discourses touching disunion:—"But if the worst does come, if Lincoln is elected, let us with one heart and mind forget the past, and go out of the Union together. If we permit the blacks to come into power, and allow them to govern us, they will, in four short years, inflict a mortal sting upon slavery from which it will never recover. We must not permit it."

Hon. Isaac Hazlehurst, the American candidate for Governor in this State in 1857, was to address a Lincoln, Hamlin and Curtin meeting at Reading, on Monday last. Still they come.

James B. Clay, son of old Harry of the West, has declared against his father's time honored and fast friend, Bell, and goes in for Breckinridge, his father's sworn enemy.
